WASHINGTON, Nov. 27.—The annual report of Postmaster General Charles Emory Smith, made public today, gives the following statement of financial operations...

Rural Free Delivery.

Rural free delivery finds an enthusiastic place in the postmaster general's report. He says: The rural free delivery has advanced with increased stride...

Advantages of the Policy.

The policy of rural delivery is no longer subject of serious dispute. It has unmistakably vindicated its merits...

Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body. The vital functions are impaired, food does not nourish, and the whole system is run down.

His Own Unsolicited Statement.

This is Sarsaparilla

Promises to cure and keeps the promise. The earlier treatment is begun the better—begin it today.

LIST OF DEAD INCREASES

Twenty-Nine Workmen Among the Ruins at Detroit.

FUND TO RELIEVE STRICKEN FAMILIES

Presenting Attorney Employs Professor Cox to Determine Cause of Explosion at Pemberton Plant.

SLAIN IN TORMENT

(Continued from First Page.)

DETROIT, Nov. 27.—When the search of the Pemberton Injector company's plant wrecked by a boiler explosion yesterday morning was completed tonight the death list had reached a total of twenty-nine. All but two of the company's employees have been located and as these men worked in the front building, which was not wrecked, it is thought that they are at their homes. The men's addresses are some on the company's books, so it may be some time before they are located. Following is the list of dead:

LOUIS A. HENNING, aged 28, married. PATRICK MALLOY, married. CHARLES MARVIN, aged 24. JACOB KOEBEL. CHARLES A. LILLY, aged 24. A. E. MILLER, aged 20. E. H. HOFFMAN, aged 28. ED BURCHILL, aged 17. EUGENE BERTCH, aged 24. STEVEN KROSS, aged 20. BARNY MIOTKE. GEORGE SCHROENER. CHRISTOPHER WALDMAN. JOHN COFFEY, aged 17. JOHN FREAY. GEORGE DOWNES. ADOLPH KNAPP. JOSEPH KOSACK. WALTER DEE. RICHARD BRYAN. JOHN SCHABELE. DOUGLASS DICKSON, boy. WILLIAM EGGERS, boy. PETER POLL. Mortimer E. Cooley of Eastbound train, which was telegraphed. Walter Greig, Joplin, Mo., badly hurt about head. F. A. Palmer, conductor parlor car, got out all right. Lester Strong makes the following statement: Mrs. M. E. Stringer, Bellevue, Mich., spine injured and skull fractured; may die. Frank Heider, Baltimore, ribs broken. Salls Zook, Burdette, Ill., slight. Salls Shoemaker, Adrian, Mich., hip injured. Victor Cohen, 184 West Green street, Brooklyn; home St. Paul, Minn. Jesse Williams, Detroit; back and hip hurt. George T. White, 476 East One Hundred and Seventy-sixth street, New York; serious. Thomas Crehan, 461 Norway street, Buffalo; leg injured. Wilfred Crehan, Batavia, N. Y.; slight. Ina Harard, Logansport, Ind.; internally injured. Anna Kazou, Denver; injured about head. Katherine Platt, Denver, slight. Mrs. Joseph Jacka, Ellettsville, Colo., slight. F. Carroll, Jonawanda, N. Y., badly bruised. Amelia, Colton, Colorado, slight. G. W. Sweeney, Detroit, bruised about head and legs. A. R. Donivan of 6441 Wentworth avenue, Chicago, is among the wounded.

FIRES FIFTY SHOTS

(Continued from First Page.)

was dispatched Tuesday, having on board about fifty soldiers, or Chamo, or its vicinity, where it was claimed a party of liberals under General Torres has received quite recently a fresh supply of arms and ammunition. Sa Paulo and Barbacoa are known here to be liberal strongholds and places very easy to defend, while to cross the bridge spanning the Chagres river, now swollen, was next to impossible for an attacking force. The feat was accomplished, however, but the reason the liberals abandoned Barbacoa is not clear. Finding that the death rate on the government side was very great, many bodies falling into the river. An attempt was also made to make a detour on the river in boats, but as the Chagres was swollen and the boats capsize and many men were drowned. General Castro commanded the government forces at Barbacoa. General Alban tried to get a train yesterday morning to convey 200 men to the scene of the engagement at Barbacoa. A train of Iowa said that not a single armed man would be allowed to entrain. Bitter Feeling Against Americans. "The feeling here against foreigners, particularly Americans, runs high. "A special train at Panama to convey General Alban, alone and unarmed, awaited the arrival of hours of the morning train.

SENSE ABOUT FOOD.

Facts About Food Worth Knowing.

It is a serious question sometimes to know just what to eat when a person's stomach is out of order and most foods cause griping and pains. Grape-Nuts Food can be taken at any time with the certainty that it will digest. Actual experience of people is valuable in any case where the stomach is out of order. Mrs. Ella Nation, 1452 Grand Ave., Terre Haute, Ind., had suffered with indigestion for about four years, ever since an attack of typhoid fever, and at times could eat nothing but the very lightest food, and then suffer much distress. Her stomach I would wish I never had to eat anything. I was urged to try Grape-Nuts Food and since using it I do not have to starve myself any more, but I can eat it at any time and feel nourished and satisfied, and dyspepsia is a thing of the past. "When my stomach used to have that burning, hungry sensation my heart would flutter, just as sufferers with stomach trouble know about, and when I was so weak I could hardly walk I would get up and get some Grape-Nuts and eat them and the trouble would stop right away, and I kept growing better and better. "My husband also had an experience with Grape-Nuts Food. He was very weak and sickly in the spring. He would not attend to his work. He was put under the doctor's care but medicine did not seem to do him any good until he began to use Grape-Nuts. It was positively surprising to see the change in him. He grew better and better and he has now had words of praise for Grape-Nuts. "Our boy thinks he cannot eat a meal without he has Grape-Nuts, and he learns so fast as school that his teacher and other scholars comment on it. I am satisfied that it is because of the great nourishing elements in Grape-Nuts. "It is a pity that people do not know what to feed their children. There are many mothers who feed their youngsters on the most any kind of food and when they become sick begin to pour the medicine down them. The real way is to stick to proper food and be healthy and get along without the medicine and expense.

LONG LEASE OF BURLINGTON

Nine Hundred and Ninety-Nine Years is the Term Specified.

RATIFICATION DUE IN CHICAGO TODAY

Every Line Now Controlled and Operated by the Quiney Route is Involved in This Transfer of Authority.

DEATH RECORD.

By Governor Waite.

BURLINGTON, Ia., Nov. 27.—(Special Telegram.)—The Chicago, Burlington & Quincy Railway company, the \$100,000,000 corporation recently incorporated here for the purpose of operating lines in this and other states, is about to enter into a 999-year lease of all the lines owned, controlled and operated by the Chicago, Burlington & Quincy company. Papers necessary to effect the transfer have been prepared and the lease has been authorized by the stockholders of both companies in meetings recently held. It is understood that the lease is not intended to be a legal document, but that it already bears the signatures necessary to make it a legal document. It is understood that at the meeting of the stockholders of the Chicago, Burlington & Quincy Railroad company to be held in Chicago tomorrow the lease will be ratified and that at a similar meeting of the Chicago, Burlington & Quincy Railway company will be taken. To complete the deal the Chicago, Burlington & Quincy railway people will also meet and elect permanent officers. The old officers will be re-elected by the new regime. Accordingly, the Chicago, Burlington & Quincy railway has simply leased to itself under a new name what it owned and controlled under the old organization. The exact terms of the lease cannot be ascertained, but it is understood that the old company will continue to be the dividend-paying concern and that both boards as well as both official rosters will be the same. The mystery of the frequent adjournments of the Chicago, Burlington & Quincy Railway company's stockholders' meetings has been explained. It is stated that the annual meetings will hereafter be adjourned from week to week, so that any official act that may become necessary to the welfare of the property may be done without delay. The method by which the company in the Hill in connection with the Great Northern road and has been found of great convenience in case of emergency. With reference to the organization of the new railway company it is explained that such a concern was deemed essential in connection with refunding of bonds, which will be begun in 1902. At present the Chicago, Burlington & Quincy Railroad company has a large assortment of special bonds issued against various portions of the system and for a variety of purposes. About \$28,000,000 worth of these miscellaneous bonds will begin coming due soon and will have to be paid. It is the purpose of the owners of the property to issue in their stead bonds of the Chicago, Burlington & Quincy Railway company to make the authorized issue sufficient to take care of the future needs of the system. The proceeds of the new bond issues will be available for all purposes and the financial policy will be greatly simplified. Such a plan, however, could not be carried out without the organization of a new company, incorporated, as is the Chicago, Burlington & Quincy Railway company, in a state whose laws do not require that the bonds of a corporation bear a certain relation to the amount of capital stock. It is asserted that for this reason the new company would have been organized irrespectively of the change in control of the Burlington.

CHANGES IN THE B. & O. STAFF

J. C. Stuart, General Superintendent of Middle and Northwestern Division Promoted.

BALTIMORE, Nov. 27.—The following changes in the staff of the Baltimore & Ohio railway were officially announced today: J. C. Stuart, general superintendent of the middle and northern divisions is appointed general superintendent of transportation, vice William Gibson, retired. The line from the west end of Chicago Junction to Chicago will be known as the Chicago division. D. D. Carothers is appointed superintendent of the Chicago division, with headquarters at Chicago. The jurisdiction of W. R. Woodford, general superintendent, is extended over the middle and central divisions. P. C. Batchelder, superintendent of the Chicago division, is appointed superintendent of the middle division, with headquarters at Newark, O. Vice T. J. English, transferred.

WESTERN PACKING STATISTICS

Marketing of Hogs Still Further Increases Over Preceding Week and Same Week Last Year.

CINCINNATI, Nov. 27.—(Special Telegram.)—The Price Current says the marketing of hogs has been further increased. The total western packing is 735,000, compared with 666,000 the preceding week and 825,000 last year. Since November 1 the total is 2,335,000, against 1,550,000 a year ago. Prominent places compare as follows: Chicago, 300,000; Kansas City, 200,000; Omaha, 150,000; St. Joseph, 100,000; Indianapolis, 50,000; Milwaukee, 25,000; Cincinnati, 25,000; Cedar Rapids, 15,000; Sioux City, 15,000.

PHILADELPHIA

The Pennsylvania Railroad company has given formal notice of the permanent abandonment of the trolley service between Mount Holly and Burlington, N. J., which has been interrupted by the burning of the power house at the former place several weeks ago, and of the return to the use of steam as motive power. The Pennsylvania company selected the short line between Mount Holly and Burlington for an experiment with electricity as a motive power for heavy traffic and a thoroughly up-to-date power plant was installed at Mount Holly. The electric equipment was put in operation June 18, 1898. The working of the system was closely observed by the officials of the company, and while they refrained from public utterances on the matter, it became known after the line had been in operation for some time that it did not meet their expectations and that there would be no extension of the electric system.

TRAINMEN REMAIN AT WORK

Switchmen Must Wage Their War Without Other Union's Help.

PITTSBURG, Nov. 27.—The railway trainmen desired officially and finally, at a delegate meeting held in the Avenue theater today, that they would continue at work, notwithstanding the strike of the Switchmen's Union of North America. This means that they will take out their main issue by nonunion men and that the switchmen who are members of the Brotherhood of Railway Trainmen will not join the strike of the other union. At a late hour tonight Messrs. Morrison and Fitzgerald held an acute conference with Henry Thirten, general superintendent of the Pennsylvania lines. What the subject of the conference is has not been learned yet. The strikers continue confident of ultimately winning the strike and say the action taken by the Brotherhood of Railway Trainmen will not materially affect their cause. They say the roads are to all intents and purposes tied up and that tonight even passenger trains are being blocked. The company officials say that what delay there may be in passenger service is caused by the unusual congested condition of the roads here and elsewhere. Freight is Tied Up. The conditions as found today are about as follows: The Baltimore & Ohio made little attempt to move freight, locally, although several trains were made up in the Glenwood yards and sent over the "pike." Four crews worked until noon, when two were laid off. The yardmaster says eight solid trains were made up in the yards today. The Allegheny Valley road has experienced little if any relief and business in the yards is practically at a standstill. Only a few cars filled with perishable freight were moved. The Crescent mill at Forty-ninth street is reported partially closed and the Carnegie at Twenty-ninth and Thirty-third streets it is feared will have to suspend if the Allegheny Valley fails to get supplies to it soon. The Pittsburg & Western has fared pretty well today. It landed in the yard at Bennett station fifteen men from Philadelphia and three shifts were working. The officials now have hopes of breaking the strike in a few days. They have given their old men until tomorrow to return and if they fall new men will be put to work on it. A crowd attended by 300 switchmen was held tonight. It was announced that notwithstanding the action of the Brotherhood of Trainmen today, prohibiting members of the brotherhood from joining the strike, 100 men eligible to join the Brotherhood of Trainmen still in sympathy with the strike and willing to go out.

CONFERENCE OF MAGNATES SIGNIFICANT

NEW YORK, Nov. 27.—According to the Journal of Commerce, the object of the meeting of the western railroad presidents, which has been called for Thursday, December 5, in this city, is to discuss the traffic and rate situations. Such a conference, coming at the present time when the consolidation of the northwestern railroads has just been accomplished, is regarded as quite significant and it has been suggested that this conference will discuss the union of railroad interests in the northwest. The situation will be thoroughly canvassed, but it is not thought likely that any result or action determined upon will be made public.

PHILADELPHIA

The Pennsylvania Railroad company has given formal notice of the permanent abandonment of the trolley service between Mount Holly and Burlington, N. The working of the system was closely observed by the officials of the company, and while they refrained from public utterances on the matter, it became known after the line had been in operation for some time that it did not meet their expectations and that there would be no extension of the electric system.

MUTUAL INSURANCE MEETING

Executive Committee Arranges Plans for the National Convention at St. Paul.

The executive committee of the Mutual Insurance Companies' Association of the United States met at the Millard hotel Wednesday afternoon for the purpose of arranging other details for the national convention of the association. It was decided to hold the convention in St. Paul, Minn., the first Tuesday in March, 1902. The work of arranging the program for that occasion has just been accomplished. It is supposed that about 200 delegates will be present, representing every state in the union. The following officers and members of the executive committee were present: W. D. Forbes, Des Moines, president; W. B. Lynch, Lincoln, secretary and treasurer; H. A. Wiley, Keokwa, Ind.; C. N. Doane, Newton, Ia.; R. M. Scott, Topeka, Kan.; R. J. Young, Oelwein, Ia. They will leave today for their homes.

BALTIMORE, Nov. 27.—The following changes in the staff of the Baltimore & Ohio railway were officially announced today: J. C. Stuart, general superintendent of the middle and northern divisions is appointed general superintendent of transportation, vice William Gibson, retired. The line from the west end of Chicago Junction to Chicago will be known as the Chicago division. D. D. Carothers is appointed superintendent of the Chicago division, with headquarters at Chicago. The jurisdiction of W. R. Woodford, general superintendent, is extended over the middle and central divisions. P. C. Batchelder, superintendent of the Chicago division, is appointed superintendent of the middle division, with headquarters at Newark, O. Vice T. J. English, transferred.

WESTERN PACKING STATISTICS

Marketing of Hogs Still Further Increases Over Preceding Week and Same Week Last Year.

CINCINNATI, Nov. 27.—(Special Telegram.)—The Price Current says the marketing of hogs has been further increased. The total western packing is 735,000, compared with 666,000 the preceding week and 825,000 last year. Since November 1 the total is 2,335,000, against 1,550,000 a year ago. Prominent places compare as follows: Chicago, 300,000; Kansas City, 200,000; Omaha, 150,000; St. Joseph, 100,000; Indianapolis, 50,000; Milwaukee, 25,000; Cincinnati, 25,000; Cedar Rapids, 15,000; Sioux City, 15,000.

PHILADELPHIA

The Pennsylvania Railroad company has given formal notice of the permanent abandonment of the trolley service between Mount Holly and Burlington, N. J., which has been interrupted by the burning of the power house at the former place several weeks ago, and of the return to the use of steam as motive power. The Pennsylvania company selected the short line between Mount Holly and Burlington for an experiment with electricity as a motive power for heavy traffic and a thoroughly up-to-date power plant was installed at Mount Holly. The electric equipment was put in operation June 18, 1898. The working of the system was closely observed by the officials of the company, and while they refrained from public utterances on the matter, it became known after the line had been in operation for some time that it did not meet their expectations and that there would be no extension of the electric system.
