Because he was too anxious to finish an opponent whom he already had whipped and had as good as out, Adam Ryan of Chi cago last night lost on a foul his fight with Joe Leonard of Buffalo in the fifteenth round at Koutsky's hall in South Omaha.

From the start the men fought industriously, though not furiously, and for the first eight rounds it was impossible to choose a favorite. During all that time Ryan played incessantly for the body, Leonard always for the head.

In the ninth round, however, Ryan changed his tactics, and put his right to Leonard's nose four times hard, grogging him. Joe recovered in the tenth and showed fairly well, but Ryan hurt his ear at the end of the round, and it bothered him. The fight had turned all Ryan's way, but Leonard was game, and came up each round ecemingly less groggy than before. This lasted till the fifteenth, when Ryan floored Joe with a right hand swing on the upper jaw. Leonard took the count and rose, but was down again in a few seconds from a left jab in the nose. He took the count again and started to rise. Ryan meanwhile stood very close, and before Leonard was off his knees he landed again on the tractions has been prepared. DIXON GETS HARD DRUBBING Veteran Colored Pug is Completely Knocked Out by Eddie Lenny.

BALTIMORE, Jan. 24.—George Dixon, the veteran colored pugilist, went down and out tonight under a rain of body blows delivered by Eddie Lenny.

It was an excellent exhibition of sparring. Lenny had the better of the argument throughout. His blocking rendered it impossible for the colored man to land a telling blow, while Dixon proved to be shiftler than his old friends had expected and avoided many hard leads.

In the ninth round Lenny landed several hard body blows. When the round was two-thirds over the men came to a clinch near the ropes and wrestled to the center of the ring. Dixon fell to the floor, striking his head and laying open his cheek. He attempted to rise, but was advised by his seconds to take the count and the decision was given to Lenny. Dixon was very groggy.

We were at the mercy of a possible coal famine, should a famine occur, 25 would be existing now were it not for the unusually mild weather. We needed more than a connection; we needed a connection which we could control.

Mr. Day then asked the witness if, after the agreement to organize the Northern Securities company had been reached, he had exercised any control over or given any instructions to the managing officers of the Northern Pacific regarding its operation.

"If the country is poor, the railroad will be poor. A low rate is not the result of competition. It merely shows how low a rate the railroad can afford to give. The rebate system is a part of competitive warfare, and you know the rates the general shipper gets thereby. He pays the freight which the large shipper has dodged.
