Comes with Money and Full Power to Secure Grounds and Assist Frank Bandle in Organizing for Season.

Het air has given way to cold cash.

T. J. Hickey is in Omaha with the money in his possession and has interested one the most popular men ever connected with the game in the west in the establishment of a team of the American association in this city. With Frank Bandle as controlling owner and manager of the team its Paul, success seems certain, no matter what opposition it may encounter. No better guarantee of good faith could be given than the fact that Mr. Bandle is investing his money and taking hold of the management of the club with the vigor that has a business man. This has convinced the most dubious that the American association

Just think of once having a ball park within five minutes ride of the center of the business district, with room inside the fences for a home run hit and with the fields all level, so that the outfielders could have a chance to do the work they are capable of. Such prospect seems almost too good to be true, and yet its fullest realization is Lenong the very near probabilities.

Some people will wonder what has become of the Western league. The plain truth about this institution is that it is in bad shape. At the St. Joseph meeting St. Paul was expelled. Jimmy Manning was awarded the Kansas City franchise. The Denver franchise has been taken up by the league, although Beall of Minneapolis has purchased Tebeau's improvements out there. St. Joseph, Omaha, Des Moines and Colorado Springs were left intact, except that Omaha was involved in a fight. It was decided to take Milwaukee into the Western and President Whitfield wired to Secretary Gross of the American league at Milwaukee to secure possession of the grounds. He was asked to come to Milwaukee to make the deal and announced that he had secured the lease. During the last week Secretary ross gave it out that Whitfield had not Western in Milwaukee. Beall has gone over to the American association, and this ends the Western in Minneapolis, although Beall still holds the franchise. Manning has not as yet taken steps to secure grounds in Kansas City, while Tebeau has secured not only the Exposition park grounds, but two other sites, so it looks to a man up a tree that Kansas City is out of it. Specialists for Diseases of Men

I make no extravagnet assertion when I say that millions of men have been wreched on the rock of sexual vice. The trouble is not so much that they got disease, but rather that they allow it to grow worse through neglect or improper treatment. This fact is responsible in many cases for nine-tenths of the suffering.

You should remember that sexual diseases are never at a standould. Neither can you make any compromise with them. Either you must control them or they will control you and render you utterly unfit for the ordinary duties and pleasures of life.

Specifics and Free Samples. Trial Treatments and the like don't cure complaints of this kind, as any one who has tried them knows.

But if you have VARICOCELE, STRICTURE, CONTAGIOUS BLOOD POISON, NERVO-SEXUAL DEBILITY, RUPTURE, KIDNEY OR URINARY DISEASES, or any associate disease or weakness, you owe it to yourself to fully and freely investigate my treatment. My mastery of these maladies is complete. I began a special study of them soon after graduating from college, now nearly a quarter of a century ago, and during all of the years since then they have been my study and persistent practice. I treat nothing class.

Does it not occur to you, then, that I am better prepared to combat and conquer disease and weakness peculiar to men than the general practiciner, who, instead of concentrating his faculties on a single class of disease, scatters them over the entire field of medicine and surgery?

If you are a victim of this dire disease come to our office and let me explain to you my process of treating it. You will then not wonder why I have positively cured hundreds of cases of Varicocele during the past 12 months. Under our treatment the patient improves from the cery beginning. Al pain instantly ceases, soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and tweakness vanish completely and in their stead come the pride, the power and the pleasure of perfect health and restored manhood.

STRICTURE It matters not how long you have suffered from Stricture, nor how many different doctors have disappointed you. I will cure you just as certainly as you come to us for treatment. I will not do it by dilating or cutting. My treatment is new, entirely original with me, and perfectly painless. It completely dissolves the Stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cleanses and

heals the bladder and kidneys when ir ritated and congested, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

NERVO-SEXUAL Men, many of you are now renging the result of your former folly. Your manhood is falling thing for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standstill. With it you can make no compromise. Either you must master it of it will master you and fill your whole future with misery and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by menyou will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousnesses, falling memory, loss of ambition or other symptoms which rob you of your manhood and absolutely unit you for study, business, pleasure or marriage. Buckle Down to Hard Training in Preparation for Spring Events.

Track athletics are already in full swing in Omaha. Thus far it is too early for any outdoor work, but the indoor men are in hard training. At the Young Men's Christion association gymnasium fully forty youths are working out every day with the one ambition in view to make the track

This unusual gusto is explained by the fact that the Young Men's Christian association has two dates for meets within the next six weeks, and it behooves that organization to get its team picked and prepared soon. The first contest will be with the Lincoln Young Men's Christian association team here on February 1. Then on February 15 comes a contest with the Sloux City Young Men's - Christian association

Each event will be indoors and will consist of eight selected events. The teams will comprise eight men each. The team of Omahans is soon to be chosen from the two score aspirants now in training. Later, when the outdoor track work begins, there will be another selection, in which those who were on the indoor team will have the best chance for a place unless surpassed in practice by other candidates.

At the High school, meanwhile, indoor track work will of necessity be omitted, but the boys have already begun training for the outdoor season. Tomorrow, the first day of school since the holiday vacation, marks
the beginning of the arduous work. A
feature will be cross country runs, which
