

MOSE JACOBS WINS HIS SUIT

Des Moines Plea for Newby Secured Receiver for Estate.

MULLAN CUTS OFF THE MILEAGE SNAP

Attorney General Decides that State Educational Institutions Must Pay Traveling Representatives' Bills Out of Own Funds.

(From a Staff Correspondent.)

DES MOINES, Nov. 16.—(Special.)—In the district court today "Mose" Jacobs, the famous newboy of Des Moines, won his suit for an accounting of the estate of his mother. The court decided that a receiver shall be appointed for the estate for the receiver Jacobs. It was shown that during the twenty years of the experience of "Mose" as a newboy he had turned in his earnings to his mother for investment and keeping and that the property was due almost entirely to the energy and frugality of the boy. Some time ago "Mose" was married to an Omaha girl and he abandoned the street and opened a handsome newstand on Fifth street. About the same time the mother died and "Mose" was appointed administrator. He showed that Mr. Jacobs, who soon after married again, had about \$14,000 of property which was accumulated by the latter. "Mose" also claims there is something like \$20,000 worth more that ought to be accounted for. By having a receiver appointed for the estate of his mother the matter can be settled equitably and "Mose" will recover a proper share of the small fortune which he made by selling papers on the street for twenty years.

Mullan Tips the Auditor.

Attorney General Mullan today rendered a decision for the benefit of the auditor of state in relation to the allowance of mileage and per diem under the code to trustees of the State Normal school while attending committee meetings other than at the Normal school and while traveling outside of the state under direction of the trustees. He holds that committee meetings may be held any place in the state and pay may be allowed for such meetings; but in regard to travel outside of the state the auditor has no right to compute mileage and per diem under the code. He does say, however, that the trustees may provide for payment of such expenses of members acting on committees, but it must be by special act of the board. This will put a stop, it is thought, to one abuse that has been prevalent in the state for some time. Bills have been presented for travel to Chicago and back and the auditor has been asked to pay the same on the mileage basis. Hereafter the expenses of trips for the state educational institutions will have to come out of the institution funds.

New Corporations.

The Bear Creek Fuel company of Eldon has been incorporated with articles filed with the secretary of state, capital, \$20,000; D. A. Jay, president; D. J. Lloyd, secretary. The Farmers' Co-Operative Creamery company of South English has been incorporated, capital, \$5,000; C. S. Tronheim, president; L. D. Young, secretary. The Iowa Box company of Des Moines has been incorporated, capital, \$5,000; O. M. Smith, president; F. M. Rice, cashier.

Plans of Equal Suffragists.

A meeting of the executive committee of the Iowa Equal Suffrage association will be held here soon to consider articles in the legislature. The executive committee is composed of eleven members, as follows: Mrs. Adelaide Ballard, Hull, president; Mrs. Evelyn H. Holden, Sioux City, vice president; Mrs. Nellie Nelson, Sheldon, corresponding secretary; Mrs. Eleanor C.

Stockman, Mason City, recording secretary; Mrs. Anna Ankey, Des Moines, treasurer; Mrs. Mary O'Connell, Des Moines, member National Woman's Suffrage association; Amelia E. Bonham, Ottumwa, and Daisy Deighton, Shenandoah, auditing committee; Mrs. Kate Powers, Sheldon; Mrs. Kemp, Waverly; and Mrs. Florence Maskery, Maquoketa.

It is the intention of the women to make a determined effort to have the legislature submit to the people an amendment to the constitution permitting women to vote in Iowa and they are confident that it will go through both houses at this time. At the last session the senate adopted such a resolution, but the house refused to concur. A canvass of members of the house this time leads the women to believe they will favor the movement.

State Funds for Lobbying.

The State Board of Control has only nominal authority over the state educational institutions and can only consider the financial affairs of these institutions. It is the report of the board just filed there is severe criticism of the manner of using some of the state funds. Regarding the use of funds at the State university and State college, the board says:

"The investigations made show that it had been the practice of the governing boards of the three educational institutions to appropriate each year sums of money for the purpose of similar entertainments. It may be said in support of the practice that it is necessary for centers without legislative disapproval; that it is common in similar private, if not public, institutions. We are not disposed, however, to think that at least doubtful if such use of the public funds is authorized. It detracts from the dignity of the institutions and is a wasteful expenditure of public money. We are not disposed to recommend that it be continued."

We condemn with less hesitation another use of public money disclosed by the investigations. It appears that about \$200 of the funds of the college at Ames were used by the trustees for the entertainment of members of the faculty to attend the session of the twenty-eighth general assembly. This included a dinner for one person for nearly \$50. Bills for similar purposes, but for a small aggregate of money, were allowed by the trustees of the State university. It is our understanding that expenses may be incurred by officers of the institution as well as all other institutions in attending sessions of the general assembly which are made necessary to appear and give information on legislative matters asked by legislative committees, but that the expenses are not of that character. We are not disposed to recommend that such information or assistance be given by the trustees of the institution. That such use of funds, whether public or private, is dangerous is well established.

Wants a New Courthouse.

Orange City is after a \$50,000 courthouse. The Sioux County Board of Supervisors has issued a call for a special election December 18 to vote on the question of issuing bonds for the building of the structure. Orange City will bear all the expense of the election, and is confident the proposition will carry as a new courthouse is badly needed. Orange City also gives \$15,000 in cash toward a new building and a block of ground four blocks nearer the depot than the old site.

Coal on State Land.

The State Board of Control has decided to open a coal mine on the state's land near Clarinda, and it is expected that the product will be sufficient to supply not only the bituminous need of the hospital for the insane but also to provide much of the fuel for other state institutions.

Judge L. G. Kinne, chairman of the board, returned this morning from Clarinda, where he made the regular monthly inspection of the institution. While there he visited the new coal mine that has been opened not over 200 feet from the state farm. He found that a vein of excellent coal had been opened and that it would prove to be a paying mine. The vein is eighteen inches in thickness. A mile from the farm a vein is being worked that is three feet in thickness. Assistant State Geologist A. G. Leonard has made a report on the existence of coal on the state farm, and is convinced that a good paying vein underlies the surface. The opening of the coal mine so near the state farm removes all question and it was decided this morning that the board

should take action. It is believed that the state can effect a great saving in the mine of its own coal.

BUILDING UP OF CHARACTER

American Society of Religious Education Discusses Betterment of Mankind.

IOWA CITY, Nov. 16.—The first annual conference of the American Society of Religious Education convened here today. Superintendent R. C. Barrett presiding. The following addresses were made: "The Cause We Seek to Serve," Rev. J. E. Gilbert, Washington, D. C.; "The Influence of Journalism on Character Building," William H. Davidson of the Burlington Hawkeye; "The Agent in Character Building," President Charles E. Shelton of Simpson college; "The Value of Present Family Methods in Building Character," Prof. Thomas Nicholson of Cornell college.

Short papers were read by President McCormick of Coe college, President Beardshear of Iowa State college, Superintendent Stanley of Des Moines, Prof. E. A. Bolton of the University of Iowa and C. J. Kemp, superintendent of the State Sunday School association.

At the evening session brief papers were read by President John Gordon of Tabor college and Prof. Jesse Macy of Iowa college, followed by a general discussion on character building.

JUMPS FROM CAR WINDOW

Victim of Cigarettes Leaps from Moving Train in Iowa and Disappears.

CARROLL, Ia., Nov. 16.—(Special Telegram.)—A man supposed to be A. F. Fletcher of Chicago jumped from a car window on train No. 3, the Chicago & Northwestern Pacific express, between Jefferson and Carroll, Ia., today. His car was not called for. Letters found in the overcoat show the man to have been the victim of melancholia, superinduced by excessive indulgence in cigarettes, and that he had been sent to a sanitarium for treatment in a Chicago sanitarium for that affliction. A certificate from Chicago brokers stating that they had purchased and charged to his account twenty-five shares of stock in the tin can trust, an itemized statement of operating expenses of some factory belonging to the trust and a list of factories in the trust were found in his overcoat pockets; also a pint flask containing a small quantity of whisky. The articles described were literally buried in cigarette papers and tobacco.

C., where Mr. Whittell attended the reunion of Company A, Twenty-fifth Iowa regiment. Mrs. Lucy P. Kimball, mother of Assistant County Attorney C. F. Kimball, and

Kodol Dyspepsia Cure advertisement with large stylized text and 'Digests what you Eat' slogan.

Starvation seems a strange remedy for any disease. Yet starvation by rigorous diet was once generally resorted to in cases of indigestion or other stomach trouble. Even yet it is sometimes tried. Such a remedy is worse than useless. Every day of life consumes a portion of the tissues of the human body. The food we eat serves to repair this waste and you can't build up the system by withholding material for the purpose. If the stomach is in such condition that it cannot furnish it the task must be performed without the stomach's assistance. Kodol Dyspepsia Cure is the only preparation which accomplishes this. There are others which act on certain kinds of food, but Kodol Dyspepsia Cure is the only one which digests them all as the stomach digests them. Man is so constituted that he needs a variety of food and to reduce this variety always produces bad results.

No dieting is necessary. Gentlemen—I have been a great sufferer for many years from indigestion which has become almost chronic and have suffered untold pains which were always worse after eating a hearty meal. I took two bottles of Kodol Dyspepsia Cure and am now a well man and life seems worth living. Peter Sherman, No. Stratford, N. H. Suffered Untold Agony. Gentlemen—I want to say that your Kodol Dyspepsia Cure is the best remedy for all stomach troubles that I ever used. It is the only remedy I ever used with any good results. For years, I have been troubled with the severest form of dyspepsia, at times compelling me to remain in bed and causing me untold agony. I am completely cured by Kodol Dyspepsia Cure and I have recommended it to several friends who have also purchased it with the same results. I always offer to pay the purchase price if it fails but so far have never paid. The first dose relieves. Geo. W. Lane, Pewamo, Mich. Gentlemen—For twenty years I suffered the most agonizing pains with dyspepsia. For years I regularly tried every doctor and medicine that I could secure but without relief, until at last I became convinced that I would die. Your agent at this place finally induced me to try a bottle of Kodol Dyspepsia Cure. I commenced to improve from the very first dose and after taking six bottles I am as well as I ever was in my life. You are at liberty to publish this and I hope that it may be the means of relieving some sufferer from that terrible disease, dyspepsia.—Mrs. M. Houston, Omaha, Mo. Recommends It To All Sufferers. Gentlemen—I have been afflicted for four or five years with dyspepsia. I have tried various remedies without any good results and finally was induced to use Kodol Dyspepsia Cure. I cannot say too much in its favor as one bottle cured me. I recommend the remedy to all who suffer from the same cause.—David Maylor, Windridge, Penn. Gentlemen—This is what I have to say about Kodol Dyspepsia Cure.—About a year ago I could not drink either tea or coffee, drinking only hot water, and could eat but very little food, until I began taking the Kodol Dyspepsia Cure, and I then began to improve at once. After taking the Kodol Dyspepsia Cure during the summer I can not only retain what I eat, but I can drink either tea or coffee, and I have gained so that I am hardly considered by my friends as being the same woman. I cannot say too much for what it has done for me, and I recommend it most cheerfully to all sufferers from indigestion and stomach trouble.—Mrs. Jeffrey, Georgetown, Wis. Cured By Half a Bottle. Gentlemen—I am one of the many sufferers from dyspepsia and after buying several papain remedies, I concluded to give your Kodol Dyspepsia Cure a trial. I did so and am now glad that I did. Half a bottle cured me entirely and I have not been troubled with dyspepsia since I used this medicine.—W. D. Lance, Meredith, N. H.

Prepared by E. C. DeWitt & Co., Chicago. The \$1.00 bottle contains 2 1/2 times as much by actual measurement as the trial size which sells for 50 cents.

Arrested for Theft of Corn. Charles Peterson, whose home is said to be in Omaha, was committed to the county jail here yesterday for eighteen days by Justice John W. Crow of Minden, Peterson, it is said, started out to gather apples in a wagon and falling to find any loaded up his wagon with corn from the crib of a farmer living near Minden. The farmer happened to detect Peterson in the act and at the end of a shotgun made him unload the corn into the crib again and then drove him to Minden, where he turned him over to the constable.

Happy Childhood Knows What's Best. Medicine that a child dislikes, will not do it much good. Sensible parents will give the little darlings medicine that tastes good and does good, and don't grip or gripe; the kind they like themselves.
