### TOUGH PROBLEM IN FINANCE

Board of Education Has Difficulty Making Messy and Debts Come Out Even.

HEAVY DEMANDS FOR SINKING FUND

Must Be Met, but Nothing More Tanglble Than a Hole in the Pocket to Meet It With-Provisions of the Law.

The finance committee of the Board of Education has begun to wrestle with the financial condition of that department of the city government and finds itself in a tangle which will require patience and prudence to unravel.

Before starting upon the task the committee called upon the county treasurer for a statement of the exact condition of the school funds and Mr. Henning completed the report Friday afternoon. His report dealt principally with the condition of the sinking fund and shows that, in order to bring that fund up to the amount required by law on January 1, 1902, there must be paid into it the sum of \$92,366.64 The treasure, in responding to the request of the committee, goes lifto details, no: only showing the sum required, but backing up his figures with calculations showing the process by which the results are arrived at. In opening his report he cites. the terms of the state law governing school boards in cities of the metropolitan class and quotes part of the law, as follows:

They (the Boards of Education) shall also, immediately after the expiration or one-half of the time for which said bonds are issued, proceed to set apart each year for a sinking fund a requisite amount or proportion sufficient to pay the principal of said bonds when they shall become due. they become due. When the present Board of Education took charge of affairs in 1901 there was a lebt of \$156,125.98 upon the board, exclusive of the bonded indebtedness. When the present year closes this debt will have increased to \$163,607.55, an increase of \$7,461.37 over last year. In the same time the board has received \$200,000 more than the amount received by its predecessor, making its expenditures about \$207,000 in excess of that expended in 1900.

Albert F. Lowenthal, traveling salesman for a New York Jewelry house, who was robbed of a sample case of diamonds on the night of November 17 in Portland, Ore., arrived in Omaha last night. This morning Lowenthal will be shown the diamonds recovered from True Johnson and W. H. Woods by Detectives Donahue and Heltfelt, December 11.

The value of the diamonds recovered from the parties arrested in Omaha is said by lewelers who examined them to be about \$3,000. The report that \$8,000 worth of jewels had been recovered from a sister of the Johnson woman in Kansas City is believed to be exaggerated by Chief of Police Donahue, as only four pieces of jew-elry were taken from her, two brooches, one ring and a stickpin.

The legal department of the city scored another victory in the district court yesterday. This was the case where Anna Zeller sought to secure damages in the sum of \$1,500 on account of a change in the grade at Twenty-third and Q streets. The plaintiff alleged that the cutting down of the roadway in front of her property caused a decrease in the value of the properly to the amount of the claim. After listening to the testimony, Judge Slabaugh ook the case away from the jury and dismissed the suit.

This makes the second suit against the city dismissed in one weel. The first one was where Herman Zeller brought suit to recover \$20,000 on account of injuries alleged to have been due to a defective side-City Attorney Lambert had prepared his case very thoroughly and was naturally gratified of the decision of the court. Zeller alleged in his petition that he was not intoxicated at the time of the accident, while witnesses for the city asserted that he was. When Zeller called one of his witnesses to prove that he was not under the influence of liquor Mr. Lambert produced a document bearing Zeller's signature in which he agreed to give this particular witness the sum of \$100 in case he would testify as to his sobriety on the night in question. It was the reading of this document that the case was thrown out of court.

City Attorney Lambert is making a good showing in damage suits recently tried and the officials of the city are greatly pleased at the work being done by the legal department

Temperature of the Path to Onsis.

The ceremonial session of Tangier tem ple. Nobles of the Mystic Shrine, was held last night amid surroundings which by contrast with the outside cold made the genial warmth and flow of spirits within the banquet hall doubly pleasant. Six hundred Shriners were assembled at the temple when the work on the pilgrimage across the frigid sands began. It is usually burning sands, but because the several minus degrees on the thermometer would have made burning sands a consummation devoutly to be wished for, the sands which led to the oasis last night were made frigid for this once.

At the close of the work the party assembled in the banquet hall, where the tables had been spread to accommodate the guests and travelers who were weary with their struggle over the plains. Here flowed the milk and honey of the land of delight, and under the palms the waters of Zem-Zem flowed without ceasing. When the flow of waters ebbed to its lowest level the flow of oratory began.

The opening was an address of welcome by M. F. Funkhouser, after which Carl E. Herring, as toastmaster, took the floor. The second theme was "The Shrine," a symposium, in which C. S. Lobingter told "What I know," and C. G. Pearse told "What I Don't Know." "How It Seems" was divided between Governor Ezra P. Savage and Charles S. Richards. The former spoke to the cabalistic letters, "P. P." and the latter to "In Sesostris Temple." "Is Life Worth Living?" was divided between Russell Sage and Dr. Byron B. Davis. As a previous engagement kept Mr. Sage from the feast, the doctor had it all his own way.

Operations for Ovarian Troubles Increasing in Our Hospitals.

Mrs. Eckis Stephenson of Salt Lake City Tells How Operations May Be Avoided.

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied by a sense of tenderness, and heat low down in the side with occasional shooting pains. On examination it may be found that the region of pain will show some

swelling. This is the first stage of ovaritis, or inflammation of the ovaries. If the roof of your house leaks, my dear sister, you have it fixed at once why not pay the same respect to your body? Neglect and the dreadful surgeon's knife go hand in hand. How many thousands of our poor suffering sisters might have escaped the hospital and its dreadful experiences if they had only done as the lady whose portrait and letter we are permitted to publish. Oh, what more can we do to make women believe.

MRS. ECKIS STEPHENSON, State Chairman Young Peoples' Temperance Union, Salt Lake City, Utah.

DEAR MRS. PINKHAM: - I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience. Hundreds of dollars went to the doctor and the druggist. I was simply a walking medicine chest and a physical wreck. My sister residing in Ohio wrote me she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave your Vegetzble Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and thus avoided a terrible surgical operation." - Mrs. Eckis Stephenson, 250 So. State St., Salt Lake City, Utah.

Another Operation Avoided in Philadelphia. "DEAR MRS. PINKHAM: — Some time ago I was taken very sick with pains caused by internal trouble (ovarian) and was unable to attend to my household duties. I consulted several doctors but got no relief. They advised an operation which I was almost tempted to undergo when I read in the paper of the wonderful cures Lydia E. Pinkham's Vegetable Compound was making. So I began taking it and now after taking several bottles feel like a new woman. No praise is too great for it. It is woman's friend and no woman should be without it."—Mrs. Lizzie Milner, 1616 Taniata St.,

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks it. Her advice has restored to health more than one hundred thousand women. Why don't you try it, my sick sisters?
