HOLD ANARCHY RESPONSIBLE

Specialists Who Examined Czelgesz Report Their Findings.

HE WAS NOT INSANE, BUT MISGUIDED

Had Lived Sober Life in Good Health Entil the Goldman Clique Created False Opinions of Government.

BUFFALO, N. Y., Nov. 2.-Drs. Fowler, Crego and Putnam, the specialists who were requested by District Attorney Penney to examine into the mental condition of Leon F. Czolgosz, the assassin of the president, have made public their report, in which they state, as the result of the examinations of Czolgosz, of the reports of his watchers and of his behavior in pourt, that they have "concluded that he was sane at the time he planned the movement, at the time he shot the president and at the time he was on trial."

His first examination was but a few hours after the commission of the crime and while he was still uninformed of the fate of the victim. During the first three examinations Czolgosz answered questions pohesitatingly. After that, however, he became more cautious and less communirative. He had a common school education, the reports say, and read and wrote well. During the first day's examination he said he planned killing the president three or four days after he came to Buffalo. The report then recites, in Czolgosz's own word, the assassin's story of the murher of President McKinley.

Anarchy Changes His Whole Life.

The sanity of Czolgosz was held, the Peport says, from the history of his life as it came from him. He had been sober, Industrious and law-abiding; till he was B1 years of age, he was, as others of his plass, a believer in the government of this pountry, and in the religion of his fathers. After he cast his first vote he made the acquaintance of anarchistic leaders who invited him to their meetings. He was a good listener and in a short time he adopted WEDDINGS AND ENGAGEMENTS their theories. He was consistent in his adherence to anarchy. He did not believe in government, therefore he refused to vote. He did not believe in marriage, because he did not believe in law. He killed the president because he was a ruler and Czolgosz believed, as he was taught, that all rulers were tyrants; that to kill a ruler would benefit the people. He refused a lawyer because he did not believe in law, lawyers or courts.

Without Mental Affections. "We come to the conclusion that in the holding of these views Czolgosz was sane, because the opinions were formed gradually under the influence of anarchistic leaders and propagandists. In Czolgosz they found B willing and intelligent tool; one who had the courage of his convictions, regardless of personal consequences. The most careful questioning failed to discover any haljudinations of sight or of hearing. He had received no special command; he did not believe he had been especially chosen to do the deed. He always spoke of his motive for the crime as duty; he always re-ferred to the anarchists' belief that the killing of rulers was a duty. He never claimed the idea of killing the president. was original with him, but the method of accomplishing his purpose was his, and that he did it alone. His is not a case of paranoia, because he has not systematized delusions reverting to self, and because he is In exceptionally good condition and has an Omaha and Lucia Wheaton of Chicago, unbroken record of good health. A Remarkable Remedy Which Clergy men, Physicians and Temperance Workers Now Heartily Endorse.

Can Be Given Secretly in Coffee, Ten. or Food Thus Curing the Drunkard Without His Co-operation.

The Remedy is Sent Free to All.

After many years of unceasing endeavor Dr. J. W. Haines has finally secured the endorsement of the professionals for his remarkable remedy. Golden Specific. This remedy is odorless and fasteless, is mixed with coffee, tea, milk or food and given the drunkard secretly. Its effect is remarkable, curing cases in a short time that seemed absolutely hopeless.

Rev. Schimpfelman, a noted German divine, says: "I am gratified to say that I have met many cases of drunkenness cured by Golden Specific. The secrecy with which it can be used is certainly a great gain to the cause of temperance."

Mrs. Irene Florence, Franklin, Warren Co.. Mrs. Irene Florence, Franklin, Warren Co..

Dr. Rene Chabot, one of the greatest of medical scientists, says: "Golden Specific is the only cure for drunkenness. It leaves no after effects and I have frequently prescribed it to be given secretly by the drunkard's wife, mether or daughter."

Franklyn Waters, who has moved thousands by his stirring temperance lectures, says: "No amount of elequence can equal the wonderful accomplishments of Golden Specific. It is the greatest temperance worker the world has ever seen. I have known it to cure drunkards who were always too drunk to even attend a temperance lecture. Every woman should do her best to make Golden Specific a household word."

best to make Golden Specific a household word."

Mrs. Irene Florence, Box 138, Franklin, Warren County, Ohio, says:

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I mixed it in his food and coffee, and, as the remedy is odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. I soon found out that my mission was a complete success and that Golden Specific had wrought almost a miracle for me. I want others to profit by my experience and if you want you are at liberty to refer to me as having toid you about this marvelous remedy."

Send your name and address to Dr. J. W. Haines, 264 Glenn Building, Cincinnati, Ohio, and he will mail a free sample of the remedy to you securely sealed in a plain wrapper, also full directions how to use it, books and testimonials from hundreds who have been cured and everything needed to aid you in saving those near and dear to you from a life of degradation and ultimate poverty and disgrace.

Thousands of Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy SWAMP-ROOT Will Do for YOU, Every Reader of The Bee May Have a Sample Bottle FREE.

Women as Well as Men are Made Miserable by Kidney and Bladder Troubles.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the bloodthat is their work. So when your kidneys are weak or out of order you can understand how quickly your entire body affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery. Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all other organs to health. A trial will convince anyone.

Many women suffer untold misery because the nature of their disease is not correctly understood; in most cases they are led to believe that womb trouble or female weakness of some sort is responsible for their many ills, when, in fact, disordered kidneys are the chief cause of their distressing troubles.

Neuralgia, nervousness, headache, puffy or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing down sensation, profuse or scanty supply of urine, with strong odor, frequent desire to pass it night or day, with scalding or burning sensation-these are all unmistakable signs of kidney and bladder trouble.

If there is any doubt in your mind as o your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twentyfour hours. If on examination it is milky or cloudy, if there is a brick-dust settling. or if small particles float about in it, your kidneys are in need of immediate atten-

Other symptoms showing that you need Swamp-Root are sleeplessness, dizziness, irregular heart, breathlessness, sallow, unhealthy complexion, plenty of ambition but no strength.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever een able to compound. If you are already convinced that Swamp-

Root is what you need, you can purchase The Bee prints more paid want ads than the regular fifty-cent and one dollar bottles

I was extremely sick for three weeks, and when I finally was able to leave my bed I was left with excruciating pains in my buck. My water at times looked like coffee. The doctors said my kidneys were not affected, and while I

I somehow felt certain that my kidneys were the cause of my trouble. My sister. Mrs. C. E. Littlefield of Lynn, advised me to give Dr. Kilmer's Swamp-Roet a trial. I procured a bottle and inside of three days commenced to get relief. I followed up that bottle with another and at the completion of this one found I was completely cured. My strength returned and today I am as well as ever. My business is that of canvasser; I am on my feet a great deal of the time and have to use much energy in getting around. My cure is, therefore, all the more remarkable and is exceedingly gratifying to me."

"For more than ten years I suffered with what the doctors termed female trouble; also heart trouble, with swelling of the feet and limbs. Last summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor and took their medicines, but felt no better. A friend recommended me to try Dr. Killmer's Swamp-Root, and I must say I derived immense benefit almost from the first week. I continued the medicine, taking it regularly and I am now in splendid health. The pains and aches have all gone, have recommended Swamp-Root to all my friends and told them what it has done for me. I will gladly answer anyone who desires to write me regarding my case. I most heartily endorse Swamp-Root from every standpoint. There is such a pleasant taste to Swamp-Root and it goes right to the weak spots and drives them out of the system."

I the first could not know for sure. Some doctors pronounced my case and said I could not live without a surgical operation, to which I would never surgical operation, to which I would never swamp-Root. I began to take Swamp-Root from the first operation, to which I would never swamp-Root regularly and when I had used only three fifty-cent bottles I felt line and was able to do more work than law to the woman of me.
