### LEASE FOR WESTERN LEAGUE

James H. Manning Gets Grounds in Kansas City.

### FOUR MAGNATES CHEER ONE ANOTHER

Rourke Joins in the General Jubilation and Says He Has Been Fooling the Hickey-Tebeau Crowd.

KANSAS CITY, Jan. 9.—(Special Telegram.)—James H. Manning, former American league base ball magnate, who is now owner of the Western league base ball franchise in Kansas City, today put aside all doubt as to the intentions of that organization's staying in Kansas City by closing up a ten years' lease on a site for a ball park on Indiana avenue, between Fifteenth and Eighteenth streets. He announced that he would begin at once to figure on plans for the improvements, which will be modeled after the style of the park built in Washington last season. The ground is 450 by 550 feet in dimension and is regarded by Western league officials as the best site by far of any in Kansas City for a base ball park. He plans to spend \$10,000 in improvements. Nearly all of this will go into the stands and such equipments, as little grading is needed. The site is an old brick yard.

Thomas Burns of Colorado Springs, W. T. Van Brunt of St. Joseph and William Rourke of Omaha, all Western league magnates, were in Kansas City today and were present with President Whitfield when the deal was closed. Burns and Rourke will remain here until after the league meeting next week. They announce more surprises will be in store for the new American league in a few days. Rourke reports he has renewed his Omaha lease and will be with the Western staunchly, and Whitfield definitely settled the question of Milwaukee grounds today by securing the old American league park. All the magnates who were here today are enthusiastic over the league's prospects. President Whitfield said this is not the only surprise that the Western has in store for its American rival.

Mr. Rourke says he is heartily with the Western league and that his recent maneuvers in Omaha were simply to string the Hickey-Tebeau combination. Burns is as enthusiastic as a boy with his first red-top boots and says nothing can stop the Western league.

### NO RESPONSE FROM ROURKE

Hickey and Bandle's Offer of American Franchise Ignored by Western League.

President Hickey of the American association has received no response to the offer of the association franchise and club in Omaha made to William Rourke by him and Frank Bandle. Yesterday was the time set for the answer. William Rourke is in Kan-

sas City, but James Rourke says no response will be made, as the alleged proposition was no proposition, since Rourke already has the American association franchise.

"I had little faith from the first in the idea that Rourke would sell his plant to us," said Mr. Hickey, "and have acted on the theory that he would not. Neither did I think he would consent to take the American association club after Burns and the Western league men came in and promised to see him through financially, guaranteeing him no loss.

### BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. These are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

### ETERNAL VIGILANCE IS THE PRICE OF A BEAUTIFUL COMPLEXION.

Mr. H. T. Shobe, 204 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disgusting eruption on her face, which resisted all treatment. She was taken to two celebrated health spas, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."
