

BOYD COUNTY HOMESTEADS

State Board Grants Application of Alexander Blair and Others.

LAND RELEASED TO GENERAL GOVERNMENT

Present Occupants May Recover it by Further Process—State Resists the Mode of Settlement.

LINCOLN, Feb. 11.—(Special Telegram.)—The State Board of Educational Lands and Funds has decided by a majority vote to grant the application of Alexander Blair and seventeen others for government deeds to homesteads in Boyd county.

Land Commissioner Folmer resisted the settlement on the ground that the homesteads are state land and cannot be released to the general government, from which it may be afterward recovered by the present occupants.

Bible in Public Schools.

John H. Lindale of Gage county has appeared as a friend of the supreme court in the case of the State ex rel Freeman against John Schewe and other directors of a Gage county school district.

When the constitution was formed, there were Congregationalists in New England, Dutch Reformers in New York, Lutherans in New Jersey, Quakers in Pennsylvania, Catholics in Maryland, Methodists in Georgia, Calvinists in South Carolina, Episcopalians in Virginia, and everything and what not in North Carolina.

Mr. Lindale begins his argument by asserting that the separation of the church and state in this country is the result of a compromise. He says:

"When the constitution was formed, there were Congregationalists in New England, Dutch Reformers in New York, Lutherans in New Jersey, Quakers in Pennsylvania, Catholics in Maryland, Methodists in Georgia, Calvinists in South Carolina, Episcopalians in Virginia, and everything and what not in North Carolina. In order that all should be on an equal footing, it was provided that Congress should make no law respecting an establishment of religion, or prohibiting the free exercise thereof. This was the first amendment, the first article of the 'Bill of Rights,' as the first amendments have been styled. Under this 'Bill of Rights'—under this provision, every denomination acquired vested rights. This spirit of toleration gradually filtered down into our state constitutions, till it has become the genius of our institutions.

"Our own state constitution provides: 'All persons have a natural and indefeasible right to worship Almighty God according to the dictates of their own conscience. No person shall be compelled to attend, erect or support any place of worship against his consent, and no preference shall be given by law to any religious society, nor shall any interference with the rights of conscience be permitted.'

"Compulsory education has been in force in this state from time immemorial. I have but to refer to the act of March 30, 1891, which is a subdivision of the act of 1889. The Compiled Statutes of 1899, and the other laws in the chain.

"If the bible is used in public schools, if hymns are sung, and if children are compelled to attend school, you compel attendance at a place of worship, which is contrary to the state constitution. Hymns are but prayers in meter.

"But the bible, you say, is common to all Christians. The Catholic yields to no one in his reverence for the Word of God. In a recent editorial in the New York Sun the following paragraph appears:

"As it is now, the pope is the sole, bold, positive and uncompromising champion of the bible as the word of God."

"The Catholic church has condemned the so-called 'high criticism,' which is nothing but Tom Paine's 'Age of Reason' in disguise. Catholicism makes no distinction between the sugar-coating, or let him be anathema.

"But we do not purpose to have James Stuart's translation forced down our throat without a protest. It would serve of no purpose to point out the difference between King James' version and the Douay edition.

"We are not asking to have the Douay edition read in our public schools. We do not think it proper. If we did, what a howl would go up all over the land. The 'arrogance of Rome' is a term of reproach, whose use is being given. Orthodoxy is my doxy and heterodoxy is my doxy."

"The song of every religious tyrant from Jew-burning Torquemada to witch-burning Cotton Mather."

"In closing, Mr. Lindale remarks: 'The gods of Olympus are back numbers. No body believes in them. It is safe to say that for fourteen centuries nobody has. The difference between Homer and the bible is the difference between a dead wire and a live wire. You cannot dissociate any version of the bible from religion.'

I Will Cure You of Rheumatism

NO PAY UNTIL YOU KNOW IT.

After 2,000 experiments, I have learned how to cure Rheumatism. Not to turn honey joints into fish again; that is impossible. But I can cure the disease always at any stage, and forever.

I ask for no money. Simply write me a postal and I will send you an order on my nearest druggist for six bottles of Dr. Rhoad's Rheumatic Cure, for every druggist keeps it. Use it for a month, and if it does what I claim your druggist \$5.00 for it.

If it doesn't, I will pay him myself. I have no samples, my medicine that can affect Rheumatism with but a few doses must be dragged to the verge of danger. It was so such drugs. It is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it and I take this risk. I have cured tens of thousands of cases in this way, and my records show that 29 out of 40 who get those six bottles pay, and gladly. I have learned that people in general are honest with a physician who cures them. That is all I ask. If I fail I don't expect a penny from you.

Simply write me a postal card or letter and I will send you an order for the medicine; but I won't harm you anyway. If it cures, pay \$5.00. I leave that entirely to you. Address Dr. Rhoad, Box 661, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

THIRD COULD BE ARRESTED

George, Brother of Flatts Valley Cashier, Laid in Jail.

HIS CONDUCT AS CLERK IS SUSPECTED

Charge is of Receiving Deposits When He Knew Concern to Be Insolvent and Aiding Others in Illegal Transactions.

DAVID CITY, Neb., Feb. 11.—(Special.)—George Gould of Bellwood was arrested yesterday afternoon by Sheriff West and lodged in jail in this city. George is a brother of A. H. Gould, cashier, and R. C. Gould, assistant cashier, of the Flatts Valley State Bank. He was clerk in the bank. The complaint filed against him is that he received deposits when he knew the bank was insolvent and he had knowledge of and aided and abetted A. H. Gould in the forging of notes and in all the illegal transactions connected with the bank. George asserts his innocence and says he can prove he did nothing whatever to do with any of the questionable transactions. County Attorney Walling says that he has a good case against George and that he was a prominent factor in all of the dealings that led to the closing of the bank.

BEAUTIFUL CHILDREN

Made Well and Strong by Pe-ru-na.

A Letter from a Grateful Mother to Dr. S. B. Hartman.

Mrs. G. W. Heard, of Howth, Texas, writes to Dr. Hartman in regard to her baby girl, Ruth:

"My little girl was two years old in January. She had some derangement of the bowels. She was a mere skeleton and we did not think she would ever get well. She had been sick three or four months, and after giving her less than one bottle of Peruna she was sound and well. I found the Peruna splendid for wind colic, with which she was troubled, when she began to improve in strength and appearance. Now she has a good appetite and is a picture of health."

Mrs. Heard also writes in regard to her son, Carl:

"My son's ears had been affected since he was a babe only a few months old. He seemed to have risings in his head. He would be very fretful for several days, then his ears would run profusely what appeared to be corruption. The last year I thought he had almost lost his hearing and had a local physician treating him for about six weeks. He pronounced himself unable for a few weeks he was not troubled, but since that time the discharge from his ears was almost constant and very offensive. Finally I began giving him your remedy and after he had taken two bottles he was entirely cured. I cannot praise Peruna enough."

MRS. G. W. HEARD, Mrs. C. E. Long, the mother of little Mima Long, writes from Atwood, Colo., as follows:

"When I wrote you for advice my little three year old girl had a cough that has been troubling her for four months. She took cold easily, and would wheeze and have spells of coughing that would sometimes last for a half-hour. We doctored all winter without relief.

"Now we can never thank you enough for the change you have made in our little one's health. Before she began taking your Peruna she suffered everything in the way of cough, colds and croup, but now she has taken not quite a bottle of Peruna, and is well and strong as she has ever been in her life. She has not had the croup once since she began taking Peruna, and when she has a little cold a few doses of Peruna flies her out all right. We can never praise it enough. We tell every one about it who has any ailment. We want to keep it always in the house. You may use my name anywhere in its praise."

MRS. C. E. LONG, Dr. R. Robbins, Physician and Surgeon of Muskogee, Indian Ter., writes:

"I have been a practicing physician for a good many years and was always slow to take hold of patent medicines, but this winter my little girl and myself were taken with the grippe. I was so bad I was not able to sit up. I sent for a doctor, but he did me no good. I had such a cough; I would not let me rest day or night. I got so weak and prostrated and nervous that I could hardly stand alone and I was all broken up. My system seemed to be all deranged.

"Finally I thought I would take anything to be cured, so I went and got a bottle of Peruna and commenced to take it. I took two bottles and my cough was gone and my lungs loosened up and my head became clear. Then I could both bear and smell and the pain left my stomach and limbs. I want you to know the grippe had me instead of me having the grippe, and my little girl took the same way.

"It looked as though she would die, she was so sick. I gave her medicine, but it seemed to do her very little good, so I sent and got one more bottle of Peruna and commenced to give it to her. It was only a short time until she was getting along all right, so I give your medicine, Peruna, the praise for what it did for me and my dear little daughter."

"I have told everyone it is the best medicine for catarrh of head, lungs, stomach and nervous prostration."

DR. R. ROBBINS, Mrs. Schaefer, 436 Pope Ave., St. Louis, Mo., writes:

"In the early part of last year I wrote to you for advice for my daughter Alice, four years of age. 'She has been a puny, stinky, ailing child since her birth. She had convulsions and catarrhal fevers. I was always doctoring until we commenced to use Peruna. She grew strong and well. Peruna is a wonderful tonic; the best medicine I have ever used.'

"I was in a very wretched condition when I commenced to take Peruna. I had catarrh all through my whole body, but thank God, your medicine set me all right. I would not have any other medicine. 'Peruna cured my baby boy of a very bad spell of cold and fever. He is a big, healthy boy fifteen months old. I have given him Peruna off and on since he was born. I think that is why he is so well. I cannot praise Peruna enough. We have not had a doctor since we began to use Peruna—all praise to it.'

MRS. SCHAEFER, If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
