

Dr. Price's Baking Powder

Cream Superlative in strength and purity

Improves the flavor and adds to the healthfulness of the food.

PRICE BAKING POWDER CO., CHICAGO. NOTE.—There are imitation baking powders sold cheap by many grocers. They are made from alum, a poisonous drug, which renders the food injurious to health.

AFFAIRS AT SOUTH OMAHA

City Employees Begin to Worry Over Payment of Salaries.

FIRE AND POLICE FUNDS RUNNING LOW

At the end of the Year There Will Be an Overlap of at Least \$23,000 in Fire, Police and Street Funds.

Quite a number of the employees of the city are already beginning to wonder "where they are at," especially when salaries are considered. By the end of December an overlap of not less than \$20,000 in the departments mentioned. In the interest fund there remains only \$2,700 and there is due on maturities in New York on January 1 the sum of \$10,000 in interest.

Some of the citizens who favor a more economical administration assert that if the council proceeds to appropriate money for the fire, police or street department after the annual levy of 1901 is exhausted the courts will be called upon to intercede.

Those Library Bonds.

In some circles there seems to be opposition to the proposition to vote bonds in the sum of \$5,000 for the purchase of a site for the Carnegie library.

Mayor Kelly's Desires Action.

Mayor Kelly is desirous that action of some sort be taken in regard to the appointment of a city physician. At the present time there is no one in the city who is a physician and one of two cases of smallpox. The mayor thinks that the Board of Health should be made up of two business men, a physician, the chief executive and the sanitary inspector.

Swift's Improvements.

The civil engineers who made the ground level and preliminary surveys for the improvements at Swift's are expected back here within a day or two, when the surveys for the new hoghouse will be made.

Hammond Kills Sheep.

The sheep slaughtering department at Hammond's plant is now in operation and will continue indefinitely. Next in order will come the hog department. It is expected that the killing of hogs will begin on or about Monday next. Every effort is being made by mechanics to place the plant in running order, and Superintendent Patch thinks that only a few days will elapse before the three important departments will be in running order.

Coad Tops Market.

John F. Coad, president of the Packers' National Bank, sold a bunch of seventy-two steers at the South Omaha stock yards yesterday and topped the market. The shipment averaged 1,430 pounds and brought \$6.40 per hundred. Mr. Coad raised and fed these steers on his farm at Pacific Junction. Only a few days ago Mr. Coad topped the market with a similar shipment from the same farm.

Register Saturday.

Saturday is the third and last day of registration. Every voter must register this fall. Up to the present time the registration has been light, but both republicans and democrats are now hustling to get out a full vote. Even at the best it is thought now by political managers that the total registration will not run much over 3,500. The places of registration in South Omaha will be printed in The Bee Friday.

Magie City Gossip.

Register on Saturday; it is the last day. Certain city officials say that the O street viaduct is assured. A number of additional cases of scarlet fever and smallpox are reported. Mayor Kelly is figuring on building a sheetrock posthouse in some isolated part of the city.

MAY TRY RAISING CELERY

Michigan Man Talks of Planting Two Hundred Acres in Sarpy County.

James Ralston, a celery expert of Kalamazoo Mich., was at the Delone hotel yesterday. Mr. Ralston has been investigating the land south of the city as a profitable location for celery fields. This is Mr. Ralston's second trip to Omaha for the same purpose. He spent the day with several land owners in Sarpy county, and unless something unforeseen happens he will lease from them sufficient land to plant about 200 acres of celery next year. While it will be something of an experiment I think celery can be grown here as well as at Kalamazoo. A year ago I advised some of the small farmers here to try celery raising and they did so, the result being very satisfactory.

TO EXONERATE MISS REED

Board of Education Will Probably Clear Teacher of Charge Made Against Her.

Miss Ivy Reed, a teacher in the Cass school, will probably be cleared by the Board of Education at its meeting next Monday night of the charge that she disparaged the colored race by her class, in which Miss Daisy Shaffer, daughter of the pastor of the St. John African Methodist Episcopal church.

HITCH THEIR WAGON TO A STAR

Porto Rico Hopes to Be Next Luminary in Columbia's Banner.

DELEGATES FREIGHTED WITH GRAVE TASK

Their Mission is Said to Be Furtherance of Plan to Admit Island as Territory and State.

CHICAGO, Oct. 30.—The visit to the United States of the Porto Rican delegation of business men, who spent the day in Chicago, has a far greater significance than has appeared hitherto. Instead of coming to inspect the commercial methods of this country and incidentally to go on a little junketing trip to the Pan-American exposition the Porto Ricans have come primarily to pave the way for the admission of their island, first as an organized territory, then as a state. The authority for this statement is Federico Degetau, the present commissioner from that island to the United States.

The delegation arrived in Chicago in the morning, visited the Board of Trade and the stock yards, and returned at a banquet this evening and left on a late train for St. Louis. Before the delegation returns to the island a visit will be paid to Washington, where an interview with President Roosevelt will be held.

The party includes three of the five native members of Porto Rico's native council and one member of the Chamber of Deputies, in addition to Commissioner Degetau.

Free Trade is Asked.

Free trade with the United States and Europe was asked for by members of the Porto Rican delegation to the United States at the banquet given by the Board of Trade in their honor at the Auditorium Annex tonight. The sentiments voiced by the islanders met with the approval of the business men present at the dinner and cheers greeted their reference to a desire for an open market.

Dr. J. C. Barbosa was the speaker, who delivered the appeal for the revocation of the import upon Porto Rican tariffs. "When the Porto Rican tariff bill was passed," he said, "it was with the understanding that it would remain in effect until we were able to become self-supporting. During the last year we have raised \$2,000,000 for local government expenses. Of this \$500,000 was spent for education and \$400,000 for good roads. We want the American people to know how we can help ourselves. We want them to know that we are true to the flag and as good Americans as there are in Chicago."

The Best Remedy for Diarrhoea.

"Some years ago while at Martinsburg, W. Va., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well."—G. A. Morris, Embreeville, Pa. Sold by all druggists.

McKinley Fund in Indiana.

INDIANAPOLIS, Oct. 30.—Governor Durbin today appointed a committee of fifteen prominent residents of the state to take charge of raising funds in Indiana for the McKinley National Memorial association.

Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from womanly diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for womanly diseases, which are offered in Doctor Pierce's Favorite Prescription. It regulates the periods, dries enfeebled drainers, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"A heart overflowing with gratitude, as well as a sense of duty, urges me to write to you and tell you of my wonderful recovery," says Miss Corliss C. Hoek, Orangeburg, Orangeburg Co., South Carolina. "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared with the poor miserable sufferer who wrote you four months ago. I remark in my parents' almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. Mine was a complicated case of female disease in its worst form."

Doctor Pierce's Pleasant Pellets cure biliousness.

BRITTS AWAITS HIS BRIDE

Enthusiastic Inventor Issues Another Call for a Maid with a Dowry.

Barzillai B. Britts has concluded his labors in the potato fields of Greeley county, Colorado, and has gone to Loveland, where he is helping to reduce to sugar an immense crop of sugar beets. He has not given up his mission yet, but still yearns for that maiden who is to endow him with a thousand in order that he may perfect his millennial motor. As Mr. Britts proposes to harness the cyclone and turn its terribly destructive force to commercial advantage, it seems strange that he is compelled to wait so long for the help he seeks. His latest letter to the deservance he seeks. His latest letter to the deservance he seeks. His latest letter to the deservance he seeks.

LOVELAND, Colo., Oct. 27.—To the Editor of The Bee: I received your publication of the 17th containing my article of the 14th. I don't see why such wisdom spread out in black and white don't catch me a maid with \$1,000 or \$2,000, when an old country duke without any sense, dressed in black and white, can catch them with \$2,000,000 or \$3,000,000. But such is life in the far west. So I came over to the Land of Love to sweeten up on the sugar beet business. "Then, maybe, I can catch them with two or three millions, too, that is if you keep me published and posted. If prose don't bring them, let's try them with poetry. Here goes:

Verily verily I say unto you
This sonnet poetry is "gospel" true,
If saint or sinner, Christian or Jew
Will risk \$500 dollars with me,
In very short order you will see
That I will do as I agree.

Make a machine very stout,
That will mesh the gears and dough
Turn the mechanical world about.
Should I not write I might have fits,
For I am champing in my bits
To work up the plans of B. B. Britts.

For as sure as there's an ocean,
This sonnet poetry is "gospel" true,
If saint or sinner, Christian or Jew
Will risk \$500 dollars with me,
In very short order you will see
That I will do as I agree.

DANDRUFF CAUSED BY A GERM.

A New Discovery that Kills the Germ and Prevents Baldness.

Pretty nearly all the hair preparations for dandruff have some merit in allaying itching of the scalp and in being fairly good dressing for the hair, but there is only one that recognizes what causes dandruff, falling hair and baldness and that destroys that cause, a little germ—and that is Newbro's Herpicide. This germ eats its way into the scalp down to the hair root, where it says that vitally, causing dandruff as it dies up the scalp into little white scabs. Unless it is destroyed there is no permanent stopping of falling hair and cure of dandruff and baldness. Newbro's Herpicide kills the germ. "Destroy the cause, you remove the effect."

Only Two Injured in Wreck.

BUFFALO, Oct. 30.—Train No. 1, on the New York Central, was wrecked at Grimesville today by running into a freight car which had been derailed in shifting. The engine and six cars left the track. At the scene of the wreck it was said that the only persons injured were Engineer Harrison, wrist broken, and Mrs. Dickinson, who is suffering from shock.

Texas Cattle Barred.

SANTA FE, N. M., Oct. 30.—Governor Otero today issued a proclamation for quarantine against cattle from Texas from November 1 to March 5, owing to the prevalence of Texas fever in Texas.

PROTECTS SPANISH PUBLIC

Minister Moret's Proposed Bill Regulates All Strikes by Legislation.

EMPLOYERS AND EMPLOYEES SHARE ALIKE

Interior Department Chief's Purpose is to Make it Impracticable for Either of Them to Sacrifice Common Welfare.

MADRID, Oct. 26.—The minister of the interior, Senor Moret, proposes to regulate strikes by legislation, and to that end has introduced a bill in the Cortes, legalizing ordinary strikes if from four to fifteen days' notice is given to the authorities. Strikes stopping the works of an entire town or tending to produce a lack of the necessities of life will be illegal and the leaders in such strikes will be punished by imprisonment. Similar conditions will govern the employers' conditions. Concessions for public works will hereafter stipulate that the contracts must be made with the concessionaires' workmen, setting forth the hours of labor and wages. Disputes will be referred to the authorities and to arbitrators.

FOR HOME TALENT WRITERS

Craigton-Orpheum Managers Will Try a Scheme New in Omaha.

The management of the Orpheum theater has decided to stimulate local interest in vaudeville. A sketch-writing contest is about to be inaugurated, which will be open to all, under conditions laid down by the management. It will be an amateur affair in every respect and only amateurs will be allowed to participate. The intention is to have submitted as many sketches as possible during the course of the regular season. The dramatic critics of the various newspapers will be asked to act as a judging committee and it will be left to them to announce the winner, which will be judged on the merits of the sketch and acting both. To the winning sketch is promised a prize of \$50, and the sketch will be produced at the local house at a reasonable salary, with the additional promise of a booking over the entire circuit should the sketch merit it. To further the efforts of participants in the contest, the management will render every assistance. The house will provide the scenery, so that the winning sketch will be given a fair race. Everything possible will be done to assist the production of sketches submitted. The sketch to be produced will be given a place on the regular program, in an advantageous position, so that it will be able to enjoy all the consideration shown to the professional numbers in the bill. Communications in reference to the contest should be addressed to the manager of the Orpheum theater.

HAD MONEY COMING TO HIM

Broke in Police Court, Plain Drunk Goes to South Omaha for Roll.

A bedraggled individual with red, swollen eyes and unkempt hair, who had given the name of Charles St. Clair to the desk sergeant the night before, but who didn't appear to recognize it when addressed by it in police court yesterday morning, was fined \$5 and costs for being drunk and lying on the walk.

"I haven't got a cent of money with me," he said to Lee Grier, clerk of the court, a moment later, "but there's a little roll coming to me over in South Omaha and if you'll give with me I'll make it worth your while and pay my fine at the same time."
