NEW STATE OIL INSPECTOR

Governor Savage Names J. D. Hayes of Lincoln for the Office.

ED R. SIZER DISCUSSES POSTMASTERSHIP

Offers Position of Assistant to T. P. A. Williams—Governor Appoints State Delegates to Irrigation Congress.

(From a Staff Correspondent.)

LINCOLN, Feb. 3.—(Special.)—Governor Savage today appointed J. D. Hayes of this city to the position of state oil inspector to succeed Ed R. Sizer, who will soon resign to accept the Lincoln postmastership. The tranfer of the office will probably take place about March 1. Mr. Hayes was assured Saturday that he would be given the place and today the official commission was written in the governor's office, to take effect immediately upon the resignation of Mr. Sizer.

Mr. Hayes has lived twenty-three years in Nebraska, twenty of which were passed in Gage county. Three years ago he removed to Lincoln and has since resided in this city. He has always been an ardent republican but until he entered the race for the oil inspectorship was never a candidate for any important public office. He is a traveling man by occupation, in the empoy of the Beatrice Creamery company, and had the endorsement of several influential organization of drummers. J. H. O'Neal, his closest competitor for the position, had also the endorsement of a large number of traveling men and the governor found it difficult to choose between the two candidates, so nearly alike were their qualifications and support.

The governor intended to withhold the announcement of the appointment until the place became vacant, but the publication of a report in a Lincoln newspaper that Mr. O'Neal had been decided upon for the place caused him to make it known today.

Sizer Talks of His Appointment.

Ed R. Sizer, who has been appointed and confirmed for postmaster of Lincoln, has been a resident here since 1873, and was largely interested in the building up of this city. He was elected clerk of the district court of this county in 1884 by a majority of 3,000, and again in 1888 by an increased majority. He inaugurated the present complete system of records in the district court.

Shortly after the occupation of Cuba by the Americans he was appointed chief clerk of the customs service of that island and Col. Tasker H. Bliss, collector, said in a letter to the war department: "There has been no one American in this service who has assisted me more, on whose judgment I have more relied, or has done more faithful and efficient service to the government. Whatever there is to approve in this department, or what there is least to criticize, much of it is due to him." In May, 1901, he was appointed state inspector of oils, which office he holds at the present time.

Mr. Sizer today said: "The petition asking for my appointment as postmaster, was signed by over 700 of the most prominent business and professional men in the city. I have tendered my resignation as state inspector of oils to Governor Savage, to take effect March 1, 1902.

"The duties of deputy postmaster are such as to require the best of clerical and executive ability, as much of the detail of the office devolve upon the deputy. I have tendered this position to T. P. A. Williams, first for the reason that he posseses all of the qualifications to discharge the duties of the office to the satisfaction of all concerned, and second, as a compliment to the Veteran Republican club, and the Young Men's Republican club, who have largely joined in a request for his appointment. Mr. Williams being a son of a veteran, and an active member of the Young Men's Republican club of this city, an organization that is always at the front fighting the battles of our party."

Mr. Williams will likely accept the position tendered him.

Delegates to Irrigation Congress.

Governor Savage today named the following delegates to the Colorado-Wyoming-Nebraska Irrigation congress, which will be held in Sterling, Colo., February 26 and 27, for the purpose of considering proposed irrigation legislation:

Peter Marfarlane, Gering; W. P. Miles, Robert Oberfelder, Sidney; E. Benjamin Andrews, O. V. P. Stout, H. Steckelburg, C. H. Morrill, Adna Dobson, Lincoln; E. N. Bishop, Gates; Peter Youngers, Geneva; Charles Nicolai, Sargent; Mr. Abbott, Moulton; A. N. Allen, Gothenburg; E. A. Cook, E. D. Owens, Albert Able, H. O. Smith, Lexington; C. H. Meeker, McCook; J. E. Porter, Crawford; F. H. Dorrington, E. R. Akers, Alliance; E. F. Seeberger, Hershey; Martin Geering, Judge Gardner, Geering; T. C. Patterson, J. J. Beeler, North Platte; George B. Tzschuck, Omaha; W. H. Wright, Scotts Bluff; Samuel D. Cox, Minatare; A. S. Moon, Taylor; R. H. Lewis, Bridgeport; L. H. Jewett, Broken Bow; H. E. Babcock, Columbus; T. H. Doran, Burwell; H. A. Peters, Hay Springs; T. P. Culley, Loup City; J. D. Stires, Columbus; Francis G. Hamer, J. T. Mallalieu, E. C. Calkins, H. D. Watson, Kearney; A. G. Wolfenbarger, Lincoln; James Farrier, S. E. Solomon, Culbertson; Ed A. Mann, Geering; Ed M. Searle, Ogallala; F. I. Foss, Crete; G. W. Hoobler, W. L. McEathron, Omaha.

New Incorporations.

Articles of incorporation of the following new institutions were recorded in the secretary of state's office today:

National Livestock Mortgage Protective association of Omaha; capital stock, $100,000; incorporators, Howard L. Rucker, John W. McDonald, Hamilton P. Rucker, Fredcrick Benson and William F. Mack.

Waller Sign company of Omaha; capital stock, $12,000; incorporators, John Quincy Adams, Fred Waller and H. D. Rhodes.

McDonald State bank of North Platte, capital stock, $50,000; incorporators, Charles McDonald, W. H. McDonald, N. V. Reynolds and C. E. Mooney.

The Kearney Hub of Kearney; capital stock, $25,000; incorporators, M. L. Brown, V. A. Brown and O. B. Brown.

P. Z., the Shoe Man, of Arlington; capital stock, $100,000; for dealing in dry goods, groceries, boots and shoes, clothing, ladies' and gents' furnishing goods, millinery, patent medicines, hardware, furniture, agricultural implements, grain, general merchandise, real estate, and for loaning money.

The Exchange bank of Bladen, Webster county; capital stock, $10,000; incorporators, N. B. Hall, W. J. Whittier, V. S. Hall and S. M. Hall.

Notarial Commissions.

Notarial commissions were issued by the governor today to the following: A. P. Young, Otoe; Clara M. Dunigan, Cherry; Mary C. Peck, George Rasmussen, W. W. McCombs, Douglas; F. B. Pettibone, Boone; Emil Becker, Merrick; T. A. Tikalesky, Knox; N. J. Gubser, Dodge; M. R. Hopewell, Burt.

Governor Savage Has a Scheme.

Governor Savage this afternoon gave out a prepared interview, in which he announces his intention of presenting to the next legislature the matter of issuing state bonds for the construction of a water power canal and irrigation works. He recites the manifold advantages that would flow from the existence of a great manufacturing center in Nebraska, and the necessity of cheap power to the existence of such a center. The Platte river, according to the governor has power to drive the wheels of thousands of factories, and this is daily going to waste. By the construction of a canal from some point near Fremont, the power can be delivered at a point near the Missouri river in probably Omaha, although the governor does not say so—and immediately institutions for the turning of Nebraska's raw materials into finished products will spring into existence. No particular sections of the state are designated as the prospective beneficiciaries of the irrigation project, but the water that now flows into the Missouri through the Platte and other streams is to be utilized to the end that the waste places shall blossom and the ground that is now useless shall become productive, that acres now arid shall yield bountiful returns for the toil of the husbandman and the land shall teem with plenty throughout the length and breadth thereof. Any little obstacle to this populistic paternal plan of the governor, such as constitutional inhibition, shall be wiped out by necessary amendments, and the population of Nebraska, increased by many thousands of prosperous and contented people will reap the direct benefit of a scheme which is now elaborated in everything save its details.

Hayes' Career in Beatrice.

BEATRICE, Neb., Feb. 3.—(Special.)—J. E. Hayes, who was appointed oil inspector this morning by Governor Savage, is well known in this city and throughout Gage county, he being a resident of this county for over twenty years. He formerly was engaged in the real estate and insurance business at Wymore, and in the fall election of 1885 was elected to the office of register of deeds, but did not take his office, on account of some defect in the law creating this office, which was passed by the legislature of 1884. He was re-elected in the fall of 1886 and took the office in January, 1887, becoming the first register of deeds that Gage county ever had. He was re-elected in 1888, went out of office in 1892, and accepted a traveling position with Haskell & Bosworth, which has since become the Beatrice Creamery company. This position he held over five years. He is a property owner in Beatrice.

Smallpox in Columbus Rooming House

COLUMBUS, Neb., Feb. 3.—(Special.)—Sam Harris, a Merrick county man who came here from Lincoln two weeks ago, has smallpox in the Winslow residence which was used as a rooming house, nine people being separated from their personal belongings when shut out by quarantine.

Odd Fellows' Hall Completed.

NEMAHA, Neb., Feb. 3.—(Special.)—The Odd Fellows' building is completed and makes a fine appearance. It is a two-story brick 24x60. The upper story is fitted up for a lodge room. The lower room will be used by Andrew Aynes for a hardware and furniture store.

Pioneer Has Stroke of Paralysis.

STELLA, Neb., Feb. 3.—(Special.)—William Bourke, one of the earliest settlers in this vicinity and living four miles north of Stella, had a partial stroke of paralysis this morning at 7 o'clock. The attending physician thinks he will recover.

Nebraska News Notes.

The Pierce mill is installing an electric plant.

Several have been arrested and fined small amounts.

The Auburn Herald has started in on its twenty-fifth volume.

The Weeping Water Republican last week put out a fine illustrated edition.

The Union Pacific has been having trouble with coal thieves at Lexington.

Walt B. Reynolds, who has successfully conducted the Madison Chronicle for the past two years, has leased the plant to Fred D. Wright.

Professor Gun, who has been principal of the Mason schools, has resigned and started for the Philippines where he will engage in his profession.

Ainsworth expects to have an opera house before the present year is ended. James G. Ackerman will build it and when done it will seat 600 people.

Dr. Eason of Hebron was attacked by a thoroughbred bull the other day and severely injured before help arrived and drove the enraged animal away.

Oakland is expecting a building boom the coming summer. Among the improvements are a new depot, a new bank building and several brick store buildings.

The farmhouse of Peter Eich in Wayne county caught fire on the roof when no one but his wife was at home. She ran to a nearby schoolhouse, secured the assistance of a woman teacher, and the two put up a ladder and extinguished the fire.

Elmer Krethling and Herbert Muscheites, two 14-year-old Bruning boys, went rabbit hunting and were caught by the recent storm. After wandering aimlessly around for several hours they finally reached a farmhouse. Both were almost exhausted and frostbitten, but have recovered.

Reports from all portions of the range country are to the effect that no loss of stock has occurred during the recent storms and cold weather. The feed has been good on the range and the cattle were fat and strong. Ranchmen as a rule are also well provided with feed and shelter.

TORRENS LAND TRANSFER

Report of Commission Referred by Supreme Court to Governor.

HE WILL TRANSMIT IT TO LEGISLATURE

Judge Crites Concurs with His Colleagues in Form of Bill, but Declares So Radical a Change is Not Desirable.

(From a Staff Correspondent.)

LINCOLN, Feb. 3.—(Special.)—The report of the Torrens Land Transfer commission was referred by the supreme court to Governor Savage this afternoon and by him will be submitted to the next legislature. The commission consisted of Albert W. Crites of Chadron, Willis L. Hand of Kearnay and B. F. Tipton of Seward.

Judge Crites declares:

The act authorizing said commission provided that the commissioners, in addition to drafting and reporting a bill for an act relating to land transfers, should also report their own views as to the expediency of legislative action in that direction. I have concurred with my colleagues in the form of a bill for the purpose, but I am decidedly of the opinion that so radical a change in our present system of land transfers is neither needed nor desirable.

He gives these as his conclusions:

1. That transfers are not cheapened under the act.
2. That they are not simplified.
3. That they are, in fact, more costly and more complicated.
4. That increased security is not, in fact, obtained.
5. That in practice no one relies upon any security afforded thereby.
6. That the general public have no confidence in its provisions, even after years of use.
7. That there is no real need for any radical changes or amendments to our present laws relating to the transfer of real property.

The bill of the majority was written by Mr. Hand, who comments upon its features and concludes:

I heartily approve of the Torrens system of registration of titles, as embodied in the bill I have prepared and now file with this report. I have endeavored to fit the provisions of the bill into our system of law and jurisprudence so that there shall be as little friction as may be. There will necessarily be some friction, for a very great change in handling real estate is contemplated by this new system.

But when a change means substantial improvement no man should stand in the way with his conservative objections and strive to block the wheels of progress. This new system is entirely practicable. For us to say that we cannot set into operation a new system because it makes a wide departure from the old and because it is new and not understood is to belittle ourselves and confess our incapacity and want of intelligence. In our state, where but 2½ per cent of the people are illiterate, it must be possible, if it is in any state, to adopt and carry into practical operation this system of land registration and thus relieve ourselves of the old, burdensome, cumbersome, expensive and unsatisfactory system that now prevails.

GROCERY SOLICITOR ARRESTED

Man Canvassing for Chicago Firm Charged with Peddling Without License.

HUMBOLDT, Neb., Feb. 3.—(Special.)—The Business Men's association of this city has begun its work of protecting the home merchant. For several weeks representatives of some foreign concerns have been covering this section of country, soliciting for business among the farmers.

Last night the sheriff came up from Falls City and calling at the Park hotel, placed William Richmond, a solicitor for a Chicago grocery firm, under arrest on a charge of peddling through the country without a license. The man had retired when the officer arrived, but was compelled to get up and accompany the officer to Falls City where he will be held pending a hearing.

The law under which the arrest was made is a late one and few people knew of its existence, but it provides for a minimum fine of $50 for this offense. Richmond had been at work here since the middle of January and it is claimed had sold something like a carload of groceries. Local merchants have long been annoyed by this kind of work and are determined by means of their new organization to stamp out the practice.

LINCOLN'S SALARY ORDINANCE

City Council Raises Pay of Attorney, His Assistant, Engineer and Driver.

(From a Staff Correspondent.)

LINCOLN, Feb. 3.—(Special Telegram.)—On reconsideration tonight the city council adopted a new salary ordinance providing for the following increases: City attorney, from $1,500 to $1,800; deputy attorney, from $900 to $1,200; city engineer, from $1,500 to $1,800.

The patrol driver is given a slight increase, but the pay of all other officials and employes is unchanged. The measure passed tonight was introduced as a substitute for the old ordinance.

The council by unanimous vote accepted the offer of D. E. Thompson to erect a fountain at the intersection of Eleventh and O streets, and a resolution was adopted thanking him on behalf of the city. Work on the fountain will begin soon.

An ordinance was passed giving water consumers until May 1 to put in water meters.

TECUMSEH INSTITUTE CLOSES

Farmers Hold Last Session and Elect Officers for Coming Year.

TECUMSEH, Neb., Feb. 3.—(Special.)—The nineteenth annual session of the Johnson County Farmers' institute was brought to a close in this city Saturday evening, after a three days' session. As in previous sessions the closing one was well attended. Chancellor E. Benjamin Andrews of the State university spoke on "Self Culture."

These officers were elected for the coming year: W. A. Apperson, president; W. K. Taylor, vice president; C. V. Douglas, secretary; David S. Warner, treasurer for the institute, and for the Woman's auxiliary, president, Mrs. C. C. Corbin; vice president, Mrs. John Steter; secretary, Mrs. T. H. Perry; treasurer, Mrs. R. M. Erwin.

TO MAP OUT MAIL ROUTES

Cass County Postmasters Meet and Prepare Schedule for Rural Free Delivery.

PLATTSMOUTH, Neb., Feb. 3.—(Special.)—The postmasters of Cass county met in the office of County Surveyor E. E. Hilton in the court house today to map out and agree on free rural mail delivery routes throughout the county, as recommended by Congressman E. J. Burkett. Thus far routes have been to routes established in the county, and the congressman thought it would be better to have the whole county supplied at one time.

Preacher Completes Stella Census.

STELLA, Neb., Feb. 3.—(Special.)—Rev. Goldsmith of the M. E. Church has just completed a house to house canvas of Stella and finds the actual population to be 516.

Draft Returned Protested.

YORK, Neb., Feb. 3.—(Special.)—H. A. Phillips of this city, traveling man selling groceries for a Lincoln house, regrets an intimate acquaintance with a traveling man representing a soap company of St. Louis, who is reported to have been discharged, but who succeeded in ingratiating himself in Mr. Phillips' good will and getting him to endorse a draft on his house for $30, which he cashed at the City National bank of this city. This draft came back protested.

Steal Cigars from Lunch Room.

FAIRMONT, Neb., Feb. 3.—(Special.)—The lunch room of Theodore Winters, near the Burlington depot, was entered last night and $12 worth of cigars and other property was taken. Mr. Winters is unable to do manual labor and tries to make a living by keeping his lunch counter.

Nemaha Man Has Smallpox.

NEMAHA, Neb., Feb. 3.—(Special.)—Nemaha has another case of smallpox, William Smiley, son of D. T. Smiley. His home has been quarantined.

ARREST "SILK HAT" BURGLAR

Police Capture Man Who Confesses Committing Robberies While in Dress Suit.

CHICAGO, Feb. 3.—A man giving his name as Edward P. Fake, also known as William H. Gibson, said to be engaged to marry the daughter of a Cleveland millionaire, and whose mother is said to be the owner of property in New York, Chicago and California, is under arrest here charged with burglary. The police claim to have discovered his identity through a letter dated last October at Los Angeles, Cal., from the young man's mother.

Fake, with eight others, is charged with committing numerous "silk hat" burglaries. The police say he has admitted some of them. Fake and his comrades, it is said, worked in silk hats and dress suits and travelled in a closed carriage to avert suspicion.

WARMER WEATHER WEDNESDAY

Nebraska Skies Clear Today and Tomorrow, with North Winds Shifting.

WASHINGTON, Feb. 3.—Forecast: For Nebraska and South Dakota—Fair Tuesday; Wednesday fair and probably warmer, northerly winds, becoming variable.

For Iowa—Fair and cold Tuesday and Wednesday; northwesterly winds.

For Missouri and Illinois—Fair, colder, Tuesday; Wednesday fair; fresh to brisk northwesterly winds.

For Kansas—Generally fair Tuesday, except snow and colder in south portion; Wednesday unsettled; northerly winds.

For Oklahoma and Indian Territory—Cloudy and much colder Tuesday, probably rain or snow; Wednesday fair and cold; northerly winds.

For Arkansas—Fair and colder Tuesday; Wednesday probably fair; northerly winds.

For North Dakota—Fair Tuesday, warmer in northwest portion; Wednesday fair and warmer; northerly winds.

For Montana—Cloudy Tuesday, snow in extreme northwest portion, warmer in east portion; Wednesday snow in west, fair in east portion; variable winds.

For Wyoming, Utah and Colorado—Fair Tuesday and Wednesday; variable winds.

Local Record.

WANTS INCREASE OF FUNDS

Committee Recommends Larger Appropriations in Urgent Deficiency Bill.

PHILIPPINE ITEM REMAINS IN MEASURE

Clause Providing for Shelter of Troops in Islands is Retained, but Its Wording is Changed.

WASHINGTON, Feb. 3.—In response to inquiries the state department notified the committee on appropriation that the department would be able to make provision for the representatives of this country in England, incident to the coronation of King Edward VII from its own resources and that therefore no especial appropriation would be necessary for that purpose. The committee therefore, did not make provision in the urgent deficiency bill as reported to the senate today for this item of expense, as it had agreed to do on Saturday.

The committee also decided that the provision in the bill as it came from the house for an appropriation of $40,000 to be used by the president in meeting "unforseen emergencies," would be sufficient to cover the expense of the government in connection with the approaching visit of Prince Henry and no specific appropriation was made on that account.

The net increase of appropriations recommended by the senate committee on this bill is $3,163,150, bringing its total to $20,239,620.

Several Items Are Increased.

The principal items of increase are:

Payment to Mexico on account of the La Abra and Weil claims, $412,552; payment of rebate on tobacco $100,000. Reimbursement of Philippine insular fund for gunboats turned over to the navy, $208,819; purchase of coal for the navy, $800,000; equipment of naval vessels, $450,000; refunding of states money expended in raising volunteers in the civil war: Maine, $513,135; Pennsylvania, $619,916; New Hampshire, $108,372, and Rhode Island, $124,617.

The appropriation of $500,000 for the shelter of troops in the Philippine islands is retained, but the wording of the provision is changed to read:

For the establishment in the vicinity of Manila, P. I., of a military post including the construction of barracks, quarters for officers, storehouses, hospitals and other buildings, as well as water supply, lighting, sewerage and drainage necessary for the accommodation of a garrison of two full regiments of infantry, two squadrons of cavalry and two batteries of artillery, to be available until expended.

Strikes Out Land Office Limit.

The committee also struck out the house provision limiting the number of land offices in Alaska to one, and reduced the appropriation made by the house bill for experimental rural free delivery service from $491,040 to $217,300.

Provision is made for the payment of a year's salary to the widows of the late Senators Kyle and Sewell, and $6,415 is appropriated to pay the expenses of senators who attended the funeral of President McKinley.

In connection with the appropriation for the payment of interest claims of states on account of the expenditure made during the civil war, this general provision is inserted.

The claims of like character arising under the act of congress of July 27, 1861, and joint resolutions of March 8, 1862, heretofore disallowed by the accounting officers of the treasury, shall be reopened, examined and allowed, and if deemed necessary, shall be transmitted to the court of claims for findings of fact or determination of disputed questions of law, to aid in the settlement of the claims by the accounting officers.

FEMALE SUICIDE IS IDENTIFIED

Richly Dressed Woman Proves to Be Widow of Colonel Hammond Moore.

SAN FRANCISCO, Feb. 3.—The identity of a middle-aged, richly dressed woman who committed suicide in Stockton, on Friday night, has been established by friends in this city. She was Mrs. Hammond Moore of New York City, widow of Colonel Hammond Moore, an officer of the confederate army who settled in New York shortly after the civil war. She came to San Francisco from Guatemala last May in the course of a tour around the world which she began three years ago, and which had just been concluded. The cause of the suicide is unknown.

DIED.

THOMPSON—Mrs. A. J., at 1 o'clock Monday, February 3, 1902, at 2114 Locust street.

Funeral services at the house Wednesday at 2 p. m. The remains will be taken to Girard, Pa., for interment.

Miss Mary Lenghan, a Young Society Lady who lives in Brooklyn, N. Y., tells how Young Women May Escape those Terrible Monthly Pains and Sickness.

"DEAR MRS. PINKHAM:—I suppose some of my friends would call it immodest in me to acknowledge to you what **Lydia E. Pinkham's Vegetable Compound** has done for me, but I feel that seven bottles which I took last fall and winter made a complete change in my life, and brought new hopes and aspirations to me which I had not dared think of when I was sick.

"For three years I suffered silently every month; I dreaded the time, and while not sick in bed, I felt sick enough to stay there. Cramps and bearing-down pains and wretched headaches were of frequent, often daily occurrence, but your Compound quickly changed all that. I am now in splendid health; I have no pains, and am so grateful to you that I feel I want to express myself, hoping it may help some suffering one to health. Yours truly, MISS MARY LENGHAN, 533 Park Ave., Brooklyn, N.Y."

$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

No other medicine for female ills in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Contrast the pleasant taste and delightful natural effects of the crushed fruit laxative

MULL'S GRAPE TONIC

With the harsh effects of drastic drugs commonly used as tonics, cathartics, liver and stomach medicines. Violent purgatives which are not a rational treatment for the sick.

Most doctors and patent medicine manufacturers resort to mercury, potash and opiates, which are all exceedingly injurious, though they sometimes temporarily relieve.

Mull's Grape Tonic is the life-giving juice of the grape, nature's own strength giver, combined with roots and herbs. Thus while pleasing to the taste, it is a perfect digestive, restorative and tonic. It nourishes, fortifies and refreshes, and is the greatest stomach, liver, nerve and kidney tonic known. It puts these great organs of the body in a healthy state. It rids you of that tired, depressed condition, caused by a run-down nervous system and impoverished blood. One bottle will convince you of its merits.

Kept by all first class druggists, 50 cents for a large bottle, or sent express prepaid by

THE LIGHTNING MEDICINE CO., Rock Island, Ill.

Mull's Lightning Pain Killer for all external and internal pains, 25 and 50 Cents.

For sale by Sherman & McConnell Drug Co., Omaha
S. W. Cor. 16th and Dodge Streets.

A SAD CASE.

A Young, Strong Man, Apparently in Perfect Health, Took a Slight Cough and Died Within One Week.

The Doctors Attending Him Said: "Had He Taken Duffy's Pure Malt Whiskey While He Thought He Was Healthy, It Would Have Built Up New Tissue and Prevented His Untimely Death."

Thousands like this young man are run down and their blood is impoverished, and they do not know it until it is too late. The case mentioned is of a young, athletic fellow, 28 years of age, who was the picture of health. He contracted a slight bronchial cough on Wednesday, which gradually grew worse until Friday night, when he had a hemorrhage of the lungs, which was followed by more hemorrhages, which cut him off in the prime of life. He died the next Wednesday, just one week from the day he went home apparently a strong man.

Lessons like this should teach everyone to be careful of the condition of the system. See that the blood is kept rich and circulates perfectly, and that the tissues of the body are not wasting without your knowledge. If you think the system is run down, if you take cold easily, if you have a hacking cough, a tickling in your throat, take Duffy's Pure Malt Whiskey. It will cure the cough and cold and prevent any further complications. Duffy's Pure Malt Whiskey is absolutely pure and contains no fusel oil or other dangerous ingredients. Do not fill your system full of drugs and compounds that you know nothing about. They injure the stomach and merely deaden the pain. They do not cure. A leading New York doctor said: "DUFFY'S PURE MALT WHISKEY is a form of food already digested." It aids digestion, stimulates and enriches the blood, tones the heart, builds new tissue, gives elasticity to the muscles and invigorates the brain.

Stopped Hemorrhages

Nashua City, N. H., June 15, 1901.

Gentlemen: It is with great pleasure that I write to inform you that I have used eight bottles of your Pure Malt Whiskey. I would not have been here today only for your wonderful medicine. I have used all kinds of medicine and been under the care of doctors. I have had three severe attacks of grip and pneumonia, which have left me with a bad cough and weak heart. I am 67 years old. It has toned up my system and stopped the hemorrhages and I cough but very little. I only regret that I did not know of your whiskey before. I cannot express what it has done for me. I beg to remain yours respectfully, MRS. H. C. ALLINGTON.

FREE.—Two game counters for whist, euchre, etc., send 4 cents in stamps to cover postage.

CAUTION! Duffy's Pure Malt Whiskey is sold in sealed bottles only. If offered in bulk or other than in our patent bottle it is a fraud. Be sure you get the genuine. All druggists and grocers, or direct, $1.00 a bottle. Medical booklet sent free. Duffy Malt Whiskey Co., Rochester, N. Y.

Cold in Chest

Omega Oil You hear a good deal of the great progress in medical science, but there hasn't been so much progress after all. The doctors have not been able to improve on many of the simple old remedies used during the last hundred years. Every mother knows that old-fashioned sweet oil is a good thing to rub on the nose, throat and chest for a cold, and a doctor can't prescribe anything better or safer except Omega Oil. This Oil does all that sweet oil can do, and besides that it contains other ingredients that check and cure a cold in a wonderfully short time. It can be used on children with perfect safety, as it does not blister. A bottle in the house all the time may save a life or a doctor's bill.

Omega Oil is good for everything a liniment ought to be good for. 25c

The Lakewood Hotel In the PINES of Southern New Jersey

The Leading Hotel of Lakewood.

LAKEWOOD, in the heart of a balsamic forest of pines, is now a world-renowned winter resort for health and pleasure, and The Lakewood, its principal and largest hotel, is a superbly equipped hostelry, in luxurious accommodation for the comfort, convenience and entertainment of its patrons not surpassed by any hotel in America. The cuisine and service equal those of the celebrated restaurants of New York and Paris.

At The Lakewood are installed the famous Hydrotherapeutic (water cure) Baths of Prof. Charcot of Paris, and Prof. Erb of Heidelberg. This resort has the most improved and perfect apparatus for the treatment and cure of overwork, nervousness, insomnia, and allied complaints, by means of hydrotherapy and electricity, of any hotel in the world. This department is under the care of the House Physician.

JAS. H. BERRY, Manager.
