McKenzie Persists in Asking Questions of Opposing Counsel in Bank Dividend Case

Judge Green arrived in Council Bluffs yesterday morning and will occupy the district court beach for the remainder of this Part of the evidence in the suit of Jacob E. Thrush against Brigham Graybill was heard and then the jury was excused Block, E. L. Crow, A. A. Gutteridge, N. until this morning to allow Judge Green to take up matters that were pending and

had been assigned for yesterday. The first of these matters was the application of Alexander McKenzie to have set aside an order directing the receivers of the Officer & Pusey bank to pay S. H. Cochran the dividend on a certificate of deposit for \$260 made out to McKenzie. McKenzie was arrested in 1900 on a charge of disposing of mortgaged property in Harrison county and alleges that Cochran, who is an attorney at Logan, obtained the certif cate from him under duress and by false representations. On the other hand Cochran asserts that McKenzie assigned the cerlificate to him for payment for attorney's fees amounting to \$150. McKenzle while on the stand proved an unruly witness and persisted when under cross-examination in asking questions of counsel instead of replying to the questions put to him. Hon. A. B. Cummins, republican candidate for governor, who will speak Friday night in the Dohany opera house, will come from Harlan that evening in a special train over the Milwaukee instead of over the Rock Island, as first planned. Chairman Wright of the republican central committee was unable to arrange with the Rock Island for a special train that evening and for a time yesterday it looked as if the meeting would either have to be abandoned or the date changed to Saturday night, provided

the latter would suit Mr. Cummins. When word was received from the Rock Island that it could not arrange for a special train from Harlan Friday evening Alderman Brown and Chairman Wright began negotiations with the Milwaukee, with the Portsmouth, the nearest point on its line to which he will speak at Harlan Friday aft ernoon Mr. Cummins will drive ten miles to Portsmouth, where the special will await

Paving or Gas is the Question.

The ten days within which Contractor Wickham was ordered by the city council to begin the paving of Harrison street will has been made by Wickham to comply with the instructions of the aldermen. Wickham excuses his delay in not beginning the work by the failure of the gas company to lay its mains on that street and at present it looks as if no paving would be done until the property owners themselves decide which they want most, the paving or the gas mains.

The matter was to come before the council Monday night, but as there was no City to lobby for the removal from Tipton quorum it cannot be settled until next Monday unless Mayor Jennings decides to call a special session in the meantime. A numdown practically to Council Bluffs and Mar- ber of Harrison street property owners were at the city hall yesterday urging that Wickham be compelled to begin the paving and it is thought more than likely that the mayor will call a special session of the aldermen, so that the matter can be settled.

(From a Staff Correspondent.) DES MOINES, Oct. 22.-(Special.)-Robert Hufshmidt, whose nomination pa pers as a candidate for representative in Allamakee county were declared to be insufficient, this morning gave notice by his attorney that he would immediately file an amended nomination certificate and ask that his name be placed on the official ballot. This will necessitate the bringing of the matter before the board for a second this afternoon he visited a number of lo- gion. hearing. The official board this afternoon filed a statement of the reasons for refusing the first application, reciting that the board has full power to go back of the certificates and inquire into their legality and setting forth the admitted facts that the certificate was sworn to some time before the nomination was made. There is ome expectation that the notary public before whom the acknowledgments were taken will be prosecuted for illegal conduct in the case. Objection will be made by the opposing cardidate for representative to allowing Hufshmidt's name to go on the ballot at all and the case may be carried into the courts before it is ended

Mrs. Callanan's Will.

The inventory of the estate of the late Mrs. Martha Callanan was filed in the court today and it showed that she left an estate valued at \$35,000, mostly in notes due from her husband and in mining stock She made in her will bequests amounting to \$31,500 for charity alone, besides a number of smaller bequests to relatives and friends. She gave \$20,000 to Tuskegee institute and \$10,000 to the Home for the Aged. The lowa law forbids a testator giving away more than one-fourth of the estate for charity or charitable institutions, hence the bequests will be cut down materially and it is believed the Tuskegee institute will get only \$6,000 and the Home for the Aged \$3,000. Her husband who is rated as a millionaire, has intimated that he will make good the bequest to the Home for the Aged.

Falls Dead on Street.

Mrs. B. Ryan, aged 83 years, dropped dead on the street at East Fifth and Walnut this morning as she was walking along on the way home from church. She was a widow living with the family of William Hall, and had no relatives so far as known. She had been feeble a long time, but insisted on going to church despite advice to the contrary. Her death was almost instantaneous. Captain J. A. T. Hull, member of congress, is improving in health and his physicians now permit him to sit up. He has been ill several days, threatened with typhoid fever, and will be unable to do anyhing in the campaign.

Struck by a Car.

Robert Simington St. John, aged 43 years, was knocked down by a street car today and seriously hurt. The accident occurred car going south. He stepped off the footboard as the car stopped just south of High street, and a northbound car struck him. He was carried to the Higgins drug store, where a doctor found that a big gash was cut in St. John's head. After a few minutes the injured man was taken in the city ambulance to his home at Second and School streets. The result of the injury is uncertain.

Protection for Fish.

The Iowa supreme court has decided that the state fish and game commissioner has no right to take fish from the water of any Iowa stream to be used in stocking private ponds, and hints that it is doubtful if the commissioner has any right to supply private ponds with fish from the state batchery. The case came up in Sac county. Bros., Harris, Mo. where Fred Sears seined ten pickerel from Wall lake to be placed in his own pond for breeding purposes. He had the written permission of the fish commissioner, but he was arrested and convicted of violating the game laws. The court says that inasmuch as the law does not give the fish commissioner the right to take fish from the streams for use in private ponds he could not delegate that authority to another. Hence Sears was properly convicted.

Democrats Short of Funds.

Democrats Short of Funds.

The democratic state committee is short of funds and the chairman and secretary have announced that they will make no dates for speaking unless the members of the party contribute more liberally. The committee had arranged for a number of speeches the last week of the campaign y ex-Governor Stone of Missouri, Champ Clark and others from Missouri and Kansas. These men will not come unless they are paid something, so there will be no speaking campaign by the democrats in Iowa this year. The committee has received barely enough money to keep headquarters open and pay postage on a few circulars sent out.

Railroad Company Incorporated.

The incorporation of the Coast Cypress and Railroad company of Muscatine was completed today by the filing of articles in the office of secretary of state. The capital is \$150,000 and it is organized by William L. Roach, Charles R. Fox. James L. Geisler and William Kaiser. The purpose is to build a railroad from the mills belonging to the incorporators at St. Mark's, Fla., to their timber land in Wakulla and Jefferson counties. Floride. The incorporators are lows men and they own extensive lumber interests in the south and will build the road soon.

County Auditor Not Convicted. County Auditor Welch of Hardin county who has been on trial the past week on charge of neglect to perform his official duty, was not convicted, the jury failing to agree. He was indicted for failure to spread on the records of the county the contract by which the county was to pay a firm of back taxes for making the collections.
