Engineer is Caught Beneath the Wreck and Held for an Hour, but Escapes Without Fatal Injury.

PORTLAND, Ore., Dec. 7 .- The California express train on the Southern Pacific, which left San Francisco yesterday morning and is due in this city at 7 p. m., was wrecked 500 feet south of the depot at Salem about 5 o'clock this evening. Fireman Silas L. Fish of Portland was killed and Engineer W. H. White seriously injured. Engineer White was caught under the wreck and held there an hour before being released, but his injuries are not considered fatal. No one else on the train was injured, not withstanding the fact that the engine, mail, express and baggage cars all went into the ditch.

At the scene of the wreck there is trestle about fifteen feet high over Mill creek, the engine plunged into the creek turning over on its side, and the mail car piled on top of it. The express and baggage cars left the track on opposite sides from the engine and mail cars. The day coach was derailed, but remained upright. The Pullman sleeper and private car of the so-called merger of the Northern Pa-Superintendent Fields remained on the cific, Great Northern and Burlington railtrack. The train was running about ten | road systems. No official announcement miles an hour and it is not known what has been made to this effect, but the govcaused the accident.

The track was torn up for more than 100 feet, blocking traffic for several hours. The Albany local train, due at Salem at 6:30, was turned back to bring the overland passengers and mails to Portland.

An examination of the track shows that a switch was left half open and the lock while the tender stayed on the main line. It is balleved to have been the work of train wreckers.

GIGANTIC RAILROAD SCHEME

Line from Valdes to Copper Interior Proposed, Costing Nine Million Dollars.

SEATTLE, Wash., Dec. 7 .- A transaction involving the proposed construction and equipment of a railway from Valdce to the interior of the Copper river country and the transfer of the rich copper properties in the latter district, is reported affected at Chicago. P. B. Weare, formerly of the North American Transportation and Trading company, is mentioned as president of the corporation which is to undertake the mammoth deal.

The capitalization of this company is placed at \$9,000,000. The price paid for the mining properties was \$1,125,000, upon the terms of \$55,000 down and the remainder when experts for the company return a favorable judgment on the value of the claim

F. B. Millard, one of the owners of the claims, together with L. C. Dillman, a local proprietor, is credited with the execution of the transfer

McKinley National Association Wants Pep-

ular Monument There.

CONGRESS CAN LOOK AFTER WASHINGTON

General Subscriptions Should All Be

WASHINGTON, Dec. 7 .- The board of trustees of the McKinley National Memorial association is in session here today, Judge William R. Day of Canton presiding. Among those present were Cornelius M. Bliss, New Yor; Senator Hanna, Ohio; Henry C. Payne, Milwaukee; Myron T. Herrick, Cleveland; Alexander H. Revell, Chicago; General Henry M. Duffield, Detroit; George B. Cortelyou, John G. Milburn, Buffalo; Senator Fairbanks, Indianapolis; Henry J. Lowery, Atlanta, and Henry T. Scott, San Francisco.

Ryerson Ritchie, the secretary, reported that the work of organization had so far advanced that within ten days the whole country will be covered by the state and local committees. From Hawaii Governor Sanford Dole, who has accepted an honorary membership of the board of trustees, writes that he expects a most satisfactory contribution, as the people of Hawaii thought a great deal of President McKin-Governor Hunt of Porto Rico is ley. equally sanguine and from Alaska the thousands who have gone to the gold fields assure the association their hearty cooperation. From New England the people have already responded generously. Similar assurances come from many other quar-Many of the schools have taken up ters. the plan enthusiastically. In Minnesota Governor Van Sant has given assurances

of \$20,000 from the school children alone Governor Hunt of Idaho has set apart a special day for school contribution. Arrangements will be made today for harmonizing the work at Canton and at Washington Arch Association Proposes Division.

A deputation from the William McKin-

ley Memorial Arch association formally proposed to the meeting a co-operation of the two memorial associations in the collection of funds and that the total thus collected should be divided, one-third to go to the construction of a tomb at Canton and two-thirds to the construction of an arola

spent on reballasting, new eighty-foot steel at Washington. A sub-committee met late

Later in the afternoon and after a full discussion of the proposition the McKinley National Memorial association decided not to accept it, and adopted the following

Resolved, That it is the sense of the trustees of the McKinley National Memo-rial association that the field of popular subscription should be left to it for rais-ing the sum necessary to provide a suit-able memorial to the late president at Canton, where his body lies, and that this ansociation should join with the William. McKinley Memorial Arch association of Washington in memoralizing congress to Washington in memoralizing congress to erect a national memorial at the capital of our country to commemorate his services to the nation. It was insisted by Judge Day, Senator Hanna and others that all popular subscriptions should be applied to the erection of a memorial at Canton, where the late president lived for so many years and where he lies buried and where Mrs. McKinley will eventually rest beside him. While was hoped that congress would take the matter in hand and erect in the national capital some fitting memorial to the mar-

tyred president the opinion was general that the people of the nation would prefer that their contributions should be used to suitably mark his tomb in Canton. The resolution will be presented to the Memorial Arch association at a meeting to

60 Days Guaranteed Gusher 60 Days

What is the use of wasting time guaranteeing something which everyone would find to be a fact if they would only take a few minutes to investigate?

Every intelligent person who has kept apace of the times knows just how deep we must go to get a gusher, as each block on Spindle Top has the same formation, only a different "dip" to the cap rock.

The Omaha Texas will be brought in soon-then you will all say, "Well, I wish I had listened to the truth and acted and paid no attention to the street hawkers." People with good goods to sell always speak well of any competitor Those who have only blue sky to s ell must have something good to talk about. hence talk disparagingly of their strongest opponent-that is the Omaha Texas.

Remember the stock can be withdrawn from sale any time and is likely to be very soon. Only 25 cents per share now; \$1.00 par value, non-assessable. Come to the office if you can and see the photographs and maps.

If you want to make more money than your neighbor, buy early. Some Beaumont oil stocks have increased 300 to 1,600 per cent within six months. Do you want to do likewise? If so, don't delay. Arrangements made to join pipe line interest, tankage and shipping. We have deed to holdings where we are drilling We also have leases to the 6,0501/2 acres of proven oil lands, which leases are worth double the price we are asking for our stock.

Come to the office and be convinced.

OMAHA-TEXAS OIL CO H. I. FORSYTH, Sec. and Treas.

Irvine K. Mott, M. D., of Cincinnati, O., demonstrated before the editorial board of the Evening Post, one of the leading daily papers of Cincinnati, the power of his remedy to cure the worst forms of kidney diseases. Later a pub-lic test was instituted bit test was instituted lic test was instituted under the auspices of the Post, and five cases of Bright's Disease and Diabetes were selected by them and placed under DR. MOTTS' care. In three months' time all were pro-nounced cured Horvard 1

under DR. MOTTS care. In three months' time all were pro-nounced cured. Harvard board to make examination of the cases before and after the treatment. Any one desiring to read the details of this public test can obtain copies of the papers by writing to Dr. Mott for them. This public demonstration gave Dr. Mott an international reputation that has brought him into corespondence with peo-ple all over the world and several noted Europeans are numbered among those who have taken his treatment and been cured. The doctor will correspond with those who have taken his treatment and been cured. The doctor will correspond with those who have taken his treatment and been cured. The doctor will send him a description of their symptoms. An essay which the doctor has prepared about kidney troubles and describing his new method of treat-spondence for this purpose should be ad-dressed to IRVINE K. MOTT. M. D., Si Mitchell Building, Cincinnati, O.
