Vexation Regarding Treaty with
Causing Earl's Death.

JAPAN INSISTS ON KNOWING ITS TERMS

Russia Anxious that the Manchurian
Agreement Be Secret.

EMPRESS DOWAGER ORDERS PUBLICITY

Memorandum Put an End to Perplexity of
Chinese Statesman.

AMERICAN FLAG FLIES AT HALFAST

Other Nations, However, Do Not So Far
Recognize Minister's Death—
Succession is Still in
Doubt.

PEKIN, Nov. 8.—A violent dispute with
M. Paul Lesnar, Russian minister to China,
over the Manchurian treaty appears to have
been the immediate cause of the death of
Li Hung Chang.

The diplomatic confusion following this
tragic climax has enabled Japan for a mo-
ment to frustrate the designs of Russia.

A fortnight ago the Japanese legation ac-
quired a reliable outline of the terms of the
treaty and thereupon demanded that the
Chinese plenipotentiaries officially lay be-
fore them the text basing the demand upon
the allegation that Japanese interests were
involved in any change of the status of
Manchuria.

The Chinese plenipotentiaries refused to
comply with the demand. Thereupon the
Japanese government from Tokio communi-
cated with the southern viceroys and in-
duced them to use their influence with the
empress dowager against the treaty.

In the meantime the empress dowager in-
structed Li Hung Chang to communicate
the treaty after certain modifications to the
ministers of the powers and if they did not
object to sign the same.

Excitement Causes Hemorrhage.

Li Hung Chang visited M. Lesnar and ex-
plained to him the instructions. The Rus-
sian minister strongly objected to reveal-
ing the text of the treaty to the ministers
of the other powers and a stormy interview
ensued. Li Hung Chang went home in a
violent passion and had a hemorrhage,
which the doctors attribute to the over-
excitement of a weakened system.

While these things were happening in
Peking, instructions were issued counter-
manding the order to sign. This instruc-
tion came after Li Hung Chang had become
unconscious. When M. Lesnar endeavored
to have Li Hung Chang's seal affixed to
the treaty, Chou Fu, provincial treasurer,
had taken charge of the seal as the temporary
successor of Earl Li.

United States Shows Respect.

The flag of the United States legation was
the only one half-masted today. Musi-
cians beat drums about the house of Li
Hung Chang.

Li Hung Chang's estate will remain in-
tact for the use of his eldest son, who will
provide for the other members of the
family.

Yuan Shi Kai, successor in the govern-
ment of the province of Shan Tung, is an
unknown man, who has been holding an im-
portant though lucrative position as grain
commissioner in one of the inland towns
of the province. He will be watched with
the deepest solicitude, as the peace of
China will largely depend upon his course.

Wang Wen Shao, who is 74 years of age
and deaf, was never rated as a statesman
or a diplomat. His appointment is probably
temporary.

Prince Hastens to Court.

Telegraphic communication with Prince
Ching was obtained today. He is hastening
to meet the court. After consultation he
will return with Wang Wen Shao, who is
accompanying the prince on his now five
days' journey from Kai Fong Fu.

Emperor Kwang Su, report says, is as-
serting himself and leading the imperial
cortege on horseback. Native papers as-
sert that he will compel the nobles to take
military positions and to study military
science.

A private letter from a European now in
Tai Yun Fu says that two British officers,
with a party of Indian soldiers, encoun-
tered the imperial procession, were sus-
pected of unfriendly motives and were de-
tained as prisoners by the emperor's body-
guards for a few days. Apparently this was
an exploring party, commanded by
Major Manford and Captain Hunt, which
has been operating in that region for
some time.

Conger Tells of Changes.

WASHINGTON, Nov. 8.—Minister Conger
at Peking has informed the State depart-
ment that Yuan Shi Kai has been ap-
pointed to succeed Li Hung Chang as vice-
roy of Chi Li and that Wang Wen Shao
has been appointed deputy viceroy of the same
province. Yuan is the present viceroy of
Shan Tung province.

Yuan Shi Kai, who succeeds Li Hung
Chang as viceroy of Chi Li, is the best
appointment that could have been made
from all China, according to Mr. Rockhill,
the special commissioner of the United
States to Peking. He is about 45 years old
and came originally from the province of
Hunan, where he began his public career
as a military officer. He was made min-
ister to Corea and for many years ably de-
fended Chinese interests in that troubled
country. As viceroy of Shan Tung he
showed surprising ability in tranquilizing
that dangerous province, while his gift for
diplomacy was exercised fully in preventing
friction between the turbulent population of
the peninsula and the Germans when the
latter were steadily encroaching from their
original holdings. Kao Ching on the north
coast. As a militia man, Yuan showed his
ability by the organization of what is un-
doubtedly the best military force in China,
and they were his troops that occupied
Peking last September when the foreign
forces were withdrawn. They are thor-
oughly disciplined and well officered, and,
considering Chinese conservatism, they
form a magnificent display of Yuan's
ability.

Wang Wen Shao, who is made deputy
vicar of Chi Li, is a man of marked
ability. Fortunately he has always been
friendly to foreign interests and is not a
reactionary. He was one of the grand secre-
taries of state, and is at least one of the
two ministers appointed from the new
Chinese foreign office, who will replace
the aging Li Yuan some time ago, besides
being director of missions abroad.

PREMIER SUED BY HIS MOTHER

Widow of Robert Dunsinuir Asks for
Accounting of Portion of Her
Husband's Estate.

VICTORIA, B. C., Nov. 8.—Mrs. Bryan
Dunsinuir, widow of the late Robert Dunsinuir,
founder of the fortune of British
Columbia's wealthiest family, has entered
an action against her son, James Dunsinuir,
premier of British Columbia, which in-
volves a portion of the estate. Mrs. Dunsinuir
asks for the delivery of 4,442 shares in the
R. G. Dunsinuir company. She also
wants an accounting of all dividends and
profits upon said shares from January 31,
1900.

Two shares mentioned in the action are
believed to be those left by the late Alex-
ander Dunsinuir to his brother and the
action in no way affects the fortune left
by Mr. Dunsinuir to the widow and her
daughter, Edna Wallace Hopper, the
actress.

ISLANDERS PLUCK UP HEART

Governor of Porto Rico Finds His
Charges Prosperous and An-
xious for Education.

SAN JUAN, Porto Rico, Nov. 8.—Governor
Hunt has returned from his tour of the
island. He expressed himself as de-
lighted with the spirit of co-operation
which he found throughout the various
sections of the country and the increased hope-
fulness of the people. He reports that the
crops indicate a heavy sugar production
and a large yield of coffee. Improvements
in municipal arrangements are also no-
ticeable and intense interest was shown
in education wherever he went. There was
a demand for more schools. Fifty thousand
pupils are attending schools and 200,000
are unable to obtain tuition.

ADELAIDE HAS STORMY TRIP

Incoming Boat Reports Rough
Weather Off Japan in Which
Steamer Goes on Rocks.

VICTORIA, B. C., Nov. 8.—The steamer
Queen Adelaide arrived this morning after
a stormy passage of twenty days from
Kobe, Japan. It encountered rough weather
off the Japanese coast and made very little
headway for three days. From the Japanese
port it brought news of the loss of the
steamer Hik Maru, which ran on the
rocks off Goto island on October 12. Its
crew of five being lost. The steamer was
carrying coal from Kobe to Hong Kong.

ST. PETERSBURG, Nov. 8.—The Jesup
expedition has finished its work. The leader,
Norman H. Buxton, an American, has ar-
rived at Moscow, after having traveled
5,000 miles in Kamchatka and other semi-
polar districts. He and his party have
brought with them 100 boxes of collections
for the American Museum of Natural His-
tory in New York City. Duplicates will
be given to the St. Petersburg Academy of
Science. The explorers have thoroughly in-
vestigated many tribes during the last four-
teen months.

with the approval of the whole nation.

ICE PROLONGS LONG VOYAGE

First of Sailing Vessels Which Dis-
place Steamers is Five Months
Reaching Philadelphia.

PHILADELPHIA, Nov. 8.—The first
vessel to be caught in Antarctic ice this
season, a remarkable experience owing to
the fact that the ice was within 100 miles
of Cape Horn, was the sugar-laden bark
Nuanuu, which was docked at the sprinkles
sugar refinery today after a run of 129 days
from the Hawaiian Islands. Nuanuu left
Honolulu in June last and after having en-
countered two severe gales in the Pacific
ocean was caught in the field ice in the
early part of September while rounding
Cape Horn on its way to the Atlantic ocean.
Far to the south nothing but drift ice
could be seen. The sea was smooth and
there was no sign of land. The weather
was fair at this time and enabled Nuanuu
to work its way into clear water. Captain
Joseph, the vessel's master, calculated that
the ice was about 800 miles south of Cape
Horn.

Nuanuu's run was over 14,000 miles. It
is the first of a fleet of sugar-laden sailing
vessels bound from the Hawaiian Islands
to Philadelphia and New York, which, it
is said, are to displace steamers which have
found the trade unprofitable owing to the
long run.

GRAVE CRISIS IN TURKEY

Sultan's Yielding to French Demands
Shows Vast Possibilities.

WHOLE LAND SEETHING IN DISORDER

ern Consideration.

(Copyright, 1901, by Press Publishing Co.)
CONSTANTINOPLE, Nov. 8.—(New York
World Cablegram—Special Telegram.)—The
sultan's yielding to the French demands
brings out the full gravity of the situation
planned by the engineers of the Baghdad
system, will be built along the lines that
General Manderion indicated to the War
department officials last week. After a
great deal of argument General Manderion
succeeded in bringing the officials of the
engineer corps to the army to his way of
thinking, overcoming objections that for a
time seemed insurmountable. The new
bridge, which is to take the place of the
present structure, will be ten feet lower
and will be built with the idea of running
two tracks across it instead of one, as at
present. The War department, which has
charge of the bridges across the navigable
streams of the empire, was averse to
permitting the new bridge to be lowered,
but when shown that vessels could pass
under the proposed structure without dif-
ficulty the officials approved the plans as
submitted by General Manderion. It is in
Washington, having come to see his daugh-
ter, Mrs. H. D. Koutzke (formerly Clara
Palmer) of New York, who, with her hus-
band, leaves for Hot Springs, Ark., tomor-
row. Captain Palmer goes to New York
today.

John Muir was today appointed elevator
conductor in the public building at Du-
buque, Ia.

Dr. L. A. Harris was today appointed
penal examining surgeon at Sheridan, Wyo.

G. Moore has been appointed post-
master at Cambria, Wyo. county, Ia.

Mail contracts awarded: Nebraska, Alta
to Ord, J. W. Ulrich of Alta; South Dak-
ota, Kuen to Sully; Lorenzo Bucken-
berger of Kuen.

Indian Supervisor E. L. Chalcraft, late
superintendent of the Wind River school,
Wyoming, has been assigned to the fourth
school district, embracing Wyoming, Mon-
tana, Idaho, Washington and Oregon.

PIE COUNTER IS LOCKED UP

President Will Not Give Out Any
More Appointments Till
Congress Opens.

WASHINGTON, Nov. 8.—President Roose-
velt has decided not to make any more ap-
pointments until congress meets. All re-
cess appointments must be reapointed upon
the assembling of congress and the presi-
dent thinks that all the larger appoint-
ments should be held up until he can see
the names directly to the senate. No im-
mediate action, therefore, will be made in
representing the Ohio organization and
collaborship of the port of New York. Such
action as will be taken has not been de-
termined definitely, but if the present in-
clination of the president prevails both Ap-
praiser Wakeman and Collector Bidwell
will be succeeded by other appointees.

Representative Payne, chairman of the
ways and means committee of the house
and republican leader of that body, saw the
president today in company with Repre-
sentative Steele, who is also a member of
the committee. The meeting today fol-
lowed a conference which they had with the
president yesterday. The president dis-
cussed with them matters of reciprocity,
revenue and tariff which come before their
committee at the approaching session of
congress and yesterday read to them the
portion of his message covering these
subjects. Mr. Payne and Steele are ar-
dent supporters of the Payne tariff and
representatives of the committee are firmly
opposed to tariff revision at this time, de-
agreeing entirely with the views of Mr.
Babcock of Wisconsin, who favors revision
on certain lines.

PLANS TO BUILD THE ARCH

Two Associations Formed to Perpet-
uate McKinley's Memory Hold
a Conference.

WASHINGTON, Nov. 8.—The plans of the
two associations formed for the purpose of
erecting memorials to William McKinley,
the monument at Canton and the memorial
arch at Washington were the subject of an
informal conference this afternoon between
Senator Hanna and Secretary Taft, both
representing the Ohio organization, and
Commissioner H. B. McFarland of the
Washington Memorial association.

There was a general comparison of notes
regarding the work undertaken by the two
bodies and an exchange of ideas as to the
method adopted for raising money. An
earnest desire was expressed to avoid any
conflict of the two organizations, as the end
sought by both associations is the same,
viz., the perpetuation of the memory of the
late president.

An effort will be made to prevent any pos-
sible conflict or embarrassment in the
collection of subscriptions and both organi-
zations will use their utmost efforts to ac-
complish the purposes for which they were
set on foot. The conference showed that
both bodies are well organized to prosecute
the work undertaken. No definite action
was taken, as the gathering was informal
and for purposes of consultation.

STOCKMEN'S FIGHT TAKEN UP

Supreme Court Heats Arguments on
Commissioner's Decision Against
Chicago Terminal Charges.

WASHINGTON, Nov. 8.—The United
States supreme court today heard argu-
ments in the case of the Interstate Com-
merce Commission against the western rail-
roads terminating at Chicago. The case in-
volves the legality of the terminal charge
of 25 cents per car on all cars for the Union stock
yards at Chicago in addition to the through
rate charged. The commission decided
against the terminal charge, but the rail-
roads appealed to the court. Arguments
were made for the commission by William
A. Day, S. H. Cowan and David Wilson and
for the railroads by Lloyd W. Bowers.

Paroled Bandit Decides Not to Accept
Position as Captain on the
Police Force.

MINNEAPOLIS, Nov. 8.—A. A. Ames,
master of Minneapolis, today tendered Co-
nrad Younger, the notorious bandit, recently re-
leased from the Minnesota state prison on
parole after serving twenty-five years of a
life sentence, a position as captain on the
local police force. Cole took the matter up
with his friends in St. Paul, where he is
now engaged as clerk in a grocery store. He
emphatically stated that he did not want to
accept the position, but would carry with it
the least bit of notoriety. Upon the advice
of his friends he decided to refuse the offer.

CAPTAIN SWOBE APPOINTED

Vacancy Finally Fills Omaha an
Assistant Quartermaster
with Captain's Rank.

WASHINGTON, Nov. 8.—The president
has appointed Thomas Swobe of Omaha
an assistant quartermaster in the army,
with the rank of captain, to fill a vacancy
in the regular army. Captain Swobe served
in the regular army for many years, first
as corporal of the Twelfth Michigan volun-
teers, and afterward as first lieutenant of
that regiment. He also served as a cap-
tain and assistant quartermaster of volun-
teers during the recent war with Spain.

Department of Practicability
of His Plans.

(From a Staff Correspondent.)
WASHINGTON, Nov. 8.—(Special Tele-
gram.)—The proposed new steel bridge
over the Missouri river at Plattsmouth, as
planned by the engineers of the Baghdad
system, will be built along the lines that
General Manderion indicated to the War
department officials last week. After a
great deal of argument General Manderion
succeeded in bringing the officials of the
engineer corps to the army to his way of

HE IDENTIFIES LONGBAUGH

Former Prosecuting Attorney of
Wyoming Remembers Alleged
Holdup's Past Record.

ST. LOUIS, Nov. 8.—The Post-Dispatch
today says the man arrested suspected of
being one of the robbers who held up the
Great Northern flyer near Wagner, Mont.,
July 2, 1901, was positively identified today
as Harry Longbaugh, who is known to have
been one of the participants in the robbery.
The identification was made by a St. Louis
business man who was prosecuting attorney
of Wyoming in 1887, when Longbaugh was
recognized as a number of a gang of horse
thieves and convicted. This man asked the
police to conceal his identity, which is done.
Longbaugh started when the St. Louis
man first walked into his presence today.
The prisoner still refused either to admit
or deny his identity after the interview.

FINALS FROM THE ELECTION

Nebraska is Republican by Plurality of
Thirteen Thousand.

PRACTICALLY REVERSAL OF LAST OFF YEAR

Republican Plurality Substantially
the Same as that for Fusion Su-
preme Judge in 1890—Vote
Decreases 39,000.

All except four counties—Dawes, McPherson,
Sheridan and Sioux—are included in
the table of election results printed else-
where. These four counties combined last
year cast only 2,988 votes and gave a plu-
rality of 220 for Payne, fusion. The coun-
ties included in the table give Sedgwick a
plurality of 12,783. The missing counties
will not change these figures materially
either way. The republican candidates for
recess are elected by substantially the same
plurality. These figures, as compared with
the last off year election, 1899, show a
change of about 13,000 votes, when it went
fusion on supreme judge by practically the
same plurality given to Sedgwick last year.

The eighty-six counties reported cast a
total vote on the head of the ticket of
181,870, as against 223,309 for governor last
year. If the remaining counties should
cast as many ballots as in 1900 it would
show a falling off from the vote on govern-
ment of 29,000 and a still larger amount
if compared with the vote on presidential
electors.

HELP FOR STRANDED MOTHER

Wife of Invald Soldier Finds Him-
self Unable to Assist Her on
Her Journey.

CHICAGO, Nov. 8.—Investigate case of
distress at Harrison Street station and if
found genuine forward to Fargo, my ex-
press. This is the telegram which United
States Senator Hansbrough of North Dak-
ota sent to Assistant State Attorney
Barnes today when he heard of the dis-
tress of Mrs. George Gilligan of Fargo, who
was stranded in this city without money
or friends and with a six-week-old baby boy.

Detectives looked into the matter im-
mediately, found the case to be one of
real need, and notified Mrs. Gilligan that
a ticket to Fargo awaited her at the depot.
Scores of persons who had heard of the
woman's sad plight also sent her liberal
contributions. Mrs. Gilligan's husband is
an invalid soldier of the Spanish-Ameri-
can war and she was on her way to Fargo
from her home in Indiana when she became
stranded here.
