They May Send Representatives to Annual Meeting, Says New President, but Chances of Admission Are Slight.

KANSAS CITY, Dec. 7 .-- President Whitfield of the Western Base Ball league ennounced today that he had received applications for franchises from Peoria, Ill., and Pueblo, Colo. He says that his circuit is complete at present and that there is little chance of any changes being made, but that the Peoria and Pueblo people are at liberty to send representatives to the annual league meeting here in January, when they will be given a hearing and their propositions will be considered. Another application for the Denver franchise was also placed on file.

Mr. Whitfield received a telegram this morning from President Pat Powers of the National association informing him that a motion to expel T. J. Hickey from the or ganization had been made by mail, and a vote by wire on the matter was requested. Mr. Whitfield cast the Western league's vote in favor of the motion.

Western May Drop St. Paul. KANSAS CITY, Dec. 7 .- (Special Telegram.)-According to an announcement made in Chicago today by Ban Johnson, Gross, president of the Milwaukee American league club, will not go to St. Louis with Killilea as supposed, but will take FAVORITES STRIVE IN VAIN a Western league franchise in Milwaukee. B. G. where he still retains the old American league grounds. If he is given the franchise, as he undoubtedly will be, the St Paul franchise will probably be given to him, thus dropping St. Paul out of the circult and making Milwaukee and Minneapolia the two porthern cities of the circuit, instead of St. Paul and Minneapolis.

President Whitfield, while regarding Milwaukee with favor, said tonight that he could not state definitely whether Milwaukee would be awarded the franchise, but it is practically assured that the Western league will be playing in Milwaukee next year. When Johnson's appouncement came it was rumored that Denver or Colorado Springs would be dropped. To cut one of these cities out would mean the loss of both, as it would be too long a jump. Colorado Springs will not be dropped, for President Burns, the new owner of the Millionaires, stuck by the faction that was fighting Tebeau and Hickey in the recent Western league meeting, and he will be taken care of. The Denver franchise has

net been awarded, but President Whitfield is considering two offers. BLISS TO PITCH FOR STAGG

READY TO MAKE LARGE CONTRACTS FOR OIL.

With this great producer we are in position to make large contracts for oil at once, and to commence the delivery of the same just as soon as sufficient tankage and pipe-lines can be completed. Arrangements have been made for a joint pipe-line to be built at once from Spindle Top Heights to Port Arthur. This pipe-line, together with the necessary amount of tankage, loading racks, side tracks, tank cars, and other equipment to successfully market the oil, requires a large amount of capital, and as the stock has only been on the market about six weeks, the directors have decided to offer stock for 3 days more at the old price (25C PER SHARE THE PAR VALUE OF \$1.00), after which time the stock will be advanced to 50c per share.

This is no longer a speculation, but an investment in a company that is already recognized as one of the leading companies in the Texas field, officered as it is by bankers, and business men whose commercial rating can be ascertained in any bank directory or commercial agency. There is no question but what those who purchase this stock now are GETTING IN ON THE GROUND FLOOR, and will reap rich returns from their investment at an early date.

Only 75,000 shares will be sold at this price, but if the amount is over subscribed the first subscriptions will take preference. This is an offer that has never been equaled by any legitimate oil company and one that will not be repeated by this or any other company again. No certificates will be issued for less than 100 shares. NO SUBSCRIPTIONS WILL BE ACCEPTED BEARING POST MARK LATER THAN DECEMBER 11TH.

Though he pitches a good game all through if he starts it well, he has a tendency to off days that is disconcerting. When he is throwing in form, however, he is a power, as his speed is considerable and his curves pharp. Eliss is a lefthanded twirier, while his "foxiness" excels either.
