lefunct banking firm of Officer & Pusey will by Judge Green on the recommendation of Receivers Beresheim and Murphy, as contained in their second report filed in the district court yesterday. The hearing on the report was set for Tuesday, December 17, or as soon thereafter as the court would be able to take it up. This will make 45 a first dividend of 25 per cent having been paid last February. Counsel for the re- know. ceivers said yesterday that the remaining assets of the firm when realized upon should bring enough to pay another dividend of from 10 to 15 per cent. After that the creditors will have to look to the estate of Thomas Officer, deceased, the senior member of the firm, for the balance of their claims.

The report filed yesterday shows that the receivers have on hand \$119,206.65 and that the liabilities of Officer & Pusey, after deducting preferred claims, setoffs and sums ordered by the court to be paid and without deducting the first dividend amount to \$577,-500.70. A dividend of 20 per cent on this amount would be \$115,500.14, leaving a balance in the hands of the receivers of \$3,-

The first dividend of 25 per cent amounted to \$147,563.54 and the payment of it reduced the liabilities of the firm to \$429,938.16. The payment of the 20 per cent dividend will further decrease the liabilities to \$314,438.02. The preferred claims which have been paid amounted to \$28,966.27. The setoffs, as allowed by the court, were \$7,435.63. The cash balance in the hands of the receivers, as shown by their first report, was \$179,-041.38, and the receipts from all sources since then have been \$125,539.84, making a total of \$304,581.18. The total disbursements by the receivers since their first report, including the payment of the preferred claims, the 25 per cent dividend and other sums ordered by the court, including court costs, attorneys' fees and other expenses, amount to \$185,374.53, leaving the balance on hand for the payment of the 20 per cent dividend of \$119,206.65.

The court costs paid since the former report amounted to about \$800.
