made. The better grades of corn fed steers did not sell so much different from yesterday, but aside from those the market was rather slow and in a good many cases sales looked a little lower than the same kind of cattle sold for yesterday. The trade lacked the snap and firmness that has characterized it of late. The cow market was very uneven this morning. In some cases sales were made that were fully steady, while in other in-stances cattle sold fully a dime lower. The better grades of course moved more freely and as a rule brought right around steady prices. The medium kinds and canners, however, sold unevenly and were all the way from steady to a big dime lower. There was an active demand this morn-ing for corn fed bulls at steady prices, but the thin and common kinds were neglected. Veal calves sold at there was an active de-mand for anything at all good. Where there was a full load buyers pail good, strong prices for them, but small bunches of course did not change hands so readily. Common kinds were neglected the same as psual and did not sell any more than steady. Western range steers brought close to steady prices where the quality was good, but common kinds were neglected. Range cows and stockers and feeders for steady prices where the quality was good, but common kinds were neglected the same as psual and the same as is noted above for the natives. ## Coffee Market.

Coffee Market. NEW YORK. Dec. 3.--COFFEE-Spot. Blo. easy; No. 7 invoice. 6%c; mild. steady; Cordova. 74;011c. The market for futures as far as speculation was concerned was all alone today. The opening was officially called steady at a decline of 5 to 15 points under selling by longs and shorts, prompted by adverse European and Bra-zillan market reports and a sluggiesh spot market. Trading throughout the day was slow and values failed to vary materially. A steady undertone prevailed, however, as world's visible supply figures. The mar-ket was finally steady in tone at a net loss of a@10 points. Sales were 100,359 bags on the call and for the full session were 25,000 bags, including: March. 6.76c; May, 6.8500 bags, including: March. 6.76c; May, 6.76c; May, 6.76c; May, 6.76c; May, 6.76

Evaporated Apples and Dried Fruits.

NEW TORK, Dec. 3.-EVAPORATED APPLES-Trading in the market for evapo-rated apples was moderately active today. Texas Oil News

The Investment News, Nov. 25: "The world's biggest refinery-About in he completed at Orange, Tex., 20 miles from Beaumont, Tex .-- Capacity, 25,000,000 barrels.

"The largest oil refining and reduction works in the world will be built in this town (Orange, Tex.) by the big syndicates operating in the Beaumont oil fields. The project is a most stupendous one, including plans for tankage and accommodating 25,000,000 barrels of oil.

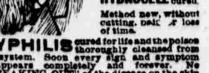

"This company will occupy 2,000 acres of ground for the purpose of building tankage and refinery. The total capitalization of this refinery will exceed \$2,000,000 and the daily capacity will be 2,500 barrels of refined oil to start with and the capacity will be increased as rapidly as necessary to keep pace with the great development of these oil fields."

The Omaha-Texas Oil company is interested in this project in that it will give us a ready market for crude oil for refining purposes. This means additional profits for holders in Omaha-Texas Oil company stock, as everything that is good for the Omaha-Texas Oll company is good for its shareholders and means profits accordingly.
