BATES TO COMMAND DOUBLE

Will Have Charge of Two Departments When General Merriam Retires.

A dispatch to The Bee from Denver says that General John C. Bates, in command of the Department of the Missouri, will assume temporary command of the Department of Colorado upon the retirement of General H. C. Merriam, which takes place November 12.

"General Bates," the telegram continues, "will direct the affairs of both departments from Omaha. General MacArthur, it is practically assured, will assume command of the Colorado department permanently the latter part of this year."

General Bates, who, with Colonel McClintock and Captain Erwin, returned to Omaha yesterday from a tour of inspection of the southern forts, says he has no official notice that he will be placed in command of the Department of Colorado. "Still, I would not be surprised if that arrangement were carried out," said he, "very probably will be. General Merriam is to retire soon and General MacArthur will not be in a position to succeed him immediately, being engaged on the brevet board at Washington. However, I don't want to be quoted as saying anything positive on the subject."

Had Colds are quickly cured by Chamberlain's Cough Remedy. It acts on nature's plan, loosens the cough, relieves the chest and opens the secretions, effecting a permanent cure. MAIL BOXES FOR TARGETS Country Boys Destroy Facilities Along the Rural Free Delivery Routes.

Many complaints are being received by postoffice inspectors regarding the destruction of boxes placed by patrons along rural free delivery lines. The last complaint comes from Minden, Neb., whence William Reema writes stating that boys have used several boxes as targets for practice with guns, the boxes of Louis Reema and Charles J. Burchell being particularly mentioned. Previous to this complaints of the same nature were received from Valley.

The provisions of the federal law guarding the boxes is very severe, making their destruction a felony, and the postal authorities have been requested to investigate the matter.
