with his side arms clanging heavily at his heels, came down the main aisle. Admiral Dewey, who is absent in Florida, would have been with him had he been in the city, but as it was the lieutenant general of the army alone and unattended made his way to his place at the extreme right of the chairs reserved for members of the court.

All Eyes on Prince Henry.

Tap, tap, tap, and once more the assemblage rose. The doors swung open and on the threshold, and with every eye upon him, stood Prince Henry between Senator Foraker and General Grosvenor, chairman respectively of the senate and house committees.

"His royal highness, Prince Henry of Prussia," announced the doorman. The prince was dressed in the simple dark blue uniform of an admiral of the German navy, without a single star or evidence of the imperial house to which he belonged upon his breast. He carried white gloves and his hat was a simple black one.

is a proud title; if justly conferred, it ranks him among the few whose names may be placed definitely and forever in the annals of the history of the world. His name has come to us and Tutuila; the name of the prophet of the east, Cuba is free. Our position in the Caribbean is assured beyond the possibility of future question. The doctrine called by the name of Monroe, so long derided and scorned by the republics of the south, is now a conviction that we desire only their peace and prosperity. Europe knows that we cherish no designs upon their possessions, but that the state is augmented, but it threatens no nation under heaven. As to those republics which have come under the shadow of our flag, the possibility of their being damaged by such a change of circumstances was to turn itself to our American flag of more than 100 years.

Makes Old Age Vigorous

Paine's Celery Compound the Greatest Nerve Tonic.

Paine's Celery Compound is the greatest nerve tonic ever given to the world. It is particularly effective when the system is gradually wasting away in old age, and when each separate organ is predisposed to degeneration.

Paine's Celery Compound renders a vigorous old age possible. It keeps the nervous system in a normal condition of health; it keeps the digestive organs in perfect condition; it keeps the liver and kidney active and in perfect health; it nourishes the nerve fibres, as well as muscle fibres and other tissues; it keeps the nerve force strong; it aids digestion; it makes rich, pure blood and gives strength and health to those in whom the energies of the human body have begun to waste.

In the treatment of the infirmities common to old age, Paine's Celery Compound is the world's greatest remedy.

William P. Snowden and his family were the first white settlers of the town that is now the city of Omaha. He has had a long and eventful life. His trade was that of a brickmaker. He fought with the army of the North from 1861 to 1864. He had previously seen service in the Mexican War in the forties. He has held many local offices of trust, and there is no better known man in Nebraska today.

"It gives me great pleasure," he wrote in a letter on Oct. 11 last, "to attest the good qualities of Paine's Celery Compound. I have used it for years, and it has never failed to help me. While I am perhaps the oldest resident of this city, I am in good health. I have never found it necessary to take any other medicine."

Nothing has ever approached Paine's Celery Compound in its power of building up weakened nerve tissues and giving strength to the tired body. In severe cases of persistent headaches, dyspepsia, neuralgia and sleeplessness, due to nervous debility, Paine's Celery Compound has a record of rapid and lasting cures that embraces every city and town in the wide western world.

Living east of this city, was the scene of a wedding ceremony performed by Rev. Mr. Wright, pastor of the Christian church at Weldon. The contracting parties were Floyd Sterns, a young farmer and stockman of this city and the son of M. M. Sterns, and Miss Minnie McPherson, a niece of Mr. Chamberlain. Mr. and Mrs. Sterns will at once move up to Lakeview, Neb., to make their future home, where the groom has extensive stock interests in the northwestern part of the state. The ceremony was witnessed by a large number of friends and relatives.

A Printer Greatly Surprised. "I never was so much surprised in my life as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, pressman of the Ashville (N. C.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since."

Coal Miners May Strike. NATRONA, Pa., Feb. 27.—A strike is imminent among the coal miners employed in the Allegheny valley. A meeting of officials will be held soon and it will be finally decided whether the men will be called out or not. The mine owners, with few exceptions, have refused to sign the scale and unless the matter is adjusted this week it is asserted that every miner will refuse to continue work after Monday.

of 99 years, writes to the proprietors of Paine's Celery Compound: "I can recommend Paine's Celery Compound to every one. It has been my health preserver during the last few years. Few women, even though much younger than I, enjoy as good health, for my appetite is natural, my sleep refreshing and I can walk quite a distance without feeling tired. People are surprised at my vigorous appearance and activity, which I believe is due to the use of Paine's Celery Compound."
