and December outs 148 ar depressed. Provisions chosed 25g to 5e down.

In absence of any definite support the trade of the wheat pit resolved liself into a stendy decline. Both Liverpool and Paris cables were lower and this started trade with a decline of 148 at to 322 at for December at 128 at 25 at 12 at 16 a

The seaboard reported 10 loads taken for export.

Corn was heavy, the influence of the government report on the crop condition being blamed for much of the weakness. This report, which showed a condition of 18.4 husleds to the acre, over \$2,00,000 bushels, had been expected and was no more beartish in itself than had been forceasted. This influence, however, with weaker cables, brought a decline for December of \$250.5 at the opening. There was a moderate early support, both local and by commission houses, and prices advanced by. Trade was dull and on an attempt to unload several long lines prices sugged. The decline in wheat added another straw to weaken the market and December closed at its bottom price, weak, Paffixe lower, at \$519458c. Rescipts were 150 cars. Outs showed considerable independence of other grains, though the heavy liquidation had some influence. Trade was good, the cash situation was strong and there was some professional buying. December opened land to be on fair efferings, resected slightly on demand, but gradually weakened to 38% on the pressure in the other pits. Covering brought lack the loss but at the close December was casy, 120% lower, at 38%c. Receipts were 250 cars.

Provisions were dull and ruled easier. Provisions were dull and ruled easier. Provisions were dull and ruled easier. There was a heavy run of hogs, with lower prices, but this influence was medited by their light weight. There was a small local demand, both by packers and shorts. January pork closed 5c down at \$14.55; January lard, 2½%5c lower, at \$8.55, 48.55; and January ribs, 2½c lower, at \$7.57½77.79.

NEW YORK STOCKS AND BONDS.

Prices on Wall Street Turn to a

Sharp Decline. NEW YORK, Nov. 12. There was rather NEW YORK, Nov. 12—There was rather less buying demand and rather more irregularity in the stock market from the outset. The hesitation in the advance grew and turned to sharp reactions in the late dealings. Selling to take profits was joined to extensive short lines, put out by the bear party on the argument that the rise in prices, after enduring for so great a length of time, must have made the market favorable to attack, but there still was persistent points of strength in the market, and, although the extreme advances in the strong stocks were notably PARRIGY—Per doz. 25c.

pectations. It is to be recollected that the projects which stimulated our stock inflation and even to some extent the manipulations of the market were furthered by the resources of these foreign borrowings. In the present movement more than one stock has reached a record price and all stocks are undeniably high-priced. On the other hand, the extraordinary railway earnings and trade activity are natural incentives to speculation. Today's returns of gross earnings for the first week in November show such increases over last year as 53 per cent for Rio Grande Western, 22 per cent for Chicago Great Western, 23 per cent for Chicago Great Western, 21 per cent for Canadian Pacific, 17 per cent for Wabash, 15 per cent for Chicago & Eastern Illinois and 9 per cent for St. Paul. The government estimate on the corn crop, although it offered no very unexpected information, renewed the depressing influence of the heavy shortage in the crop and the crop carrying railroads in the west and the southwest were therefore most acutely affected by the profit-taking. The cut in price of sugar especially affected that stock. The market closed active and weak.

There was another large day's business in bonds, but the price movement was irregular. Total salies, par value, \$5,280,00), United States bonds were all unchanged on the last call.

United States bonds were all unchanged on the last call.

The Commercial Advertiser's London financial cablegram says: The stock market today was quiet. American shares pausing for the consummation of the Northern Pacific deal. They hing around parity and closed heavy on the duliness in New York, but finally railled on the curb, the features being Eric preferred and Canadian stocks. New York bought the latter freely on the fine traffic returns. Paris strongly supported Rio tintos, but the reported selling by Senator Clark on the rise and rumors of anti-trust legislation by President Roosevelt checked the advance. Gold to the amount of £50,000 has gone out to Denmark, £50,000 to South America and £20,000 to Maita. The sum of £17,000 has been engaged in Australia. The price of bark is 75,104d. Money is scarce and the bank is reported as a borrower on consols.

New York Mining Stocks.

NEW YORK, Nov. 12.—The following are the closing prices on mining stocks:

PARIS. Nov. 12—Prices on the bourse today opened steady, but there were few
transactions. The close was firm. Argentines were eagerly demanded and finished
with a sharp rise. Italians and Brazilians
were firm. Tramways and ThompsonHouston declined, but recovered largely at
the close. Russian industrials were irregular. Rio Tintos were firm in response to
New York. Kaffirs advanced on peace rumors, but later became caim. The private

rate of discount is unchanged at 215-16 per cent.

LONDON. Nov. 12—Money was in good demand today owing to the preparations for the settlement, and as a result of the treasury bills allotment. The firmness of continental exchanges weakened discounts. Prices on the Stock exchange were irregular and business was inactive. Gilt-edged securities opened lower and afterward improved. Home rails were lower. Americans opened firm, following New York, but later friegularity developed. The feature was the rise in Union Pacifics. The close was steady. Grand Trunks were weak, Kaffirshad a hardening tendency on a rumor that the Boers are in favor of surrender, regardless of their leaders. There was little increase in buying.

BERLIAN, Nov. 12—Business on the bourse today was gulet and prices were irregular, owing to the absence of stimulus. Northern Facifics were firmer on New York advices. Canadian Pacifics were dull. Argentines were substantially higher on London advices Locals were beavy.

Argentines were substantially higher London advices. Locals were heavy. Condition of the Treasury.

Wool Market.

BOSTON, Nov. 12.—WOOL.—The demand for wool this week was entirely satisfactory for dealers and quite a large business was done. The effect of the tree buying the previous week tended to stiffen prices, but no advance of any material consequence is noted, though dealers are talking a firmer market and say the outlook for the market is encouraging. The market for territory wools is firm and unchanged. General quotations are yet about the same. Fine territory grades are quoted on the scoured busis of the with fine medium at 40943c and staple lots at 45447c. Some fair lines of Australian fine wools were cleaned up this week at ruling prices, but this is below cost of replacing them from abroad. Quotations. WILL FAVOR NICARAGUA ROUTE Canal Commission's Report to Prev-

ident is Porcensted-Will

WASHINGTON, Nov. 12 .- For the first time in several months the Isthmian Canal commission had a full meeting today, Admiral Walker presiding. They heard reports of committees and it is expected that nearly all of the week will be consumed in a discussion of these reports. They comprise investigation of the following subjects: The Nicaragua route, the Panama route, other possible routes, the indus-trial commercial and military value of an

inter-oceanic canal and rights, privileges and franchises. When this work is concluded the commission will take up the report to the president, which will embody the committee reports on these several subjects and the conclusions of the commission, which, beyond question, will favor the Nicaragua route. The commission is anxious to get its report into the hands of the president as soon as possible and therefore it is not unlikely that it will be ready for presentation early next week.

SCHLEY BOARD IS SECRETIVE Not a Whisper of the Proceedings to to Reach the News

Bunters.

WASHINGTON, Nov. 12.—The Schley court of inquiry held its regular session today. It was stated positively after the session that not the slightest linkling of the nature of the court's verdict would be obtainable before it is rendered formally and that no statement whatever, not even regarding the progress of the work, would be given to the public. It is the purpose of the court to have Secretary Long's announcement of the finding news in the strictest sense of the word.
