#### ROYALTY NOT LARGE ENOUGH

Mayor Moores Not Satisfied with Offer of Electric Company.

PROPOSES TO DEMAND FIVE PER CENT & Marx and Haskell, Carhart & Co.'s finest

Revenue to City from Two Per Cent Royalties Would All Return to Coffers of Company for New Lights.

Under the proposed extension of contract with the New Omaha Thomson-Houston Electric Light company the city of Omaha \$3.75; boys' long pants suits that sold for year in royalties. On condition that the sub- sale at \$1.95, \$2.95 and \$5.00; \$1.50 to \$6.50 way ordinance is passed and that its light-boys' vestee suits, sailor and Russian ing contract with the city be extended for blouse suits, also double-breasted knee three years the electric light company offers pants suits, now on sale at 50c, 95c and to pay the city 2 per cent royalty on its gross \$1.95; \$2.50 to \$5.00 men's pants at 95c, \$1.50 receipts and proposes to reduce the cost of and \$2.50. are lights for street use from \$114.50 to

Statements made to Mayor Moores by officials of the company concerning its South Omaha Coal Dealers Assert earnings show that the gross amount taken in annually by the company is about \$245,-600. Granting that there is no variation in the company's receipts in three years, the city would derive an income during that

"At first," said Mayor Moores, "I thought duce the price of arc lights furnished the moved to quash the indictment. city to \$90. This is the amount paid by | The indictment sets forth that they as a of the difference in the cost of the light.

"I believe, however, that 2 per cent is out for 5 per cent. We need more lights in the company, if our royalty is fixed at only pany. I do not think I will approve the district. contract which carries less than a 5 per cent royalty."

Royalty Too Small.

The conduit ordinance which the electric light company desires to have passed and which other corporate interests in the city are seeking to defeat was originally intro- I could hardly hobble around, when I duced in the council last June. After it bought a bottle of Chamberlain's Pain was read a first and second time it was Balm. From the first application I began placed on file. In case the courts do not to get well, and was cured and have worked permanently enjoin the passage of this steadily all the year."-R. Wheeler, Northordinance it may be taken from the file and passed at the same meeting of the council. The ordinance provides for the burying of wires in a district bounded by Are via the Union Pacific. Eighth, Eighteenth and Howard streets and If you want a quick and pleasant trip to Capitol avenue. It provides that "all elec- the Pacific coast, take the Fast Trains of trie and other wires, when used for light, the Union Pacific. heat, power and other commercial purposes, excepting those used for propelling street California, the fast trains reaching San cars and telephone and telegraph wires." Francisco 16 hours quicker than any other shall be placed in conduits. There is no line date fixed in the ordinance for the burying

Zimman on Conduits. 'In my opinion the conduit ordinance would be a good thing," said Councilman Zimman. "It would prevent the street car | company from selling power for commercial purposes unless it buried its wires, and I think this would be proper. The company has not been granted the privilege to sell business of the Thomson-Houston com- and original musical comedy, "The Burgopany. If the light company were to at, master," will be opened at the Boyd totempt to run street cars in Omaha there night. It will run out the balance of the would be a terrible howl, and I believe in treating all corporations alike. All dangerous electrical wires should be buried. and a conduit ordinance will be a step in

"Municipal conduits are a good thing in a city which has a large number of wires which can be forced into these conduits. In Omaha, however, I do not believe a system of municipal conduits would be a paying investment. Our telephone company tured every devotee of this innocent sort has been granted the privilege of constructing private conduits. Consequently the number of wires that could be ordered into municipal conduits would be comparatively small. Omaha is not large enough to support municipal conduits, in my opinion."

PLENTY OF COAL ON HAND Cold Wave Demand for Black Diamonds Readily Met by Local Dealers.

For the first time in a year or more i comparatively long term of cold weather has found the coal dealers of the city thoroughly prepared. The stock on hand in strong demand of the cold days of Decomber having depleted the amount until there was a question as to the possibility of supplying an extraordinary demand in short time. The warm days of early January gave them an opportunity of stocking up and when the last cold wave arrived there was sufficient coal to answer all de-

At the same time dealers report that there coal mined in the fall has been placed on the market.

TATE UNCOVERS SOME CASH Therefore Some Walting Creditors of

the County Will Get Their Money.

Some of the supervisors and blacksmiths who have been on the waiting list for sometime strnd a show to get what is coming o them from the Board of County Commissioners soon, as the board has discovered hat it has more money on its hands than it had supposed, and is disposed to give labor the preference among the waiting.

Auditing\_Clerk Tate has just completed his balances for the old board, and reports that there is a cash accumulation of a little more than \$1,300 in the road fund, accounted for by the collection of back taxes. It is from this that as many as possible of the supervisors' and blacksmiths' bills will be met.

The auditing also reveals that there is an accumulation in the bridge fund of \$4,000, and this will be applied to the \$5,000 debi against the \$12,000 bridge at the poor farm, In the general fund the books show there is now a trifle more than \$30,000.
