KIDNAPED CHILD RETURNED. Mystery Surrounds Abduction of Pretty Little Mabel Hussey. TAKEN FROM THE RAILROAD STATION. When Officers Begin Search She is Suddenly Restored—Guilty Persons Evidently Frightened at Police Activity. Mabel Hussey, a pretty 4-year-old orphan, reached the Christian Home in this city late Thursday night from Eureka Springs, Ark., after an attempt to kidnap her was made by unknown parties in Kansas City, where the child changed trains. A week ago Rev. J. G. Lemen of the Christian Home was written to by a member of the Home Band in Eureka Springs asking whether he would take a 4-year-old girl who had been left an orphan. The Home Band is an organization interested in the welfare of the Christian Home for Friendless Children in this city, which has branches in all principal cities of the United States. On receiving the letter Mr. Lemen replied that the home was open at all times to orphan children and directing that the child be sent here. Mr. Lemen received word that the child had been started on her way Wednesday and that she would arrive in Council Bluffs Thursday morning. His advice was to the effect that the child had been placed in charge of the matron. The matron went to the station Thursday morning to meet the child, but she was not on the train. From the conductor she learned that the little girl had reached Kansas City in safety, but while waiting at the station, where she had to change trains, she had suddenly disappeared from the waiting room, where she had been placed in charge of the matron. Mr. Lemen at once telegraphed to the authorities at Kansas City, asking them to use every effort to recover the child. During the afternoon he received word that the child had been returned to the station and would be sent to Council Bluffs on the evening train. The child reached here on the Burlington, being met at the station by Mr. Lemen and one of the matrons of the home. Mysteriously Returned. The child, a beautiful little tot, with curly hair and big blue eyes, is too young to tell anything of her adventure and consequently the attempt to kidnap her is shrouded in mystery. All that is known here is that while the child was sitting in the waiting room in the station at Kansas City someone took her away in the absence of the woman in charge of the waiting room and later after the police had been set to work on the case slipped the child back into the waiting room. All that could be learned from the child is "They took me," but when asked if it was a woman or man she was unable to tell anything further. Mr. Lemen was in communication with the authorities yesterday at Kansas City through the police of this city and he will do everything in his power to run the guilty parties down. He sent word to Kansas City that he would go there to prosecute if the authorities succeeded in arresting the persons responsible for taking the child away. Mr. Lemen thinks it possible that someone on the same train in which the little girl reached Kansas City, learning her story from the conductor and attracted by the little one's beauty, was prompted to kidnap her, believing that the child being an orphan and on her way to an orphan's home, no one would probably go to much trouble in looking for her if she was lost; that this person waited his opportunity until the matron in the waiting room was busy elsewhere and led the child away and that later learning that the child had been missed and the police were looking for her, became frightened and managed unnoticed to slip the little one back into the waiting room. This is the first time in the many years of the history of the Christian Home that any attempt has been made to molest any of the little children sent to it from all parts of the United States.

DEATH ENDS BALLETT TRIAL

McPherson Declines to Proceed with Jury

REBUTT WILL BE BIG INCREASE OF COST Means at Least Five Thousand Dollars to the Government—Other News from the Hawkeyes. State.

(From a Staff Correspondent.) DES MOINES, Nov. 29.—(Special.)—The trial of Leason Balliet, the "mining king" of Baker City, Ore., in the United States district court on indictment for use of the mails to defraud, came to a sudden termination this morning by Judge McPherson dismissing the eleven remaining jurors and continuing the case to the next term. The attorneys were anxious to have the case finished, despite the fact that one of the jurors had died, and the defendant appeared to be desirous that the case should proceed to a verdict at this time, but Judge McPherson ruled that even with the waiver of both the government and the accused of the full jury the case could not proceed under the federal practice. Some of the witnesses who came from the Pacific coast, mining experts and others, had given their testimony and had gone home, and many others were here to do the same. The case goes over to the January term of court. It is estimated that the postponement will cost the government \$5,000 or \$6,000, and it will necessitate the defendant changing lawyers, because A. B. Cummins, his chief counsel, will not appear in court after his inauguration as governor.

MINERS IN WRECK

Three Austrian miners arrived in Des Moines this morning to work in the coal mines near the city, coming direct from Austria. Their party consisted of seven men who were on the train of the Washburn railroad which was wrecked in Michigan, and the others of their party were instantly killed. The three who arrived here escaped with but slight injury and came on.

CONTRAVERSY OVER BILL

A peculiar controversy has arisen here over a small bill for physician's services. In the family of Charles Cox a baby was born a few days ago. The family was quarantined in the account of smallpox at the time. The regular city health officer was called and refused to attend to the case, declaring that he had nothing to do with any case unless it was of smallpox. The city physician was sent for and went to the quarantined house in performance of his duty. Cox has put in a bill for \$20 extra compensation, but the mayor will not allow the bill to be paid. It will probably be carried into the courts for settlement.

WATERWORKS TO BE SOLD

Judge McPherson has ordered the Centerville waterworks to be sold at master's sale. The company has been in the hands of a receiver for several months and has been running behind. The city of Centerville also owns the company a large sum, and its affairs are in a bad tangle. A hearing on the case was had at the last term of court in Creston and the bondholders asked that the property be sold to satisfy their claims.

PORT DODGE ENGINEER DISABLED

FORT DODGE, Ia., Nov. 29.—(Special Telegram.)—Engineer W. D. McKinley of the Illinois Central railway was badly injured this morning in an accident near Rock Lake. McKinley was speeding his locomotive when it struck a hole in a connecting rod broke and smashed a cylinder. The cab was filled with blinding steam and McKinley jumped, after setting the air brakes. He rolled down a steep embankment and was found senseless at the bottom. His right shoulder was fractured and his spine injured. He is at his home in this city suffering intense pain.

BALLETT CASE GOES OVER

DES MOINES, Nov. 29.—In the United States district court this morning the Balliet jury was dismissed owing to the death of one of its members. The result for the case could not agree as to trying it before the eleven remaining jurors. The case was continued until the next term. Balliet is the owner of the White Swan mine in Baker, Ore., and is accused by the United States with having used the mails to further a fraudulent scheme by which he sold stock to the amount of \$250,000.

ROTH WOMEN STILL ALIVE

SOFTIA, Nov. 29.—According to a letter dated Dubuque, November 28, Miss Stone and Mrs. Tsika are still alive. The letter in question further says that at a recent meeting of the committee held in Dubuque it was definitely decided not to kill the prisoners on any pretext whatever. Nevertheless, the committee insisted on the payment of the full amount of the ransom. A naive suggestion is current here to the effect that the United States should force Turkey to pay the balance of the ransom and as soon as the prisoners are safe the safety force should rush those persons guilty of their abduction.

DANCE TONIGHT AT HUGHES' HALL

Subject to Military Duty. County Auditor Innes is preparing a list of the names of persons in Pottawattamie county subject to military duty. The law requires that this list shall be made out every alternate year and sent to the adjutant general of the state. This list should have been made out last year, but as Auditor Innes omitted to do so he is sending it this year in place of simply the mere number of persons, as he is required to do every other year. The list for this year shows an increase over 1900. In 1900 the number of persons in this county subject to military duty was 6,308, while this year it is 6,435, a gain of 127. Council Bluffs the number in 1900 was 2,098, while this year it is 2,219, an increase of 121. Kane township, outside the city, has the smallest number, only thirteen persons being listed as subject to military duty.

DIGESTS WHAT YOU EAT

KODOL DYSPEPSIA CURE. A healthy stomach, capable of digesting a good, square meal, is a great blessing. It keeps the body strong by insuring plenty of nourishment. In fact, it means perfect health. But something must be done when the stomach is so tired that it can't digest what you eat, for undigested food poisons the blood. We can recommend a preparation that completely digests all classes of foods—that is KODOL DYSPEPSIA CURE. It gives the stomach perfect rest and allows you to eat and enjoy the variety of food that is necessary for maintaining health. It never fails to cure indigestion, after everything else has failed. It is pleasant to take and can be used in all conditions. "For many years I suffered from chronic indigestion, and it seemed as though nothing was going to do me any good. On the advice of a friend I commenced using Kodol Dyspepsia Cure. It gave me immediate relief and I continued its use, until now I feel that I am cured."—Henry F. Cramer, Wendellville, N. Y.

DEASED KIDNEYS CURED FREE.

Thousands Have Kidney Disease and Do Not Know It.

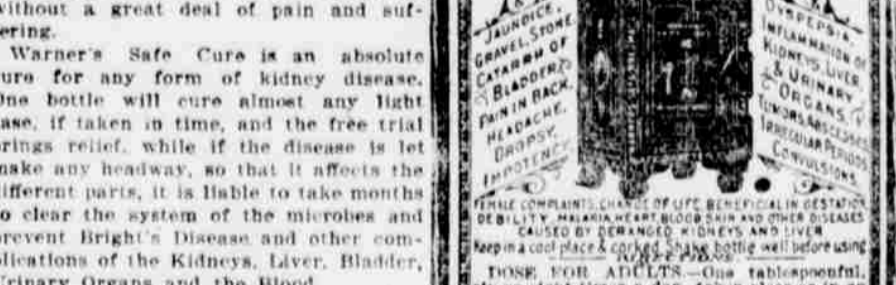

WARNER'S SAFE CURE CURES

If at any time in your family history there has been any trace of kidney disease you can't be too careful. You should test your kidneys and find out for yourself if there is any trace of the disease in your system, as there is no other disease that causes as many complications as such suffering as diseases of the kidneys, as the blood is filtered and purified through the kidneys. If there are germs of disease in the kidneys they pass through the blood until all the different parts of the body become diseased. Rheumatism, Bladder Trouble, Nervous Indigestion, Eczema, Scrofula, Salt Rheum and Rheumatic Gout are all caused by kidney trouble, and a kind which does not announce itself by any outward symptoms.

In the morning put some urine in a glass or bottle, let it stand twenty-four hours; if then it is milky or cloudy or has a reddish, chalky sediment in the bottom of the glass, or if particles or germs float about in it, your kidneys are diseased, and you should not lose a moment, but get a bottle of Warner's Safe Cure, as the disease works very rapidly and is liable to gain such a foothold that you cannot cure it or stop its spread without a great deal of pain and suffering.

Warner's Safe Cure is an absolute cure for any form of kidney disease. One bottle will cure almost any light case. If taken in time, and the free trial brings relief, while if the disease is let make any headway, so that it affects the different parts, it is liable to take months to clear the system of the microbes and prevent Bright's Disease and other complications of the Kidneys, Liver, Bladder, Urinary Organs and the Blood.

Permanently Cured. Mrs. H. Fortnum of 524 Euclid Ave., Cleveland, Ohio, who is president of the Ohio State Travelers' Club and one of the leading ladies of Cleveland, recently wrote that she had suffered with severe attacks of biliousness, accompanied by severe headaches, caused by a diseased condition of the kidneys. She suffered so much that she had to go to bed and sleep three or four days at a time. Since she began the use of Warner's Safe Cure her entire system underwent a complete change, her blood is now in a healthy condition, her nerves steady and her headaches completely gone. She also adds that she is grateful that she knew of this wonderful medicine and that she cannot say too much in its praise.
