RELIEF WORK OF POLICE

Chief Donabue Says the Department is Ready to Give Way to City Charities.

Clothing and cash for the relief of destitute families is still coming to police headquarters with gratifying regularity and the charity squad of the department is being kept busy distributing it.

"It is somewhat irregular for the police department to devote so much time to charity work," said Chief Donahue, "and while we are willing to do what we can to relieve distress, I had much rather the active work would be taken in hand by some duly organized charitable concern. If the City Charities is prepared to take charge we will gladly turn it over to them, and will continue to give them all the assistance in our power. I don't think it is exactly proper for the police department to assume custody of charity funds."

The names of thirty destitute families, hitherto unreported, have been received at the police station since Wednesday morn-
