

POPULISTS TWT DEMOCRATS

Party Organ Makes Feeble Attempt to Explain Republican Triumph

SUPERINTENDENT FOWLER ISSUES LETTER

Advices County Educators on Various Matters of Public Importance—General News of Nebraska.

(From a Staff Correspondent.)

LINCOLN, Nov. 8.—(Special.)—The populist party organ, the Nebraska Independent, makes a feeble attempt in its issue today to explain the reasons for the republican gains in all sections of the state.

"So little attention was paid to the election that even at this writing, Thursday morning, only estimates of the vote can be given in this state. It is, however, conceded that the republicans have carried the state, electing a member of the supreme court and the two representatives.

"In Ohio the republicans carried the state by an immense majority, the largest except in the instances that the party ever had. It is to be hoped now that McLean and his crowd of gold bugs will be satisfied and return from politics.

"The Lancaster county Gentleman's Roadster club gave the last racing matinee of the season at the fair grounds yesterday afternoon. The proceeds from the sale of tickets, amounting to over \$100, were donated to the McKinley Memorial church fund.

The Academy of Music building at the southwest corner of Eleventh and O streets was at the contractor's sale this afternoon for a price approximating \$60,000.

The State Board of Public Lands and Buildings has extended for an indefinite period the time allowed contractors to submit bids for rebuilding the hospital for insanity at Norfolk.

The State Superintendent Fowler has issued a circular to the school officers of the state calling their attention to the sections of the statutes which prohibit the sale of cigarettes or tobacco to minors.

Always the Best The Illustrated Bee It Has No Rival

COMPETITORS LONG AGO QUIT trying to even equal The Illustrated Bee, but their defeat has not lessened the effort to make such a number of their excellent publications better than the one preceding. In their own self it has the lowest subscription price. That it has been able to keep the pace since the first issue is a credit to the man who is admitted by all who are familiar with it. In its next number it will present some beautiful half-tone pictures made from photographs of subjects of general interest, as well as the usual number of specially prepared articles. Some of the features are:

An Iowa Beauty

For the frontispiece is a reproduction from a photograph of Miss Frances West, one of the handsomest and most beautiful of fair Hawkees. She has been chosen to spin a bottle of wine on the evening of the launch at Quincy, Mass., some time this winter. A special article accompanies the picture.

Leader Among Women

Carrie Lane Chapman-Catt is one of the most prominent figures in the world of women today. Her recent work in the west has attracted much attention. The Illustrated Bee has an excellent picture made from a photograph taken at the anti-slavery tea party by a staff artist.

Two Swell Weddings

One in Manila and one in Washington, are illustrated with handsome pictures of the bride and groom and the bridal party. One of the most brilliant affairs ever in Washington in years. The other is a decidedly interesting society occurrence.

Bustling City of Java

Frank G. Carpenter describes what he calls the "New York of Java," being of the city of Batavia, local and general. He goes more than a mile into the interior of the island of Java, and in an interesting way points out the opportunities of the island. The Illustrated Bee also illustrates this letter by a staff artist.

Inspection of Meat

Many people know in a nebulous sort of way that there is an inspection of meat at the packing houses, in an interesting letter, "Inspection of Meat," the author, Mr. J. D. Ayer, who is in charge of the meat inspection in the city of Omaha, tells how the inspectors watch the animals from the time they are slaughtered until the meat is finally sold under the government seal. A group of pictures made from photographs taken especially for The Illustrated Bee shows some features of the work.

Shower of Shooting Stars

Next week the astronomers expect to witness the Leonids, the wandering stars which visit the earth about once in a century. The article tells what these wandering stars are, and how the astronomers have prepared to observe the light. An illustration shows the method to be used in observing and photographing the shower.

Vaducts and Commerce

One of the features of modern commerce is the complex methods of transportation and the construction of the various forms. An interesting article tells how the difficulty arising from the existence of the vaducts has been overcome. The vaduct is the key to the situation. Along with this article are some excellent illustrations.

Other Features Complete

In addition to the features enumerated the other departments of the Bee are complete in every respect. Nothing has been slighted and nothing overlooked. So that the Bee will certainly be as good if not better than any of its predecessors.

Order It Today The Illustrated Bee Out on Sunday

TRAINMAN SHOT IN STOMACH

Revolver is Discharged, Inflicting Probably Fatal Injuries Upon Its Owner.

GRAND ISLAND, Neb., Nov. 8.—(Special.)—Zach Tichener, a baggage man on the St. Joseph & Grand Island road, who has run into this city for the last twenty years, was accidentally shot in the stomach yesterday near Washburn, Kan. He was alone in his car and was presumably loading his revolver, or cleaning it, when it was discharged, the ball entering the stomach. He was removed to his home at St. Joseph and placed in the hospital. It is not expected that he can recover. He was the proprietor of a grocery store at St. Joseph.

Mrs. Keyser at State Normal

PERI, Neb., Nov. 8.—(Special.)—Dr. Arnold Tompkins delivered the second lecture in the State Normal course, his subject being "Literature." The next number in the course will be the Hahn-Parkes quintette. Mrs. Judge Keyser of Omaha recently entertained the women of the State Normal and faculty with a stereopticon lecture on "The Mural Paintings of the Boston Public Library." Much time and money are being spent for the improvement of the athletic field on the Normal ground. When completed it will be one of the best fields in the west.

Omaha Firm Helps Yutan Church

YUTAN, Neb., Nov. 8.—(Special.)—The Omaha Elevator company, through J. D. Phillips, its agent at Yutan, has subscribed \$50 toward the building of a new German Lutheran church in Yutan. The farmers near here are mostly Germans who in May of the present year organized into the St. John's German Lutheran church, with Rev. Dr. G. A. Neff as their pastor. Formerly these people worshipped with the English members of Zion church, but now they have grown so strong that they wish to have a church for themselves, numbering about 200 members.

Wymore Library Reopens

WYMORE, Neb., Nov. 8.—(Special.)—The public library, which was closed about one month ago, on account of lack of funds, is to be reopened by the P. E. O. society and Fortnightly club of Wymore. A library book was organized last night and the following officers elected: Mrs. H. J. Wetmore, president; Mrs. Robert Penton, vice president; Mrs. J. A. Reeling, secretary; Mrs. S. E. Yoder, treasurer.

DAKOTAN KILLS HIS ENEMY

William Walter Shoots Joe Middleworth at Centerville.

ESCAPES, BUT LATER GIVES HIMSELF UP

Is Said to Have Crushed His Feeling Against His Victim Some Time—Later Leaves a Family.

YANKTON, S. D., Nov. 8.—(Special Telegram.)—Joe Middleworth was shot and killed in Frank Allen's saloon last night at Centerville by William Walter.

There had been bad feeling between the two men. Yesterday afternoon about 3 o'clock Walter bought a revolver and a short time afterward is said to have returned to a friend at Centerville. Walter got in his way he would shoot. During the evening both men were in the saloon drinking, but the bartender says he does not believe they spoke to each other. About 10:15 Walter drew his weapon and began shooting. The first bullet struck the floor and glanced through the window. The second struck Middleworth in the back and passed through his heart, coming out through the right side of the breast. Middleworth staggered about twenty-five feet out of the door and dropped dead.

ROBBERS SPURN FREE SILVER

Take Only the More Valuable Deposits of Bon Homme Bank at Scotland, S. D.

YANKTON, S. D., Nov. 8.—(Special Telegram.)—The Bon Homme State bank of Scotland was broken into last night, the safe blown open and nearly \$6,000 stolen. The robbers made good their escape.

Bustling City of Java

Frank G. Carpenter describes what he calls the "New York of Java," being of the city of Batavia, local and general. He goes more than a mile into the interior of the island of Java, and in an interesting way points out the opportunities of the island. A SENSATIONAL RECOVERY.

A Venerable Wisconsin Lady Restored to Health by Peruna After Twenty-five Years' Suffering.

(Special news from Evansville, Wis.) EVANSVILLE, Wis., Nov. 11.—A woman cured of catarrh of twenty-five years' standing was the occasion of Peruna being introduced to the inhabitants of Evansville, Wis. From that time to this there has been a great demand for Peruna in this vicinity and hundreds of cases have been cured.

It is in this manner that Peruna spreads from town to town and from state to state. No sort of advertising could have given Peruna the reputation it has. The secret of its success is that it makes cures. It cures old cases of catarrh where other remedies have failed. This ought to make any remedy popular.

Mr. C. R. Harden, of Evansville, Wis., writes the following letter:

"Dear Doctor Hartman—I wish to write to certify what Peruna has done for me. I read of Peruna in the papers, of what it would do for catarrh, and sent for a bottle. This was the first bottle of Peruna that ever came to Evansville; from my using it

Startling Statements from Kentucky, Illinois and New Hampshire of Other Remarkable Recoveries.

WILLARD, Ky.—The news of the recovery of Mrs. Elizabeth Frazer is a very striking instance of the wonderful curative powers of Peruna. This estimable lady had been an invalid from catarrh of the stomach and bowels for twenty years. No wonder her many friends are enthusiastic over her recovery. She writes: "It is through the aid of God and your medicine that I am permitted to write you this letter. I have been a constant sufferer from bowel and stomach trouble for a long time. I have tried every other medicine and could never find relief until I began the use of Peruna.

"I began the use of your medicine the first day of last September and have taken nine bottles of Peruna, and can say that I believe I am cured of my troubles and I think I am enjoying my good health as any old lady of my age could expect. I am seventy-one years old. I recommend Peruna to sufferers wherever I may meet them and others of my friends are being benefited by it. I think it is a Godsend to poor, suffering humanity.

"I will always be thankful to you for your medicine and kind advice and trust that many others will take your remedy and be as greatly benefited as I have been."

DEADWOOD, S. D., Nov. 8.—(Special.)—The Harrison Telephone company has sold all of its franchises, etc., to a company backed by H. D. Matze of Chicago, possession to be taken at once. This Harrison company was organized by local people and is covering the Black Hills and extending as far west as Sundance, Wyo. The new owners intend to invest \$50,000 in the improvement of the line. It is asserted that one of the possibilities of the deal will be an electric line from the belt towns to Spearfish and possibly farther west. The figures given out some time ago, when other parties were figuring on an electric road from Deadwood-Lead to Spearfish, were about \$140,000. The company that has purchased the line is able financially to build an electric line.

WOMEN'S TONGUES TO BLAME

Mrs. J. H. Hartman of Medicine Bow Kills Himself Because of Their Attacks.

CHEYENNE, Wyo., Nov. 8.—(Special Telegram.)—Because women talked about her, Mrs. J. H. Hartman of Medicine Bow took her life this afternoon by shooting herself with a rifle. The woman had brooded over the electric line her reputation was so far believed the last her husband, Mr. Hartman was asleep in the house, but did not hear the shot fired.

Copper King is High Card

TIE SINKING, Wyo., Nov. 8.—(Special.)—The Copper King mine near this place seems to be the richest copper property ever discovered. Specimens of copper ore taken from the mine a few days ago run as high as 90 per cent copper and large quantities of ore run 70 and 75 per cent. Some chunks of 90 per cent copper weighed from 100 to 200 pounds. The mine is owned by a Massachusetts and Connecticut syndicate and W. C. Lynde of this place is the manager. It was discovered several years ago when two men drove over the hills and picked up pieces of float that ran from 50 to 90 per cent copper.

Lay Blacking to Nebraska

STURGIS, S. D., Nov. 8.—(Special.)—Blacking among cattle has appeared in a number of places on the Black Hills ranges and a number of deaths occurred. It is supposed that the disease came from Nebraska some place. The disease has been here before and it has been found that vaccination stamps it out. In Nebraska the animal is vaccinated at the root of the tail while in the HUB the virus is injected into one of the shoulders.

Wanted: A Preacher

STOX FALLS, S. D., Nov. 8.—(Special.)—Rev. Dr. J. E. Herman of Milford, N. H., to whom local Congregationalists had extended a call as pastor of the church here to fill the vacancy caused by the resignation of Dr. D. B. Scott, has decided not to accept the call, and the church is again without a pastor.

Wanted: A Preacher

STOX FALLS, S. D., Nov. 8.—(Special.)—Rev. Dr. J. E. Herman of Milford, N. H., to whom local Congregationalists had extended a call as pastor of the church here to fill the vacancy caused by the resignation of Dr. D. B. Scott, has decided not to accept the call, and the church is again without a pastor.

As it cured us both of catarrh of long standing. We have called every little while to inquire as to what Peruna has done for us. I say "Look at us. That is proof enough!"

"I send you a picture of my residence. I helped build a house in Iowa City on the first of last June, and worked eighty-two days, only losing one quarter of a day during the whole time. How is that for an old man 77 years old? I came home in September and have built another house out in the country this fall and am well and hearty today.

"I hope to live twenty years yet, and if Peruna helps me in the future as it has in the past, I don't know why I can't. The druggists say Peruna is one of the best selling medicines they have in stock."

Peruna can be relied upon to cure slight colds and coughs and other catarrhal ailments with a promptness that is unequalled by any other remedy.

If a cold has settled in any portion of the body and produced catarrh, it is generally thought by people that they must suffer on year after year without any hope of cure. This is not true, however, Peruna cures such cases. Thousands of testimonials that can never be used attest this fact.

Any one wishing free literature on this subject should address Dr. Hartman, Columbus, Ohio.

"My youngest son had a gripe four years ago, and as he had supposed had got well, or so far recovered that he went to work. He took a relapse and the pneumonia set in. He had hemorrhages, and though we tried everything we could think of it was to no purpose until we gave him Peruna. The hemorrhages stopped, and
