How to Prevent Pneumonia.

It is a well established fact that pneumonia can be prevented. This disease always results from a cold or from an attack of influenza. Among the tens of thousands who have used Chamberlain's Cough Remedy for these diseases you will find a single case that has ever resulted in pneumonia, which shows conclusively that it is a certain preventative of that disease. The fact is, it counteracts any tendency of a cold or attack of the grip toward pneumonia. It is famous for its quick cures of colds and grip. Try it. All druggists sell it.

HICKEY AIRS CONFIDENCE

Head of American Association Beats Against the Westerns.

THREATENS TO EXPOSE RIVAL LATER

Claims Whitefield Has Not Secured Milwaukee Park—Says Westerns Won't Play in Twin Cities.

ST. JOSEPH, Mo., Dec. 23.—(Special Telegram.)—President Thomas Hickey of the American Base Ball association returned home this afternoon after a prolonged trip in the interest of the organization with which he is now identified. He is full of confidence. "The American association is bound to be a winner," said he. "There is no doubt of it. My confidence has suffered no diminution since last I was in St. Joseph. On the contrary, it has been augmented and increased."

Mr. Hickey laughed at the story that the Western league would have clubs in Milwaukee, St. Paul and Minneapolis. He said that all such talk was made for an ulterior purpose which would be laid bare later on. He pointed out that announcements by President Whitefield of the Western league that he had secured the base ball park in Milwaukee was asked. "I know all about that," was the reply. "He gave out the story in Chicago and emphasized it by slapping himself on the chest and saying: 'There's the document in the case,' meaning the lease. Gross and Killilea denied to friends of mine that Whitefield had a lease."
