RUTCH-BOUND

The man with the crutch never fails to arouse the deepest sympathy and awaken the tenderest emotions of his more fortunate fellow being. The haggard countenance, swollen joints and twisted and deformed limbs tell a pathetic story of suffering such as Rheumatism alone can inflict. Only those who are painfully and slowly hobbling through life can fully realize what it means to be crutch-bound. They feel most keenly their helpless and dependent condition when it dawns upon them that they are no longer workers but unwilling drones in the busy world.

Rheumatism should not be neglected because the pains at first are wandering and slight. These are only the rumblings of an approaching storm of pains and aches that may transfer you from a life of activity to the ranks of the crutch-

Rheumatism is due to acrid gritty particles being deposited in the joints, muscles and nerves by an impure and too-acid blood, and the strongest constitutions or muscles of iron and nerves of steel can long withstand these corroding poisons. They penetrate to every fibre of the body, and no liniment, lotion or other external application can reach and dislodge them.

Finally the natural oils are consumed when there is a creaking, grinding noise with every movement of the limbs, the joints become locked and immovable, the muscles wither or contract, the nervous system gives way and the patient becomes a physical wreck and crutchbound cripple. Rubbing with liniments may produce counter-irritation and afford temporary ease, but they cannot reach and destroy these corrosive particles, which are daily forming in the blood.

The correct treatment - the true cure for Rheumatism - is a remedy that will dissolve and wash out this inflammatory matter and expel it from the system, and no medicine does this so promptly and thoroughly as S. S. S. It neutralizes and eliminates from the blood

This rich new blood cools the feverish, throbbing muscles and joints and refreshes the tired nerves, and welcome relief comes to the wretched sufferer.

S. S. S. contains no Potash, Opium, Anodyne or mineral of any description, but is a Guaranteed Purely Vegetable Compound. The strong minerals that are usually prescribed in Rheumatic cases act very injuriously upon the lining of the stomach, causing inflammation and a most dis-

tressing form of dyspepsia. S. S. S. not only purifies the blood, but at the same time invigorates and tones up the whole system, increases the appetite, strengthens the digestion and restores the rheumatic sufferer to sound health again.

relief I was able to relinquish the use of one crutch, and a faithful continuance of the medicine relieved me of the other crutch and shortly afterward enabled me to go to my work, at which I have been ever
