FAIL TO AGREE ON MARKET '-

Mr Lobeck Gives Notice that Bal'ding Committee Will Report in Favor of Locating Market in Middle of Street.

After spending two hours and a half yesterday afternoon in the discussion of market house propositions the general committee of the city council adjourned without coming to any decision concerning the proposed market house.

Just before the committee adjourned a resolution providing for the location of a market house on Capitol avenue between Twelfth and Fourteenth streets was submitted. It was supported by Councilmen Hoye, Zimman, Lobeck and Trostler, Councilmen Whitehorn, Hascall and Mount opposed the resolution and Mr. Karr refused to vote. Councilman Burkley, the ninth member of the committee, was not present. Chairman Mount decided that four votes was not a majority vote as Councilman Karr was present, making eight members who were in the room at the time the vote was taken.

Lobeck announced after the defeat of the resolution that the building and property committee, of which he and Councilmen Zimman and Hoye are members, will report to the city council tonight in favor of the location of a market house on Capitol ave-Bue.

### Citizens Are Heard.

About fifty citizens attended the meeting and took part in the discussion of locations. Arthur C. Smith urged that the market be moved from its present location on Howard street. Robert Smith spoke on indebted last evening to the women of the behalf of the retail grocers of the city and opposed the removal of the market. Dr. S. D. Mercer and George Mercer also opposed the abandonment of the present site. John B. Furay urged the location of a market near the corner of Cuming and Twenty-fourth atreets.

I. J. Dunn presented the proposition of the Taxpayers' league to have a market erected in Capitol avenue without cost to the city on condition that the rentals from such a house be turned over to the builders until they are fully repaid. He laid plans before the councilmen for a brick and iron house between Twelfth and Fourteenth streets which can be built for \$35,000 or \$40,000. He also stated that most of the property owners along Capitol avenue are vorce from Howard Green, whom she mar willing to waive all damage their property ried in St. Joseph in 1879, her petition almay suffer from the location of a market leging non-support. Emma Junker charges house in the center of that avenue.

### Hascall and the Law.

Councilman Hascall declared that a waiver of damages is not sufficient guar- earn and all she could earn, together with antee to the city that it will not suffer from the proceeds from the sale of furniture her the location of a house in the center of the father had given her, but that he has made street and stated that the portion of the street which is to be used must be condemned and damages to property assessed 6-year-old daughter. Elizabeth, whose in the regular way. If property owners guardianship she wishes to retain after septhen see fit to waive their damages, he said that the city would be satisfied to ! accept their waiver and would feel reasonably sure that no action for damages could be brought against it. Mr. Dunn said he could not state whether his clients would be willing to guarantee the city against
