The two men were then let out of the prison. A few minutes after they had left Superintendent Collins received a telephone message from the chief of police of Cleveland.

FAMILY GIVES UP THE BODY

Doomed Man's Relatives Abandon Claim to Remains, Fearing Unsettled Incident May Occur. AUBURN, N. Y., Oct. 28.—The body of Leon Czolgoz, the murderer of President McKinley, will not be removed from the prison.

AUBURN, N. Y., Oct. 28.—J. Warren Mead, agent and warden of the Auburn prison, today announced that the body of Leon Czolgoz, the murderer of President McKinley, will not be removed from the prison.

The resolution of Superintendent Collins to prevent removal of the body of Czolgoz took renewed zest from two offers that were submitted today by promoters of questionable enterprises.

The superintendent also had his suspicions aroused by the motives of some of the relatives of Czolgoz in seeking the body, in view of their poverty and the trouble and danger possible in connection with its removal and disposal.

Brother Claims the Body. The superintendent chanced to meet Waldemar Czolgoz, the brother of the murderer, as he was being escorted to the death cell shortly after his arrival and at once took the matter up with him.

While Thayer was inspecting the chair the electric current was switched on and sent the electric current through it in a final test. Davis also placed new sponges on the head and leg electrodes.

Czolgoz was obstinate, however, and Collins finally told him that if there was a well founded suspicion as to the motive in claiming the body, he would refuse to surrender it, law or no law.

While it was being prepared Collins called up the chief of police of Cleveland and asked him to discuss the matter with Czolgoz, etc. Collins asked that the situation be fairly stated to the father, and that if he agreed, a telegram of relinquishment be signed by him and sent at once.

The Cleveland police expressed the hope that the body would never be sent to that city. When the superintendent submitted the Czolgoz document assigning all right to the body, he refused to sign it, until he had an opportunity to advise with Waldemar and Thomas Bandowski, his brother-in-law.

REYES DEFENDS HIS WORDS

Colombian Delegate Explains His Comments to Spain. COLUMBIAN DELEGATE REYES, who has been in the Cleveland office of the Associated Press tomorrow morning when the execution takes place.

REYES, Oct. 28.—E. L. Bradley, an underwriter of the city, received a telegram from Howard W. Cameron, an underwriter of Auburn, requesting him to take charge of the body of Leon F. Czolgoz on its arrival here and to make arrangements for its cremation.

Bradley then telegraphed Roch Auburn: "Buffalo cremation company refuses to cremate the body of the assassin of the president."

General Reyes added that he had been privately congratulated on his speech by Mr. Davis and John Barrett, the United States delegates, so that evidently they had seen nothing blameworthy in it.

A slight misunderstanding occurred at this morning's session. When the members of the congress had assembled in the hall of session at the American exposition announced that it desired to hold a secret session of delegates, excluding the secretaries of the delegations.

It developed that the subject which it was desired to treat in secret was an incident at the banquet of the city council, when only the delegates were invited and no secretaries.

It was desired at the secret session to explain the occasion for the non-inclusion of the secretaries to the banquet and to say that no slight had been intended. But, curiously enough, the action taken to remove the secretaries resulted in giving new offense to some.

MY DEAR BRIGGS: On Tuesday, the first of last week, a large party of men armed with the latest rifles. They demanded our surrender and then made us climb up a thick forest, stopping here and there to examine the place.

Then they chose Miss Stone, an American missionary, and my wife and taking two of our horses they went further in, while they kept us, the rest, till the next morning, so that we could not go and report to the government. Just at the time, before the taking of the women, we had captured at the same time, a little before after, we were hurried through the forest while they tied their hands back they were beating him with the backs of their rifles.

For a long time we had to wait and hear nothing. Oh, the agony and the sleepless nights that we have spent waiting and watching with no answer. Finally we got a letter telling us that the ransom for their capture was to be \$100,000. It is a very large sum and we are unable to pay it.
