BRIDGE OVER INDIAN CREEK

City Council Provides for Opening st Mynater Street.

It to Him on His Bid of Six Thousand Dollars-Talk of an Injunction.

The city council at its matinee session yesterday decided that the muncipality of Council Bluffs was in sufficiently affluent financial circumstances to permit of the expenditure of \$6,000 in the construction of a bridge over Indian Creek, to afford an opening for Mynster street at its junction with North Main street. The contract for the construction of the bridge on either brick, stone or cement foundations, was awarded to E. A. Wickham on his bid of \$6,000, by the unanimous vote of the alder-

awarded to Wickham on his bid of \$6,000, and that at the meeting Monday night it be decided what kind of abuttments should be used. This motion was promptly seconded, after Alderman Brown had suggested that the council declare itself in favor of foundations constructed of brick.

At this point Alderman Lougee suggested that nothing would be lost by postponing the awarding of the contract until Monday night, but Contractor Wickham asked that terial association yesterday: President, ity of the price of steel going up, and he disease. Decline to Discuss Purchase.

The plan suggested for opening Mynster street by the purchase of sufficient ground on the north side of the creek was no even discussed, although it was known tha the property needed for such purpose could have been purchased for a sum far less than the cost of erecting a bridge. It has been intimated that an injunction will be sought from the courts to restrain the city from spending this large sum of money bridge at this point, which, it t claimed, is not warranted by the prospective benefits to the thoroughfare thus to be opened or to the public generally.

SUIT OF SOUTH OMAHA MAN OFFERS REDISTRICTING BILL

Gideon Sutherland's Claim for Personal Injuries is Before District Court.

The greater part of Monday in the district court was taken up in securing a jury for the trial of the personal injury damage suit of Gideon Sutherland of South Omaha against the City of Council Bluffs. This was due to the fact that only jurors residing outside the city are permitted to sit in cases in which the city may be interested. CONTRACT GOES TO E. A. WICKHAM either plaintiff or defendant. The regular panel was quickly exhausted and a special venire had to be issued. It was late in the afternoon when the jury was impaneled, and but one witness had been examined when court adjourned for the day. The suit arises from the overturning of a carryall containing a number of South Omaha and Omaha people on Broadway near the tracks of the Illinois Central railroad in July, 1900. Sutherland sues for \$3,500. One suit arising from the same accident, that of Mrs. J. Rozelle, was decided in favor of the city, but Mrs. Rozelle has been granted

a new trial. Judge Thornell handed down his decision yesterday in the appeal of Mrs. Sadie Driscell, administratrix of the estate of W. R. Driskell, deceased, from the action of County Treasurer Arnd in assessing against her taxes for property which had been omitted from assessment and unearthed by F. M. Cunningham, the tax ferret. The court decided in favor of the county, but cut off from the amount taxed the interest before the assessment was made. Under the ruling Mrs. Driskell will have to pay about \$350 back taxes.

The personal injury damage suit of W. Hoyt, motorman, against the Illinois Cenral and Omaha Terminal Bridge and Railway companies was ordered transferred to he federal court.

The motion on the part of the plaintiffs i the suit of Spencer Smith and Harl & Mc Cabe against Holloway and others to modfy the decree was overruled.

The demurrer of the defendant in the suit of Captain L. B. Cousins, sheriff, against Paxton & Gallager of Omaha was overruled. This is a suit to recover expenses incurred in connection with the atachment of the grocery stock of Crawford & Young, which E. Myers claimed to have bought before the levy.
