Everything on the Chicago Pourd Looks Decidedly Bearish.

DROP IN PRICE IS UNIFORM AT HALF CENT

December Wheat, December Corn and December Onts All Suffer About Equally-Provisions Close Twenty Cents Lower.

CHICAGO, Nov. 18.—Bearish statistics and general bearish conditions provailed in all grains today and December wheat cown and December outs ac lower. Provisions closed Total to 20c lower.

Wheat ruled weak throughout the sessions Early cable advices were discourage. down and December oats %c lower.

Visions closed Tydiles to 2% lower.

Wheat ruled weak throughout the session. Early cable advices were discouraging, though they were based, it was thought, on the decline here Saturday. In Receipts, both primary and northwestern, were heavy, and the week-end statistics of shipments, amount on passage and visible supply were all considerably increased and bearish. Heavy liquidation at once at it, based principally on the 3,718,936 bushels increase in the world's visible supply. December, which obened a shade to 1,27% lower, fluctuated narrowly for a time, fighting the decline, but after a few buying orders were filled December sagged rapidly to 71%. The weakness in the coarser grains had a depressing influence, but at the low prices shorts covered freely and sent December up slightly. The close was weak, 3,7% thinker, at 7,27% c. Counidering the volume of bearish ammunition fired at this pit today the traders fell that it held well. Local receipts were 63 cars, one of contract grade. Minneapolis and Doluth reported 1,412 cars, making a total for the three points of 1,475 cars, against 1,371 last week and \$51 a year ago. Primary receipts were 1,815,000 bushels, against 1,312,000 last weak and 7,774,000 the corresponding week a year ago. The increase of breadsuffs on passage was 1,290,00 bushels. Liquidation was the feature of the corn pit. Commission houses generally had orders to zell and the demand was slack. The cash situation was not so active as it was last week and the buil side of the market seemed to have lost its nopularity. Country offerings were small, but it was reported that more new corn was coming forward, especially from lows. On the

market seemed to have lost its popularity. Country offerings were small, but it was reported that more new corn was coming forward, especially from lowa. On the soft spots bulls did some buying, bit on the whole the market ruled weak. December, which opened is to low an elosed weak, it is sold between 50c and 60c and closed weak. It is sold between 50c and 60c and closed weak, it is country offerings also were 112 cars.

Outs were heavy on liquidation. Receipts were nearly 100 cars in excess of the astimates. The country offerings also were heavy, the castern demand slack and buying generally holding off. Long outs were put on the market by prominent professionals, though there seemed to be no concerted pressure. December onened in 50c and closed weak, in the lower, at 1950c and closed weak, in face of the grain weakness. Prices opened steady, but on a fair country demand for pork, starting shorts to cover on the light weight in hogs marketed today, the close was firm. January pork closed 20c higher at \$15.10, January lard 10c up at \$8.60 and January ribs 75.60c higher at \$1.725.67.75.

Estimated receipts for thmorrow: Wheat, 105 cars; corn, 210 cars; outs, 210 cars; hogs, 37.000 head.

NEW YORK STOCKS AND BONDS. Wall Street Feels Effect of Unprece-

dented Gold Shinment. NEW YORK, Nov. 18.—The largest shipment of gold which ever left New York in a single day will be carried on the steamship sailing tomorrow and touching at French and German ports. The aggregate engagements amount in round numbers to \$7,050,000, and with the exception of a small portion for Berlin the whole amount is destined for Paris.

This constitutes a sufficiently impressive movement of specie to explain easily the hesitating tone developed in the stock market. The depression of prices became general at one time, but was decidedly uneven, several stocks in the list offering resistance to the decilne and reflecting continued large buying and vigorous support. The most acute depression was shown by sistance to the decline and reflecting continued large buying and vigorous support. The most acute depression was shown by the stocks of railroads immediately concerned in the northwestern railroad settlement and the special cause of this was easily perceptible in the vigorous expression of opposition to the company and its objects by the governor of Minnesota, who entrenched himself behind laws on the state statute books. Assurances, however, were given out in Wail street with official sanction that these statutes had been fally considered and that in the opinion of learned counsel none of them was violated in the formation of the Northern Securities company. This, however, did not avail to remove entirely the chilling effect of the hostile attitude assumed against the company. Outside of this special portion of the

ceding sale, and there was a notable demand all day for the American Locomotive stocks, which lifted the common 2½ and the preferred 3. Declines in the general list, which had run from 1 to 3 points at one time, were reduced by this late raily and the market closed firm.

Railroad bonds were only moderately active and were irregular. Total sales, par value, \$2,945,000. United States refunding 1s declined ½ per cent on the last call.

The Commercial Advertiser's London financial cablegram says: The stock market was generally cheerful today. American shares were inanimate, but firm here early, but the close was dull on New York advices and on the curb were flat on fears of gold shipments from New York, save in the case of Reading and United States Steel, which received New York support. Blo tintos spurted and one bear account was disclosed in Paris. A statement was put out that the copper output to the end of the year had been sold. It is reported that Mr. Hayes will return to the management of the Grand Trunk railway. Moncy is casy. The government's large disbursements enabled the government to repay the Bank of England £2,00,000. Gold in bars is 773 9½d. The continental demand has ceased. The fortnightly copper statement shows a decrease in stocks of 220 tons and in supplies of 605 tons. Paris exchange is 25.15.

Rob an Oklahoma Bank.

*Rob an Oklahoma Bank.

KANSAS CITY. Nov. 18.—A special to the Star from Wellington. Kan., says: Safe blowers, who are believed to have been the same who attempted to rob the bank at Milan Sunday morning, blew open the safe of the bank in Manchester, south of here, in Oklahoma Territory, so the suthorities learned today. They secured small booty, but demolished the bank. The robbers were seen near Milan Saturday evening in a wagon. One of them was in Wellington Saturday morning, where he had some detail work done and said he would have to hurry back to Milan, where he had left his team and companions. The police have his description. There were three men in the supposed robber party.

Murder and Sufeide. KANSAS CITY. Nov. 18.—The dead bodies of Inez Gordon and Harry Gisard, both colored, were found on the floor of a room at 1413 Grand avenue in this city carly today. The police believe from the evidence at hand that the man murdered the woman and killed himself. The woman was shot through the head and heart and the man was clutching the revolver, with which he had shot himself.
