BOYLES COLLEGE

prepares young people for the practical duties of every-day life.

WILL IT PAY

It is impossible for the young man or young woman to invest money in any way which will bring so speedy and sure return as in a course of study in a business college.

"In my observation, extending over the work of 60,000 men employed by our company, I find the young man who enters business without going through a business college is enormously hampered in his progress in life"

Chauncey M. Depew.

BOYLES COLLEGE educates young men and women for responsible positions in the business world. For a number of years past this college has been standing in the front as a progressive educational institution, and it is now recognized as the head of the commercial schools of Nebraska, and one of the leading schools of the entire west.
