Streets Need Immediate Attention, But Repair Fund is Low-Union Thanksgiving Services Held.

The Fennell case has been decided by a ary in the district court and judgment against the city of South Omaha has been tendered for \$3,000. This is a case where the plaintiff sued to recover damages for personal injuries caused by reason of a de-

If this order was complied with repairs could be quickly made.

Dirty Streets and Alleys.

The streets and alleve in the business portion of the city are in a rithy condition. There is little or no money in the street repair fund at this time and judging from existing conditions it will be a long time before there will be. Citizens expect that one of the first mat-

ters considered by the Board of Health when it is organized will be the cleaning of backyards, alleys and the paved streets. Then there is a pesthouse to be provided, but where it will be located no one yet knows. Mayor Kelly favors putting up a galvanized iron house in some isolated part and Saturday matinee. Grading E Street.

The grading of E street from Twenty third to Twenty-fourth streets is nearly completed. If the present good weather continues for a few days more the work will be finished by the end of next week. This work is being done at the request of property owners and an ordinance is now being drafted by the city attorney providing for the issuing of district grading bonds to pay the cost.

Union Services Held.

Union Thanksgiving services were held at the United Presbyterian church yesterday River, and continues to lead. Is first in forenoon. Nearly all the pastors in the equipment; first in speed; first in imporcity participated. Rev. M. A. Head, pastor tant improvements; first in stupendous enof the First Methodist Episcopal church, delivered the sermon, which was appropriate to the occasion. The church was well filled and the sermon was greatly appreciated.

"It looks now," said a prominent democrat yesterday, "as if the mayoralty contest in the democratic ranks had parrowed down to Ensor and Loechner. The latter is going in to make the run of his life and he proposes putting up a fight at the primaries against Ensor.

It is a well-known fact that Dr. Ensor to a candidate and he is reported to be rebuilding his political fences now. In a conversation with a Bee representative Mr. Loechner said: "I am a candidate fare for round trip, plus \$2. Final return for mayor on the democratic ticket. The fight will be settled at the primaries. If Dr. Ensor or any other democrat is nomi-

choice of the convention." Repairing Pavements.

Street Commissioner Clark has about completed the temporary repairs to the pave ment on Twenty-fourth street. He is fill ing in the holes with broken stone taken from the city rockpile. The council ordered that the holes be filled with concrete, but as there is so little money in the street fund finely-broken stone is being substituted. By using this stone from the city rockpile the cost of these temporary repairs will amount to less than \$100.

A meeting of the East Side Improvement club will be held tonight at Twentieth and Missouri avenue. The questions of opening Twentieth street through the park and the locating of a depot near the foot of N street will be discussed. Dr. William Henry Loechner is in Vienna taking a post graduate course. Byron Smiley came up from the University of Nebraska yesterday to spend a few days with his parents, Mr. and Mrs. J. B. Smiley. The receipts at the stock yards yesterday were light. All stock was cared for, the same as on Sundays, and the employes cleared up all of the work before noon.

Judge Ents California Prones.

You can prune a gooseberry bush, a small boy's bair or a mill-hand's salary and thereby make each of them less. But it remained for George H.
