NEW SCHOOL TREASURER. Prolonged illness of Mr. Haverstock makes Legal Steps Necessary. BOARD OF EDUCATION TAKES ACTION. Authorizes President to Bring Suit to Declare Office Vacant—Business Partner Likely to Be Appointed. The prolonged illness of School Treasurer Haverstock has made it necessary for the Board of Education to take steps to have some one appointed in his stead. At a special meeting of the board held last evening to take action in the matter this resolution was adopted: Whereas, W. E. Haverstock, treasurer of this district, was stricken with paralysis of palsy on the 27th day of July, A. D. 1901, and from all information at hand will probably be so incapacitated during the remainder of his term of office, therefore Resolved, That the president be empowered to employ counsel to bring a proper action in the name of the district against J. Albert Harrison, in order to set aside the verdict and granting a new trial. Among these is complaint regarding the admission and rejection of certain evidence; taking from the jury the question of the right of the plaintiff to recover for moneys she is alleged to have expended in payment of the teachers' salaries and other grounds, the principal of which was newly discovered evidence. Several affidavits were filed yesterday, among them being those of counsel for the plaintiff contending that they had no knowledge of the evidence now shown to exist and of John M. Harden, who was struck by the accident occurred was street supervisor of the city. John M. Harden, in his affidavit, after reciting that he was street supervisor in July, 1900, says that he was aware of the dangerous condition of Broadway at the point where the cartway was overturned and that he had called the attention of Alderman Huber, chairman of the committee on streets and alleys, to it and recommended that the thoroughfare be put in repair. He says further that he was aware of the unsafe condition of the street at least two weeks prior to the accident complained of and that in his opinion the street should have been barricaded until repaired and made safe for travel. In the suit of Jacob E. Thrush against Brigham Graybill in the district court, the jury yesterday returned a verdict for the plaintiff in the sum of \$340. Thrush bought some lots in the town of Underwood from Graybill, which later he found to be a strip of 60x200 feet as shown in the recorded plat. At the close of the Thrush-Graybill case a jury was impaneled to try the suit of H. D. Hammit against Samuel I. Albro, city marshal. Hammit sues to recover for the alleged wrongful attachment of some horses under a judgment obtained by C. B. Waite. Light Guards and Bellevue. The game between the Dodge Light guards team and the Bellevue college eleven tomorrow afternoon at the Driving park promises to be a warm specimen of foot ball. The home team has been putting in hard practice and as most of the members are old time players good game is confidently looked for. The Bluffs team will line up as follows: Center, Paul Wickham; right guard, George Robinson; left guard, Sam Greene; right tackle, Shuman Dietrich; left tackle, Sumner Knox; right end, Ed Hutchinson or Albert Stewart; left end, Robert Dalley or Will Richmond; left halfback, Edgar Dyar, captain, or Jack Cunningham; right halfback, Ben Lillies or Howard Cutler; fullback, Elmer Mather; quarterback, R. D. Rutherford; substitutes, Wheeler, Rice, Shugar. The game will be called at 3:30. The motor company will run cars direct to the grounds. The Council Bluffs High school team will go to Sioux City Saturday to play the High school eleven there. Many Should Register, but Don't. Thursday was the first day for registration for the November election and reports from the various precincts in the city show that comparatively few names were added to the lists, the average being fifteen in each precinct. The total registration last year showed 5,483 names, but of this number only 5,182 voted, leaving 301 voters who did not register. The Council Bluffs must register this year if they would cast their ballots on November 5. Chairman Harry Brown of the republican city central committee has just had a thorough poll of the city completed and the returns show the increase of voters since his last election is considerably above the average and indicate that a large number of voters will have to register. Both the city and county central committee chairs are making every effort to get every voter registered. The registrars will sit again today, from 8 a. m. to 9 p. m., and on Saturday, November 2. Death of C. F. Pratt. United States Senator J. P. Dolliver and his brother, Victor R. Dolliver, died Wednesday night in Council Bluffs, arriving in the city on a late train from Kiron, where they spoke at one of the largest and most enthusiastic political gatherings ever held in Crawford county. Senator Dolliver's arrival was entirely unexpected and unannounced and owing to the lateness of the hour there were but few to greet him at the Grand hotel. The senator and his brother left shortly after breakfast yesterday morning for Malvern. Gravel road, A. H. Road, 541 Broadway. Says Josie Took His Parole. Josie Marshall, alias Hulbert, was arrested last night on an information filed in Justice Bryant's court by Frank Gumm, who charges her with stealing from him his pocketbook containing \$11.20. According to Gumm, who is a gray-haired old man, he and Josie were having a glass of beer together at his home when Josie put something in his glass which made him drowsy. While in this condition, Gumm allowed Josie to relieve him of his pocketbook and left the house. Davis sells glass. Places Socialist Third. A. W. Ricker of Iowa City, state organizer of the socialist party, who recently was in this city and delivered a curbstone address, is quoted as having made this statement in Des Moines regarding the present campaign: "I have been in most of the state during the campaign and I have seen nowhere any evidence of a democratic campaign, excepting in those counties where the democrats think they have a show. They are making no campaign in any of the republican counties, but the republican campaign seems in progress as usual. The prohibition party is holding a few meetings, but the estimate that is made of their vote is very much inflated. In my opinion the socialists will be third on the ticket this year." The sample ballots for the November election which county judges are now having ready for distribution show that the republican, democratic and prohibition parties have state, legislative and county tickets, while the socialists and people's parties have only state tickets. MRS. ROZZELLE STILL SUES. Makes Determined Effort to Secure New Trial of Damage Claim. The attorneys for Mrs. Jessie G. Rosselle in her personal injury damage suit for \$3,600 against the city are making a determined effort to secure a new trial, the hearing on the motion for which will be before Judge Macy, Saturday, November 2. From papers filed in the district court yesterday it would appear that they are having more or less difficulty in obtaining certain evidence which they deem necessary in support of the motion and that they have been compelled to resort to the procedure of securing this testimony by subpoenaing the witnesses to appear before a notary public to make affidavits. In the motion filed for a new trial thirteen grounds are alleged for setting aside the verdict and granting a new trial. Among these is complaint regarding the admission and rejection of certain evidence; taking from the jury the question of the right of the plaintiff to recover for moneys she is alleged to have expended in payment of the teachers' salaries and other grounds, the principal of which was newly discovered evidence. NEW YORK, Oct. 24.—Numerous floating grain elevators looting about the stores of the Atlantic bank, steamer of Governor's island, and 124 berthed steamers, many of them tooting in the unprecedented decline in ocean freights, says the World.

Fish Commissioner Lincoln of Cedar Rapids has placed 40,000 young fish in the various branches of the Nodaway river in southwestern Iowa and these will stock that stream as it has not been stocked before. At Corning he placed a large number of fish in a private pond, known as Widner lake, but it is probable, in view of the decision of the supreme court the last few days, that there will be no more private ponds or lakes stocked with fish at state expense. Indicted for Embezzlement. Charles J. Jebb of Peoria was indicted today for embezzlement from the National Life and Trust company of this city. Jebb worked for the company for a time in Iowa and the indictment grows out of his transactions in Peoria with a sister of Senator T. W. Cummins, republican candidate for governor, spoke to a large and enthusiastic audience at Carroll tonight. Owing to the fact that the six weeks of arduous campaigning has affected Mr. Cummins' voice to such an extent that speaking has become difficult and painful for him, the state central committee has assigned Hon. H. W. Byers of Harlan to take up part of the time. Mr. Byers spoke on the history of the republican party and made an eloquent and interesting address. Mr. Cummins spoke with his usual fluency, despite the condition of his voice, and held the attention of his audience completely. He gave a general discussion of industrial conditions and the duty of the citizen. He expressed his appreciation of the kindly reception accorded him by the people of Carroll and thanked them for their attention. PACKERS WIN DAMAGE CASE. Swindler Working Under Name of Nichols Operates in Several Iowa Towns. CEDAR RAPIDS, Ia., Oct. 24.—(Special Telegram.)—Secretary D. W. Middle of the State Bankers' association has received notification of the swindling operations of some person issuing checks signed J. C. Nichols, drawn on the First National Bank of Sioux City. The Novelty Cloak Store 17 and 19 South Main St., Council Bluffs. It is due to the shortage of the corn crop out west. Corn exports are 20,000,000 bushels behind the same date of 1900. "Corn makes ocean freights, not wheat," explained Broker Lunham of Lunham & Moore, freight brokers and forwarding agents, Produce exchange. Experts estimate 100,000 tons of ocean cargo space tied up in New York, about the same in Philadelphia and smaller amounts in Boston, Baltimore, Norfolk and New Orleans. Coal that was formerly carried to Europe for \$7.75 and \$4 a ton is now carried for \$12. General cargo from the gulf to Denmark that brought \$4.50 and \$5 a ton is now being taken for \$12. Ocean freights have fallen 20 per cent at least. Chas. R. Wesmar, Evanston, Ill., writes: "My boy 2 1/2 years old had a severe cold which refused to yield to any treatment until we tried Foley's Honey and Tar. SORES AND ULCERS. Sores and Ulcers never become chronic unless the blood is in poor condition. It is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sores, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all poisons that have accumulated. A CONSTANT DRAIN UPON THE SYSTEM. When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body. It is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic. Send for our free book and write our physicians about your case. We make no charge for this service. THE SWIFT SPECIFIC CO. ATLANTA, GA.

ALL EXPECTANT FOR CUMMINS. Rousing Reception Awaits the Next Governor, Who Speaks Tonight. Indications are that Hon. A. B. Cummins, republican candidate for governor, will be given a rousing reception tonight, when he speaks in the Dohany opera house. The railroad men, of whom there are hundreds in Council Bluffs, are particularly interested in Mr. Cummins' candidacy for governor, as they have always found him their staunch friend, and they are expected to turn out this evening to greet him. Advice received by Chairman Wright of the county central committee from the country precincts are to the effect that large delegations will be here to help swell the crowd in the theater. All necessary arrangements for the special train which will bring Mr. Cummins to Council Bluffs this evening were completed yesterday. Mr. Cummins will drive from Harlan after the afternoon meeting there, after which he speaks at Fortianna, and then to Council Bluffs, where he will be met by a special train. The special will leave the Milwaukee depot here at 3 o'clock this afternoon and will carry a number of Mr. Cummins' friends from this city, who will accompany him back here. Among those who will be on the special will be Chairman George S. Wright of the republican county central committee, Harry M. Brown, chairman of the city central committee; Colonel C. G. Saunders, Alderman E. C. Brown, J. P. Greenshield and others, including representatives of the local press. National Committeeman Ernest E. Hart would have been one of the party had he not been called to Chicago on important business last evening. Colonel Saunders will preside at the meeting tonight and introduce Mr. Cummins to the audience. Colonel Saunders had arranged to speak at Peoria this evening, but at the request of Chairman Wright succeeded in postponing the engagement until Saturday in order that he might be present tonight. He returned yesterday from Dow City, where he spoke to a large and interested audience of republicans Wednesday evening. Colonel Saunders accepted yesterday an invitation to speak the night before election at Oakland, this county. Hon. H. W. Byers of Harlan will accompany Mr. Cummins to Council Bluffs and will follow him this evening at the opera house with an address on state and national issues. United States Senator J. P. Dolliver and his brother, Victor R. Dolliver, arrived Wednesday night in Council Bluffs, arriving in the city on a late train from Kiron, where they spoke at one of the largest and most enthusiastic political gatherings ever held in Crawford county. Senator Dolliver's arrival was entirely unexpected and unannounced and owing to the lateness of the hour there were but few to greet him at the Grand hotel. The senator and his brother left shortly after breakfast yesterday morning for Malvern. Gravel road, A. H. Road, 541 Broadway. Says Josie Took His Parole. Josie Marshall, alias Hulbert, was arrested last night on an information filed in Justice Bryant's court by Frank Gumm, who charges her with stealing from him his pocketbook containing \$11.20. According to Gumm, who is a gray-haired old man, he and Josie were having a glass of beer together at his home when Josie put something in his glass which made him drowsy. While in this condition, Gumm allowed Josie to relieve him of his pocketbook and left the house. Davis sells glass. Places Socialist Third. A. W.
