MUCH ZEAL IN AN OFF YEAR questions. Neither side has made a campaign, not a speech having been made in

Ohio Republicans Conclude Very Brief but Animated Campaign.

That Party Has Hitherto Enjoyed an Advantage in Elections Following the Election of a President.

CINCINNATI, Nov. 2.-The speaking campaign in Ohio closed tonight with many meetings in different parts of the state. The closing rally here was addressed by Colonel James Kilbourne, the democratic candidate for governor; Charles W. Baker, candidate for United States senator; C. J. Fitzgerald, Judge Hiram D. Peck, Theodore Horstman and M. A. Dougherty, chairman of the state committee.

At Cleveland speeches were made by Senators Hanns and Foraker and others and at Troy Governor Nash and others spoke. On account of the death of President Mc-Kinley the speaking began at a much later their opening meeting October 19 and had eleven days of campaigning. The democrats opened their speaking campaign Octoher 23 and had only eight days.

During the last week Senator Foraker, who is a candidate for re-election in this campaign, has traveled by special trains and has addressed the people along the route between the hours of his afternoon and evening rallies. In addition to the state candidates, senators and congressmen, the republicans have had many speak ers from other states, including Speaker Henderson and several congressmen.

The democratic speakers have been limited to Colonel Kilbourne and his associates on the democratic state ticket; Charles W. Baker, who is a candidate for senator, and other Ohio speakers. There have been no speakers from other states on the stump. It was proposed to have ex-Senator Hill of New York, then others wanted Bryan. When it was decided that neither of these distinguished democrats would participate in the campaign the conservative policy was extended also to Ohio speakers, so that democrats who had been prominent either as gold or silver advocates were not assigned in the speaking canvass.

New Men Advocate Democracy.

While the republicans had such speakers as Senator Fairbanks of Indiana, Senator Burrows of Michigan, Governor Shaw of Iowa, Governor Geer of Oregon, Congressmen Henderson and Landis and others, the democrats brought out new men, and these from their own state only. Similar conditions existed in the two organizations. Chairman Dougherty, Secretary Gilliam and others associated with them at the democratic state headquarters were for the most part new men, while at the republican state headquarters, Congressman Dick, as chairman, Secretary John R. Malloy and others have been at their respective places for a decade or more.

The contest this year is squarely between the republicans and democrats. There is no third party of any such consequence as two years ago, when Mayor Sam Jones of Toledo, a nonpartisan candidate, received 106,721 votes for governor, more than onefourth the vote cast for Governor Nash, republican, and almost one-third the vote cast for John R. McLean, the democratic candidate. Jones then carried the two large counties of Cuyahoga and Lucas, in which Cleveland and Toledo are located. The vote of all the minor parties, including the prohibitionists, socialists and reformers. this year will not aggregate 20,000 out of a total vote of probably 900,000.

Mayor Sam Jones, as well as ex-Attorney General Monnett, has been making speeches this year for Colonel Kilbourne for governor. Monnett, on the anti-trust issue, has been co-operating fully with the demo crats, but Jones still claims to be non partisan. Mayor Tom L. Johnson of Cleveland the author of the taxation planks in the democratic state platform, has been a picturesque feature in the campaign.

Republicana Are Zenious.

The equipment of the respective organizations and the public demonstrations up to the close of the campaign both indicate that the republicans have done more than the democrats to get out their vote.

Colonel W. A. Taylor, the statistician of the democratic state headquarters, has given out a statement in which he says the shortage of the vote is variously estimated from 50,000 to 200,000, as compared with the vote of 1,049,073 last year for president. He says

"Ohio election statistics for the last twenty-four years show an average slump of 15 per cent at the election immediately following a presidential contest.

He estimates a total vote next Tuesday of 910,000, with a democratic plurality of 26,425. Colonel Taylor says the democrats will carry forty-six out of the eighty-eight counties, including the five large counties and have a majority in each branch of the legislature for the election of a senator to succeed Foraker.

Congressman Grosvenor has given out a estimate on the republican side, in which he predicts a larger vote than at the gubernatorial election two years ago, when 920. 872 votes were cast. General Grosvenor will not be surprised if the republican plurality reaches \$5,000 and he will be greatly surprised if it runs under 25,000. He figures as sure of election eighty republicans and thirty-five democratic members of the legislature, with twenty-eight doubtful. This would make the legislature stand with a sure republican majority of seven on joint ballot for senator and a probable majority of fifteen.

He regards the re-election of the republican state tickets and of Feraker as "sure things."

Colorado Campaign Closes.

DENVER, Colo., Nov. 2.- The campaign in this, Arapahoe county, virtually ended tonight with the big mass meeting of the democrats at Coliseum hall, addressed by William J. Bryan and several local speakers. Only county officers are to be elected in Colorado and in only a few counties has the contest been very spirited. Political lines are usually observed. In this county both the republicans and democrats claim the victory by from 3,000 to 5,000 plurality.

Anti-Fusion Law Effective.

TOPEKA, Kaa., Nov. 2 .- All the counties in Kansas will on Tuesday vote for county commissioners and township officers. The election, though local, is interesting from the fact of its being the first to be held under the anti-fusion law. The democrats and populists after much sparring have agreed to support democratic candidates. The democrats have thus advanced from third to second place on the ticket.

Estimates in New Jersey.

NEW YORK, Nov. 2.-Estimates of the result of the New Jersey election next Tuesday, which will be printed in the Press tomorrow, are: Republican estimate of plurality for Murphy for governor, 18. democratic estimate of plurality for Seymour for governor, 8,000.

KANSAS EDUCATOR IS BURNED J. B. Orr. Principal at Kansas City.

Dies as Result of Kerosene

Accident.

KANSAS CITY, Kan., Nov. 2 .- J. B. Orr. principal of the Central school of this place. was burned while building a fire in the kitchen range this morning and died later kindle the fire and an explosion followed, setting fire to his clothing. Mr. Orr was one of the best known educators in Kansas.

He came here from Fort Scott. Orr's clothing was covered with oil and fund is also kept down. in an instant his form became a pillar of fire. He rushed into the open air and this gave the flames added impetus. Finally he sank to the ground unconscious, after his clothing had been burned completely from his body. When neighbors arrived he was barely alive. The flesh was burned from head to ankles and he had inhaled the flames. He died in horrible agony. Mr. Orr was 38 years of age. Mrs. Orr was painfully burned in trying to aid her hus-

Merely the Size of Republican Victory

One-Sided Aspect of Contest Detracts from Interest and it is Conceded

DES MOINES, Nov. 2 -The political campaign in this state was practically closed this evening with a republican rally in this city addressed by Congressman Cousins. The apparently overwhelming odds for the republicans have lessened the interest in the campaign and it is conceded that a light

two years ago, when the total was 443,000. The republican state central committee estimates that the vote will be in the neighborhood of 450,000 and that the republicans will have about 75,000 plurality on the state ticket.

The democrats do not concede this and say the plurality will not be much greater than 40,000. There is an unknown quantity republicans, especially those of the Methodist persuasion, are dissatisfied with the nomination of Cummins for governor on account of his well known anti-prohibition record and will either vote the prohibition ticket or not at all. This disaffection may swell the prohibition vote to 20,000 or more. On the other hand, Cummins is likely to gain some strength from the gold democrats and may not run far behind the

rest of the ticket, if he does at all. The populists and socialists will poll an inappreciable vote. The republicans claim they will make a gain of twenty members of the general assembly and will have an overwhelming majority in both houses. The democrats are working hard in the legislative districts and there are likely to be some surprises, though not enough changes will probably be made to endanger the two republican senators.

Townsite Title to Be Probed Again with Probability of Land Having to Be Vacated.

HURON, S. D., Nov. 2 .- (Special.)-The United States court of appeals at St. Louis has notified Colonel John H. King of this city, attorney for the plaintiff, that the case involving title to a tract of land on which is located a portion of the city of Chamberlain, S. D., has been remanded to the United States district court of South Dakota for a new trial. At a hearing in the lower court United States Judge Carland held that the patent to the land in question was not good and an appeal by the revolver not known to be loaded. He can- plaintiff was taken, with the result that the decision is reversed. The case was tried last summer in St. Paul. All decisions from the local land office to the secretary of the interior have been in favor of the plaintiff, Henry J. Kink, and the late ruling of the higher court is taken as evidence that the title will ultimately be vested in the claimants and the townsite people will be obliged to vacate the land.

Saves Bond Interest.

PIERRE, S. D., Nov. 2 .- (Special.) -- State Treasurer Schamber has secured an agreement from the Cortland Savings bank of Cortland, N. Y., to surrender \$10,000 of state bonds which do not become due for nine years, and by this will save the interest for the time the bonds are yet to run. This action is in line with the policy of the office which has been followed ever of his injuries. He was using kerosene to since Mr. Schamber has taken charge the department. He has in this way taker up a large number of securities before they were due and saved the state a large amount of interest. By this the sinking

Digests what you

Dyspepsia Gure

The stomach controls the man. It governs him both physically and mentally. The man is just what his stomach makes him. When the stomach is right, the man is all right; he feels good, he is happy, he is cheerful, the world to him is all sunshing.

world to him is all supshine. When the stomach is wrong the man is all wrong. He is out of sorts, he is nervous, he is irritable, he is gloomy and despondent, he is "cranky". His general disposition is such that nebody wants to have anything to do with him. to do with him.

The stomach is the organ on which the whole human system must depend for sub-sistence and existence. If the stomach fails, then what is to become of the rest of the body? Where does the force of life come from? Doesn't it come largely from the food? You know that if you stop eating, you will die. But the mere eating of food does not give life. Food can no more give life without digestion than coal can give heat with-out combustion. It is not what we eat but

what we digest that keeps up the motor force of the body.

Undigested food is not only useless but harmful. It ferments and decays in the stomach, the evidence of which you have in the distress you experience, that feeling of fullness, especially after eating, flatulence (wind on the stomach) belching and vomitwarnings to you that something is wrong

and that you should do something.

This decayed food poisons the blood, through which the entire system becomes impure and diseased. When the blood is bad it is certain to cause disease of the kidneys, the liver, the heart, the lungs or any or all organs which it is intended to nour-ish. Properly digested food makes pure healthy blood which in turn makes a healthy man by making every organ of his body

healthy.

Now how are we to get perfectly digested food? We are all entitled to this but by ignoring or abusing nature's laws we are de-prived of it unless we make other provisions. We can do this only by taking the remedy which nature has provided, the remedy which contains a perfect combination of all the elements which make up the digestive fluids as they exist in the buman digestive

In no other way can we perfectly digest all we eat. Such a preparation is

Kodol Dyspepsia Cure. It actually digests the food itself and pre-pares it to be taken up by the blood. It does this with no assistance whatever from

the digestive organs or their juices. Food

'n tubes is digested in our laboratory teste as completely and perfectly as it would be in the most healthy stomach. Is it any wonder then that Kodol Dyspepsia Cure is effecting such seemingly wonderful cures. It can't help but benefit. It's perfectly simple, just as simple as dissolving a handful of salt in a pall of water because Kodol Dyspepsis Cure pall of water, because Kodol Dyspepsia Cure contains all the necessary elements to digest

When taking this preparation, nothing else is necessary. You don't have to restrict your eating to a few "diets". That's nonsense. Nature demands a variety of

It requires all kinds of food to supply the numerous demands of the body. That's why nature gives us such a generous variety. Eat all your appetite calls for. That's what your appetite is for, to let you know what element of nutrition you need and that's why your appetite or desire for different food changes occasionally. Fat all your want, Kodol Dyspepsia Cure will digest it and make a new person of you. It will give you new life, new strength, new ambition and a new appetite.

It will enable you to enjoy living as you never enjoyed it before.

It will make you feel more like living to enjoy the good things in life.

A man is no stronger than his stomach.

After suffering for several years all the terments incident to that terrible malady known as dyspepsia or indigestion, I com-menced using Kodol Dyspepsia Cure. and from the first dose I could feel relief. I con-tinued its use till I had taken several bot-tles. Now I can sleep well and eat almost anything that comes before me without ex-periencing those terrible pains and horrible nightmares that follow indigestion. The cold and clammy night sweats have disappeared and I am steadily gaining in strength. I take great pleasure in recom-mending Kodol Dyspepsia Cure to those af-flicted with stomach trouble.—George B. Orr, Notary Public, McCutchenville, Ohio.

Before me, L. G. Westfall, notary public in and for the county of Big Stone and State of Minnesota, personally came W. H. Shipman, who being by me duly sworn according to law, deposes and says: That he is a resident of the Village of Beardsley and that for the last twenty-five years, here and elsewhere, he has been a constant sufferer from dyspepsia, that during all this time he has tried various doctors, various remedies and all kinds of diet, with little or no relief, until recently when he was induced by a friend to try Kodol Dyspepsia Cure. One bottle had such a satisfactory effect that he felt encouraged to go on with it and now after taking three bottles he

feels about cured, can eat what he wants with no bad effect whatever, that he sleeps well at night and rises in the morning refreshed and like a new man.
Subscribed and sworn to before me this
19th day of March, 1900.—L. G. Westfall,
Notary Public. Big Stone County, Minn.

Gentlemen:—During the last few years my stomach was in such a terrible condition I couldn't retain the food I ate. Two months ago I commenced using Kodol Dyspepsia Cure. I have taken four bottles and it has cured me entirely, so that I can now eat and enjoy anything I want.—Henry Williams, Boonville, Mo.

"Witen I could do nothing I used one bottle of Wine of Cardui and a package of Thedford's Black-Draught. Now I feel better than I have in a great many years."

Why will not every suffering woman who is discouraged in the fight for health do what Mrs. Rollins did? She did a very simple thing. She took Wine of Cardui at home and received the benefit that her family doctor or the most skilled specialist could not give her. Mrs. Rollins' letter shows women how dangerous it is to allow irregularities to run on. Her case continued so long that she became very weak-she felt she was developing quick consumption on account of the loss of blood. Then she took Wine of Cardui and was restored to health. This great home remedy seldom fails to cure disordered menses. It never fails to benefit. And in relieving the strain of irregular menstruation it drives out leucorrhoea and checks the terrible agony of falling of the womb. Thedford's Black-Draught, to regulate the bowels, liver and kidneys, and to stimulate digestion, aids materially in a cure. Don't give up, but try Wine of Cardui as thousands of other discouraged women have done. Your druggist sells \$1.00 bottles. Call for, and insist on receiving, Wine of Cardui.

Capehart, W. Va., June 24, 1901.

I do believe that Wine of Cardui and Thedford's Black-Draught saved me from quick consumption for my periods were irregular for so long. I began to get alarmed and got weak. When I could do nothing I used one bottle of Wine of Cardui and a package of Thedford's Black-Draught and the first day's doses brought a change that I could tell. Before the bottle was gone my menses came on and a week after I felt like a new woman. I had run down so in flesh I could hardly keep my clothes on me, and now it has been three months since I began taking your medicines and now I am stout and hearty and feel better than I have in a great many years. My husband says I look better than I ever did. I expect to always keep supplied with your remedies, for I believe your medicines are the greatest boon for suffering women known to the science of medicine.

N FOF CARDI

Mrs. ELLEN ROLLINS.
