Wheat Pit Opens Semewhat Faverable for the Bulla.

BEARISH PRESSURE FORCES REACTION

Leading Cereal Wavers Between Opposing Factions and Closes Lower with Corn and Provisions, but Onto Remain Unchanged.

CHICAGO, Jan. 13.—Growing bearish sympathy in the wheat pit compatted the meager early builtsh news and after much pressure a net loss of legic in May wheat. May corn closed only a shade lower and May oats unchanged. Provisions closed 34xcccitio lower.

sympathy in the weat pit combatted the meager early builts news and after much pressure a net loss of \$426 in May wheat. May corn closed only a shade lower and May oats unchanged. Provisions closed 24cc500 lower.

At the opening of the wheat pit built took hope because the foreign markets did not reflect the Saturday weakness here. Liverpool was slightly lower, but gradually improved, and Paris was higher. Augmenting this influence were the reports of gold shipments to Europe and a decreased visible supply, but these in turn were weakened by an increase of 1,187,000 bushels in the amount of breadstuffs on passage. May opened 4,674c higher at \$25,685%c and showed some tendency to break on liquidation. The continued reports of dry weather and covering prices brought a raily to the opening prices again. For some time the market wavered between the two opposing forces. Buils were striving to regain their control of the market, but their contingent was as determined not to permit it. The general sentiment pervading the pit today was that longs had held onto their wheat too long in the attempt to push prices still higher, and that the reaction had now come in earnest. Toward the close of the session selling orders came in rapidly. Bears pounded the pit with the argument that there was too much wheat to be had. Minneapolis reported a slow cash demand and stated that the liberal receipts there today would continue for thirty days. At the close May was weak, 1824c lower at \$15,655/ac. Local receipts were 6 cars, 2 of contract grade; Minneapolis and Duluth reported 570 cars, making a total for the three points of 1,016 cars, against 862 tast week and 723 a year ago. Frimary receipts were 1,022,000 bushels last year. Seaboard clearances in wheat and flour equaled 34,000 bushels. World's shipments were 1,255,000 bushels last week and 8,360,000 bushels. World's shipments were 1,250,000 bushels last week and 8,360,000 bushels a year ago. The windlender of the wheat strength advanced to 604c. Two or three local speculators le

MOVEMENTS OF STOCKS AND BONDS. Principal Dealings on the Stock Mar-

ket is Done by Professionals.

NEW YORK, Jan. 13.—Continued tack of animation was apparent on the stock market today and the dealings were in the hands of the professional traders. This element was bearish in its opinions on the outlook and sold stocks freely throughout the day. The level of prices was carried generally from 1 to 2 points under last week's close. Tangible grounds of depression were found in the formal offer of \$30,000,000 of Atchison debenture bonds to reimburse the company for certain outlays, including acquired lines and equipment, which Wall street has assumed had been or would be provided for otherwise. Reports of large projected outlays for betterments by Union Pacific emphasized this influence. The permission granted by the United States supreme court for the state of Minnesota to argue on its petition to bring suit for the annulment of the formation of the Northern Securities company had a chilling effect on speculation, owing to the promise of a prolonged legal struggle and delay in the floatation of the company's securities. Money was slightly firmer and sterling exchange was no higher, but exports of gold are expected to be made this week. The shading of prices of copper led to a sharp raid in the late dealings on Amalgamated copper, which helped to unsettle the close. Exceptional movements were being made by Lackawanna, which rose 6½ and lost most of it; Glucose, preferred, which gained 8, and American Express, which lost 6.

The bond market was not active, but fregular. Total sales, par value, 31,322,000; United States 28, regular, declined 3c, and 2s, coupon, ½c on the last call.

LONDON, Jan. 12.—Money was in fair demand today and supplies were ample. Discounts were quiet. First-class securities were firm, but consols declined at the close. Americans opened irregular and almost lifeless. Subsequently there was a little disposition to vary down from parity, though the undertone was firm and prices occasionally a fraction better. Later prices flattened. The closing was weak in response to New York. Rio tintos were easier. Copper opened flat at 46%, dropped further on active selling and closed firm at 45%, buyers price. Foreigners were irregular. South Americans were firm. Spanish is improved. Kaffirs, hampered by the settlement, were in fair demand, with a strong undertone. DeBeers were the feature. Chartereds again advanced. Gold premiums are quoted: Buenos Ayres, 131.79; Madrid. 21.49; Rome, 1.55%.

PARIS, Jan. 13.—Prices on the bourse today started firm, sagged owing to realization in view of the settlement and closed dull. Foreigners closed irregular. Rentes were heavy. Spanish is were weakened by option selling. Italians, Argentines and Brazilians were supported. Sosnovice shares were abundantly offered and closed with a substantial decline. Tractions were steady. Rio tintos reacted owing to the constant decline in copper. DeBeers were maintained, Kaffirs were firm and in active request toward the close owing to a report that General Dewet had been captured. The private rate of discount today was unchanged at 212-16 per cent. Three per rent rentes, 100f 32c for the account; exchange on London, 25f 13c for checks; Spanish is closed at 77.52.

BERLIN, Jan. 13.—Prices were generally firm on the bourse today owing to the ease of money, but transactions were not brisk. Industrials were in good demand and harder. Exchange on London, 25m 420g for checks; discount rates for short bills, 2 per cent; for three months' bills, 2% per cent.

with the close of last week. There was an active demand for the better grades at good, steady prices, and the medium kinds and canners sold in some cases at steady prices, and in others they looked a shade lower. It was a fairly active market all around, and most everything was out of first hands at an early hour.

Bulls, veal calves and stags were bought up at just about the same prices that were paid last week.

Comparatively few stockers and feeders were offered today, and the demand was sufficient to take all that were on sale at good, steady prices. Heavyweight cattle, showing quality were wanted the worst and commanded strong prices. Even the common cattle of all weights moved quite readily owing to the light supply of the more desirable kinds. RICH IRON FIND AT SUNRISE Mountain of Blue Ore Uncovered and

Mined with Stenm Shovels. HARTVILLE, Wyo., Jan. 13.—(Special.)— The Colorado Fuel & Iron company is rapidly increasing its shipment of ore from its mines at Suprise. The company has put on night shifts and all desirable men that apply for work are engaged. New

as soon as these arrive the output will still further be increased.

A mountain of solid blue iron has been uncovered in the Sunrise and is now stripped of all waste material. Hundreds of tons of the ore are knocked down at blast, and steam shovels handle it at the rate of ten tons a minute.

cars and engines have been ordered and

Northeast of Sunrise a hundred yards is the Gambel lode, recently leased by the company, and this mine is also becoming a heavy producer. Three tunnels, all in ron, have been run into the hill. The body is about 400 feet in depth.

It is said that if the present operations here are continued and the Colorado & Southern retains its contract for building the output, the Cheyenne & Northern be-tween Hartville Junction and Cheyenne will have to be improved. It is said the roadbed and steel are not fit for the heavy traffic and heavier rails must be put down. It is said that this reconstruction has aiready been planned.

## BUILDINGS NEAR COMPLETION

South Dakota State School of Mines Prepares to Move Into New Quarters.

RAPID CITY, S. D., Jan. 13 .- (Special.)-The new building at the State School of dines was turned over by the contractors, Mullen & Munn of Deadwood, to the architect, J. W. Gibbs, representing the state, yesterday, finished and ready to receive the furniture. It is two stories high, of trick and cut stone and will be used as aboratories and class rooms. The furniture will be in and the school will occupy the building some time this month. There are over 100 students enrolled and the nex building has been greatly needed.

## RESIGNS FROM COUNTY BOARD

Mayor of Deadwood Forced to Remain in Florida on Account of

Wife's Health. DEADWOOD, S. D., Jan. 18 .- (Special.)-

James M. Fish has tendered his resignation as chairman of the Board of County Commissioners of Lawrence county. He is at present in Jacksonville, Fla., for the benefit of his wife's health. It is not improving and it is because he expects to remain away in-definitely that he offered his resignation. The board will not act on the resignation until April. Mr. Fish is mayor of Deadwood.

## DEADWOOD'S OWN NEW CENSUS Municipal Enumerators Find Many

Names That Escaped Uncle Sam.

DEADWOOD, S. D., Jan. 18 .- (Special Telegram.)--The municipal census, just completed, gives Deadwood a population of 5,364, as against 3,600 given by the govrnment census of 1900. It was believed great many names had been omitted in the government enumeration, and for that reason the city council ordered another enumeration, which has been taken with great care.

Wyoming Well Supplied with Snow. CHEYENNE, Wyo., Jan. 13.-(Special.) Section Director Palmer of the Wyomin weather bureau reports that the snowfall during the month of December was greater than during any preceding December for Cattle and Hoga Lower and Sheep a good stock of snow had accumulated over most of the mountain districts of the state. The storms of the first half of December were quite general, and the warm weather following melted most of the snow over the plains and valleys, and settled and packed the snow in the mountains. Over the eastern slope of the Big Horn mountains the stock of snow is greater than that of one year ago, but is still below average in some places. Over the Laramie and Platte watersheds the stock of snow is above the average in most places, but a deficiency exists over the Green River watershed. Over the Snake river watershed reports indicate that the stock is usually up to or above the average amount.

> Sods Plant for Green River. GREEN RIVER, Wyo., Jan. 13.—(Special.)

-It is stated positively by persons in a position to know that work will be commenced in a few days on the erection of a \$100,000 sods plant at this place. Plans and specifications are now in the hands of the contractors and ground will prob-ably be broken at once. Manager W. S. Hodges of the soda company will arrive here next Tuesday to superintend the work of construction. Owing to the close prox-imity of vast quantities of lime, the product of the plant will be soda ash and caustic soda exclusively, which is said to be of greater value than crude carbonte of soda. Samples of sand have been forwarded to the largest glass manufacturers in the country, with the intention of ascertaining the advantages of manufacturing plate and window glass in connection with the soda plant.

Campaign Against Gambling.

YANKTON, S. D., Jan. 13 .- (Special Telegram.)—An overflow mass meeting was held last night in Turner hall and a citizens' committee headed by Hon. Bartlett Tripp, was appointed to begin war on gambling in Yankton. This state of public mind was brought about through Otto Keehr's committing suicide, after losing all his money in a gambling house. Rev. Lawrence Link, is active in the campaign.

Farmers' Mutual Insurance Company. SIOUX FALLS, S. D., Jan. 13 .- (Special.) -As an experiment the farmers of Clay county a year or two ago organized a mutual insurance company. The annual meet-ing has just been held, and the report of the secretary shows that the company at present has 856 premiums in force, involving risks amounting to \$866,021.96. The company has paid eleven losses during the last year, aggregating \$491.99. The total assets of the company are \$6,247.64.
