MADRID, Feb. 20 .- Premier S. ata is throughout Spain. The signature of the decree, it is believed, will be followed by an extreme national crisis. It was persistently said when the Chamber of Deputies closed this evening that the minister of war, General Weyler, had a long conference with the queen regent yesterday which was followed by a conference with the military authorities today. Afterward, it is asserted, arms and ball cartridges were served out to the troops in Madrid, who are in readiness to start at a mo

ment's notice. Advices received here from Barcelona say the mob does not offer any serious resistance when confronted by the troops, but rioters are continually sniping at the police and soldiers from behind doors and windows and from the roofs of houses, dispersing when the troops charge.

According to telegrams received here hate tonight from Barcelona street fighting there continues. A proclamation has been assued ordering all private individuals to surrender any weapons they may possess, under pain of severe penalty. The sale of arms has been prohibited. Forty workmen's associations have been dissolved and the members of their committees arrested. The battleship Pelayo has been ordered

tents of the wagons were dragged and bar-ricades were built across the road. The rails have been torn up to prevent trains from entering the city. The strike movement has begun to

spread seriously. At Saragossa most of the factories have closed on the demands of the workmen and the strikers are bringing pressure to bear to cause the factories still remaining open to close. The captain general of Saragossa

wired for reinforcements. Official telegrams received here describe slight improvement to the situation at

Owing to the strict censorship over news from Barcelona it is difficult to ascertain the real state of affairs there.

In addition to the labor movement the ever-present Catalan home rule agitation is likely to prove a serious factor in the situation. One hopeful sign is the fact that almost alone among the ministers and the governing authorities, General Weyler is in sympathy with the Catalanian demands and is inclined to study their griev-

LONDON. Feb. 20 .- A message to the Exchange Telegraph company from celona via Perpignan, France, says a fierce battle has been fought between the troops and the rioters in the suburb of Barcelona known as Sano. Before the engagement the cavalry and infantry had been posted in the most dangerous points and a field battery had been located on the plaza, from which vantage point the guns could sweep the surrounding streets. When the final clash with the troops occurred, continues the dispatch, the artillery was brought into action and raked street after street.

The ricters engaged the batteries at clos but were driven off. It is reported that 500 persons were killed and wounded on both sides.

The entire neighborhood was wrecked by the shells. The rules caught fire and this completed the destruction. Further fighting is reported at Mataro (fifteen miles from Barcelona), where a quantity of arms have been discovered. Fighting is also reported at Tortosa and Tarranaga respec tively, 150 miles southwest of Barcelona. CERBERE, Spain, Feb. 26,-6 p. Serious fighting is proceeding in all parts of Barcelons. ORDERS MARTIAL LAW EFFECT OF PRINCE'S VISIT PLANS OF WASHINGTON VISIT SERIOUS FLOOD IS FEARED CLAMOR FOR FREE DELIVERY

Revival of Cordiality is Predicted by German Paper Formerly Hostile to America.

BERLIN, Feb. 39 .- The Kreuz Zeitung oncluding a column survey of the relations between Germany and the United States

The royal attitude of Germany at the outbreak of the Spanish-American war has fust been proved. If the sympathies of the German people were then with Spain the explanation is that ideal trait of the German people were then with Spain the explanation is that ideal trait of the German character which causes Germans to sympathize with the weaker party in a fight. But we have long since gotten over that. Sharp conflicts of interest exist between Germany and the United States. These, however, are not political, but are confined to economic matters. Perhaps a way has at last been found which renders possible a settlement of these conflicts. Perhaps the visit of Prince Henry will give occasion to this end. At any rate much will be gained if this visit reawakens a lively consciousness of the traditional friendity relations among the rulers and the people of both nations. It will also remove the misunderstandings which the sensational press has created and nourished. Prince Henry's visit will certainly clear the atmosphere, improve the relations and revivily the cordiality which has always existed between the two governments.

The news was received this morning from Lord Kitchener, in a dispatch dated Pretoria, Wednesday, February 19. The Scots Greys formed part of General Gilbert Hamilton's column. The latter, while moving on Nigel, February 18, engaged a force of Boers at Klipdam. The Scots Greys became detached, were surrounded and cut off. General Hamilton was unable to dislodge the Boers from their position, so he continued his march toward Nigel. The Boers released the Scott Greys who had been made prisoners.

Mr. Patterson of Colorado, one of the minority members of the Philippines commission, delivered his first extended speech in the senate and was given a most attentive and careful hearing. He discussed ceased had thought to take the body to principally the sedition laws enacted by tacking the authority of the commission to enact and enforce such laws. He maintained that congress alone had the power to put in force enactments of that character. He compared information furnished by the executive departments of the government with some of the statements of Governor Taft in his testimony before the Philippines commission with respect to the capabilities of the Filipinos and declared with some heat his belief that Governor Taft misrepresented the true situation in the islands for motives unknown. He asserted that if the 6,000,000 of Christians in the Philippines were Protestant Christians the cruelties practiced on them by the American authorities would have to stop. as no member of congress would be able to withstand the wrath of the Methodiats, Baptists and Presbyterians of this country. Question of Sectarianiam

Mr. Nelson of Minnesota presented a legal and constitutional argument in support of this government's action in the Philippine archipelago and sharply criticized Mr. Patterson for injecting into the contraversy the question of sectarianism.

Mr. McCumber of North Dakota urged that congress should not bind the future now by a declaration of a definite policy regarding the Philippines, as it was desirable that all possible information should be in hand before a permanent policy was

determined upon. Mr. Patterson maintained that under the enactments of the Philippines commissi any person found distributing the Congres

Mr. Patterson said that seldom had a neo ple been held up to greater contumely and scorn than had been applied to the Filipinos by Judge Taft, "who literally, at least, is their ruler." Sentiment for independence might be

stamped out by a great army, said Mr. Paterson, but such a course would be one of Six Million Christians.

In conclusion Mr. Patterson referred to the fact that 6,000,000 of the people the islands were Christians. "But," he said, "they are not Protestant Christlans." On motion of Mr. Lodge, the senate agreed to meen at 11 a. m. tomorrow.

Mr. Nelson of Minnesota followed, with a legal argument dealing with various phases of the Philippine question. In heginning he took Mr. Patterson sharply to task for injecting sectarianism in the liscussion, holding that it was unwarranted and inexcusable. It had remained for Mr. Patterson, too, he said, to declare that the sending of American teachers to the Philippines to teach the Filipine youth the English language was an act of tyranny

Mr. Nelson declared that it was a slander upon the American people to assert, as the minority did, that this government was not fully competent to give the Philippines a good government Slander on American Nation.

"We are there," said he, "and I want to tell the senators on the other side that the people of this country will never consent to abandon those islands. When did it come to pass," he demanded impulsively, "that the American people became a set of tyrants? When did it come to pass that the American soldiers became Busht. Besoks over those islands? It is a slander upon the American nation." A bill authorizing the construction of a

bridge over the Missouri river at Kansas City was passed and the senate then, at 5:13 p. m., went into executive session and soon afterward adjourned. NDIANS HAVE DAY IN HOUSE Education of Red Men in East Op-

Retnined.

WASHINGTON, Feb. 20.-The house spent the day working on the Indian appropriation bill. Forty-two of the sixty-two pages were disposed of. Several amendments were adopted, but none of much importance. The appropriation for preliminary work on the reservoir for the Gila river went out on a point of order. Mr. Smith of Arizona offered an amendment to atrike out the appropriation for the Carlisle school and it became the text for a general onslaught on the practice of educating Indians in eastern schools. His amendment

was defeated. Just before the close of the session Mr. Fitzgerald of New York made an attack upon the superintendent of the school at Mount Pleasant, Mich., who, he said, was LABOR charged with permitting the debauching of Indian girls. Mr. Sherman, chairman of the Indian committee, promised to make an investigation at the Indian office tomorrow. Mr. Sherman explained that the bill carries \$8,441,505, being \$1,3.7.234 more than the estimates, but \$1.297,515 less DENVER, Feb. 20 .- The senate today than the amount carried by the current law. adopted the joint resolution previously Mr. Little of Arkansas offered an amendadopted by the house, declaring that the ment to direct the commissioner of Indian interests of Colorado workingmen are affairs "to examine and report the feasibilseriously jeopardized by the employment ity and expediency of educating the Indiana of Japanese at the coal mine in Huerfano in schools upon the reservations and in county, and that "it is the sense of the communities where such Indians reside, and Thirteenth general assembly that the con-gress of the United States shall take steps end to congress next session."
