disparage the efforts of the southern states in the war for independence. Mr. Lodge ten insisted that consideration

of the Philippine measure should be pro ceeded with and declined to yield the floo for Mr. Bacon to continue the revolutionary war discussion.

His declaration irritated Mr. Tillman, who said: "You can't gag us in your efforts to force this Philippine bill. How does the senator get his own permission to be so invidious and so ungracious?" Continuing, Mr. Lodge said that a careful

examination of the Associated Press dis-patch showed that General Wheaton had not criticised the senate, but had confined his comment to the utterances of Dr. Schurman, whom he had a perfect right to criticise, in Mr. Lodge's opinion.

Mr. Gallinger read an extract from an Associated Press dispatch from Manila, published today, saying that General Wheaton's vigorous criticisms referred entirely to Prof. Schurman's speech at Boston. He did not think the senator from Idaho would contend that General Wheaton has not the right to criticise a private citizen.

What I contend," replied Mr. Dubols, "is that it is in exceedingly bad taste for an army officer to criticise the utterances of Prof. Schurman, a man who was sent by this government to the Philippines in a responsible official capacity to ascertain the facts of the situation over there.

Dubois Stays with Point.

"I am glad," continued Mr. Dubois, "that the gentleman on the other side of the chamber is forced to admit the accuracy of the dispatch I introduced here. The dispatch itself was censored. I will say there is a censorship in Manila, in my judgment. No newspaper man can file a dispatch with the cable company in Manila without filing an exact copy or duplicate of it with the military authorities. You may quibble over that fact. In my opinion, that

is a censorship." Mr. Lodge said he had called on the secretary of war last evening and had been assured by him that there was no censorship of press dispatches in the Philippines. "Now," said Mr. Lodge, "I give my suthority. Let the senator from Idaho give

his." "My statement is made upon my responsibility as a senator," replied Mr. Dubois.

"Our committee (the Philippine committee) can ascertain the facts if they are de sired.' Mr. Beveridge presented a letter from

General Greeley, chief signal officer of the army, written today, the essential portions of which are:

Letter from Greeley.

Letter from Greeley. Consortalip in the Philippines has been removed entirely between these islands and Europe and America, save in the case of code messages of unauthorized firms having no standing. The press is entirely free. Necessarily a limited censorahip is maintained over messages in the Philip-pine archipelago and to adjacent points where insurgent troops and agents are in active hostility against the United States. Press messages fre not censored to any place in Europe or America, but only to points where insurgents are actively en-gaged through juntas or other agencies, such as in Hong Kong or Singapore.

Mr. Wellington thought it had been dem onstrated that there existed in the army in the Philippines a decided spirit to crit icise senators who were opposed to the war in the Philippines. He denounced the war as unrighteous and unjust. He believed that both members of congress and private cittrens had the right to hold views in opposubjecting themselves to the criticism of army officers.

Stewart Holds Onto Islands.

Mr. Stewart delivered a brief speech in which he declared that the people would never consent to relinguish the Philippines. He believed they would prove of immense value to this country in many ways.

PITTSBURG, Pa., Jan, 29 .- Three perons killed, two fatally hurt and a score of others more or less injured, is the record made by two runaway cars on the Monongahela branch of the Pittsburg Railway commany tonight.

The accident happened at the foot of a ong hill running into Wilmerding from Mc-Keesport. A car without passengers got beyond control of the motorman and dashed opportunity to bring in proper and convincdown the hill, one-quarter of a mile long, at a terrific speed. At the bottom it jumped into the Pennsylvania railroad station, carrying away the side of the depot and tearing up the platform.

A large crowd gathered about the wreck and twelve minutes later a second runaway car came tearing down the hill and plowed into the crowd with death-dealing force. On the way down the hill the second car struck a carriage containing James Broad and Lizzie Minner, on their way to Me-Kecsport to be married. The carriage was completely wrecked and the driver, Alex Sanders, was fatally hurt. The young

couple escaped with comparatively slight injuries and later were married. The scene at the wreck when the second

car was hurled into the crowd was beyond description. A blinding sleetstorin prevailed at the time and it is said the two cars "skated" down the the hill with brakes tightly set.

WASHINGTON, Jan. 29 .- The republican combers of the ways and means committee held a private conference tonight and decided to frame a bill for the reduction of war revenue taxes before proceeding further with the subject of Cuban reciprocity. Chairman Payne at once called a meeting of the full committee for 11 o'clock tomorrow morning, when work on the revenue reduction bill will begin. No draft of a bill has been prepared by the republican members, but it is pretty fully understood that the majority is prepared to submit a measure effecting a large reduction, amounting practically to a repeal of the entire war taxes, and aggregating

about \$48,000,000. The restriction of recent hearings to beer and ten led to the belief that reductions might be confined to these two articles, but the sentiment of the ma-
