

REPUDIATE TILLMAN'S ACT

Directors of Charleston Fair Denounce Letter to President Roosevelt.

URGE PRESIDENT TO ATTEND EXPOSITION

Assure Him of Cordial Respect and Welcome by the People of South Carolina.

CHARLESTON, S. C., Feb. 28.—At the meeting of the board of directors of the exposition company tonight Colonel Tillman's message to President Roosevelt was discussed and the following resolutions adopted:

Resolved, That the president of the exposition company be and hereby is requested to communicate at once with his executive committee, consisting of the president of the United States, and extend to him the cordial greetings and good wishes of this board of directors with assurance that we look forward to his promised visit to the exposition with the greatest pleasure and the warmest welcome.

Resolved further, That the president be informed that this board of directors declines any responsibility for the recent communication made by Colonel J. H. Tillman to President Roosevelt and express their utter lack of sympathy with his action in this matter.

A committee was appointed by the board of directors to convey the invitation to President Roosevelt. The city council will hold a special meeting tomorrow to take action in this matter. Colonel Tillman was interviewed at his home in Edgewater today by a correspondent of the News-Courier and said:

I do not propose to be placed in the light by my conduct tomorrow in the case of President Roosevelt's decision not to attend the Charleston exposition. I am in no way connected with the exposition, officially or otherwise.

COLORED MAN GETS FORTUNE

Cared for Women After She Had Been Forsaken by Relatives and Friends.

NEW YORK, Feb. 28.—George W. Thurston, colored, a former Pullman car porter, will receive the greater part of the estate of Mrs. Ethel Jane Evans, white, valued at from \$75,000 to \$100,000.

Mrs. Evans will, which was contested by her divorced husband and relatives, has been admitted to probate by Surrogate Fitzgerald. "Thurston," the surrogate said, "seems to have been the only one to whom she clung during the latter years of her life."

KILL THEIR ASSAILANTS

United States Soldiers Shoot Down Eight Filipino Insurgents and Capture Arms.

MANILA, Feb. 28.—The United States Philippine commission has ordered that medals of honor be bestowed on Inspector Knauer and two other members of the Philippine constabulary. The three men were going from Cavite to Magellan in Cavite province, when they were attacked by eight members of Ramon's band. Knauer telegraphed that he and his companions killed the eight insurgents and captured three rifles, one revolver and three pistols.

Two hundred uniformed bolomen in the island of Samar recently attacked a scouting party of friendly natives and a detachment of the first infantry. Eighty of the bolomen were killed and one of the friendly natives was severely injured.

COMPANY WITH A GOOD RECORD

It of the Twenty-Second Had Brilliant Part in the Capture of Aguinaldo.

SAN FRANCISCO, Feb. 28.—Among the troops which arrived on the transport Hanguard from Manila were Captains George A. Detenchemer, Lieutenant Parker Hitt and thirty-four enlisted men of Company H, Twenty-second Infantry, from Baler, Luzon, the most remote station in the Philippines. It was this company of soldiers which, after many hardships, ran down the Filipinos carrying messages from Aguinaldo. Together with Lieutenant James D. Taylor, Twenty-fourth Infantry, they discovered

FLOOD PREVAILS IN SOUTH

Continues to Destroy Valuable Property and Menace Lives.

SEVEN PERSONS ARE REPORTED KILLED

Storm Leaves Shattered Buildings, Darkened Towns and Crippled Traffic in Its Destructive Wake.

PITTSBURG, March 1.—At 3 o'clock this morning thirty-two feet is confidently predicted by old-time river men.

The water in both the Allegheny and the Monongahela at this hour is rising so rapidly that it is only a question of time until the manufacturing plants along both streams will be forced to suspend operations.

From Braddock at 3 o'clock it was announced that the roll mill of the American Steel and Wire company, employing hundreds of men, had been forced to close down, and it is expected that by daylight thousands of men in what is known as the Pittsburgh district will be unable to start.

PHILADELPHIA SUBMERGED

PHILADELPHIA, March 1.—The Schuylkill river has risen two feet in the last two hours and is still rising. At this hour the water completely covers the tracks of the Baltimore & Ohio depot at Twenty-fourth and Chestnut streets, and the floor of the lower waiting room is covered with water to the depth of two and a half feet.

BRIDGES GO DOWN

WILKESBARRER, Pa., March 1.—At midnight the water in the river was thirty feet above low water mark and several bridges on the Delaware and Hudson railroad between the city and Scranton were washed out. Three lives were lost.

EUGENE HOFFMAN, aged 10, residing near Plymouth.

JOSEPH MCQUIRE and JOHN FISHER, two employees of the Lehigh Valley railroad.

ATLANTA, Ga., Feb. 28.—Not in many years have the southeastern gulf states experienced damage so widespread by a storm as that which visited yesterday afternoon. In Georgia, Alabama, Tennessee, North Carolina, South Carolina and Florida. As far as known, seven lives were lost and several persons injured. The damage is enormous. Four lives were lost in a wreck near Griffin, Ga., which was caused by a washout. The heat waves negroes whose cabins were blown away by the storm.

The rains raised the water to floor height in the Chattahoochee, Alabama, Ocmulgee, Savannah and the two Oconees, but late tonight the stage in all of them was stationary. Columbus, Ga., where the Chattahoochee was rising slowly, Columbus suffered severely. One bridge was washed away and another is expected to go at any moment.

The city of Athens, Ga., is in total darkness tonight, with the two rivers sending volumes of water into the city.

The power plant of the Athens Electric Street Railway company was submerged to a depth of six feet. At the Princeton factory the river rushed through the building, doing damage to the machinery. The water works plant was inundated and the machinery was ruined. The water supply of the city was shut off. Both gas and electric plants were compelled to close down. All the bridges—city, county and railroad—are in danger, but none have been carried away.

Washouts are reported on all railroads coming into Atlanta tonight, excepting those of the Southern Railway.

The loss to the railroads is enormous and they are handling their passenger traffic only with the greatest difficulty. No train on the seaboard since Monday reached this city since Tuesday morning until 5:35 this afternoon. All trains on this road are turned back at Athens, Ga., using the Southern's tracks into Atlanta. The first train over the Southern from Washington since 10 p. m. yesterday pulled into the Atlanta depot at 6 p. m. tonight.

No train has arrived from New Orleans for twenty-four hours. A washout on the Atlanta & West Point, near Gabbottsville, Ala., has caused all trains to be held up there.

Five Trains on Schedule.

The Southern system, to Chattanooga and Birmingham is maintaining its usual schedule and all trains on the Nashville, Chattanooga & St. Louis, the Georgia railroad and the Central of Georgia are on time.

A negro woman was killed, another fatally injured and several negro men and boys hurt by a cyclone which passed over Dawson, Ga., last night. Heiler's Roller mills and the Barnett saw mills were washed away near Jackson, Miss.

PENSACOLA, Fla., Feb. 28.—The entire south wall of the new south wing to the new state capital, last night, is said to be ground last night by a furious gale.

ASHEVILLE, N. C., Feb. 28.—All railway traffic in the mountains is completely paralyzed as a result of last night's storm. The French Broad river is the highest ever known and all manufacturing plants along the banks have been forced to close. A large number of houses on the lowlands along the river were cut off by the water last night and the occupants were taken out in boats.

The river rose over the thirteen-foot wall at Marshall, N. C., and flooded in the town. Several small freight wrecks are reported. The water is reported ten feet deep in one place on the Murphy division of the Southern railway. In Asheville street car traffic was suspended last night and has not been resumed.

Two Freight Trains Wrecked.

KNOXVILLE, Tenn., Feb. 28.—The storm which began last night, is causing damage to railroads in this section. The Tennessee river here is rising at the rate of thirteen inches an hour. A freight train was wrecked today near Redford, Va., on the Norfolk & Western railroad, in which brakeman Floyd Brown, colored, was killed. The Virginia and North western railroad bridge at Elizabethton, Butler and Carden's Bluff, Tenn., were washed away.

The East Tennessee & Western and North Carolina railroad suffer great damage. People of Elizabethton and from towns last night and had the water risen two feet more the town would have been completely submerged. Beaver creek at Bristol is higher than ever known and is flooding parts of the city. The Southern railway is unable to run trains beyond White Pine, Tenn., on the Asheville-Knoxville line. All telegraph and telephone wires along the line are down.

A freight train was wrecked on the Atlanta, Knoxville & Nashville railroad near Hawsassee by a landslide, caused by rains. Engineer A. J. Kiesel was probably fatally killed.

News from Chilhowee, Va., states the south side of the town is under water and Little Fork river is higher than in twenty years.

Marion, Va., is partially submerged.

Low Barometer at Chicago.

CHICAGO, Feb. 28.—Never in Chicago was the barometer so low as it was today.

THE OMAHA DAILY BEE; SATURDAY, MARCH 1, 1919.

PLATTE AND MISSOURI RISE

Nebraska and South Dakota Visited by Snow and High Wind.

PLATTSMOUTH, Neb., Feb. 28.—(Special Telegram.)—The Missouri river at this point is rising rapidly. The ice went out of the Platte river tonight.

PREMONT, Neb., Feb. 28.—(Special.)—The Platte river is on its annual rise. The banks are full and in some places the water has overflowed the lowlands. The ice is going out rapidly. There are several men employed to watch the wagon bridge leading into Saunders county, and no danger to it is apprehended at present unless there should be a heavy rain.

RUSHVILLE, Neb., Feb. 28.—(Special Telegram.)—After two weeks of fine weather the country has fallen in the grip of a snowstorm since yesterday. Snow is drifting with a strong wind from the north.

PIERCE, Neb., Feb. 28.—(Special.)—A snowstorm with high northwest wind has been in progress all day. The temperature is moderate.

PLATTSMOUTH, Neb., Feb. 28.—(Special.)—The rain of yesterday and last night turned to snow about noon today and promises to continue during the night. The weather is turning colder and the wind blowing from the northwest. The moisture will be of much benefit to the soil.

WYOMING, Neb., Feb. 28.—(Special.)—For the past week spring weather has prevailed, but yesterday a light rain fell all day, followed by sleet. Today the ground is covered with snow and high, cold winds prevail.

WEST POINT, Neb., Feb. 28.—(Special.)—The springlike weather of the past few days gave place last night to a driving snowstorm with a strong northeast wind. Rain preceded the snow, soaking the ground thoroughly. The ground is in fine shape for spring work, nearly all the winter's snow being soaked up, little having run into the streams.

ABERDEEN, S. D., Feb. 28.—(Special Telegram.)—The fine spring weather which has prevailed recently met with a sudden setback tonight. A heavy snowfall accompanied by high northwest wind. Considerable snow is falling. The temperature is moderate.

PIERRE, S. D., Feb. 28.—(Special Telegram.)—A heavy storm has prevailed since last night. Several inches of snow has fallen. The snow is drifting badly and travel is impeded.

SIoux FALLS, S. D., Feb. 28.—(Special Telegram.)—The rain of the preceding twenty-four hours this morning turned to snow, which fell all day, with a strong northwest wind prevailing. A great deal of the snow melted as fast as it fell, but tonight the temperature is below the freezing point.

CONNELSVILLE, Pa., Feb. 28.—The highest stage of water known in several years has made the Youghiogheny a raging torrent tonight. At 9 o'clock this morning the water was 12 feet above normal. At the rate of a foot an hour. By noon the water began to flood the lower portion of New Haven and people began to move from their houses, which were rapidly surrounded by water. Tonight all the lower portion of New Haven is submerged.

Men are now trying to save stock from the valuable lumber yards, people are moving out into the darkness and the raging river makes it a night of terror. Traffic on the Baltimore & Ohio railroad is suspended. The wind last night tore down telegraph wires and stopped the running of trains.

BEDFORD, Pa., Feb. 28.—The heavy water playing havoc here have changed the high water mark. A number of railroad bridges were washed away and the water is lower plain level. For miles, and as a consequence, no trains have been gotten through today and the indications are that all traffic between here and Cumberland will be suspended for several days.

READING, Pa., Feb. 28.—Dispatches from Tammany, Pa., state that the worst flood since 1850 visited that place today. The business section of the town is under water.

LEBANON, Pa., Feb. 28.—This city today experienced the worst flood in its history and tonight the town is in darkness. The electric light plant and the gas works are inundated and the city is in darkness. Travel is suspended. Hundreds of families are held prisoners in their own houses.

SCRANTON, Pa., Feb. 28.—Heavy rains and warm weather today changed the insignificant Lackawanna into a mighty river. A dozen small bridges on the Lackawanna were washed away and the water is dangerous to the big Carbon street bridge going at any time. The water was up to the deck of the bridge at 3 o'clock and was still rising. The Delaware & Hudson, Ontario & Western and Jersey Central tracks are washed out at various points and trains are stalled all along the valley.

NEW YORK NOT OVERLOOKED

Empire City Gets Generous Share of the Rain and Wind-storm.

NEW YORK, Feb. 28.—The storm which raged today over the entire eastern half of the United States gave a generous share of its attention to New York city. During the afternoon for a short time a train fell in torrents and the wind blew a gale at the rate of sixty-eight miles an hour. The storm made the water on the bay very rough and interfered with shipping considerably.

The United States cruiser San Francisco weighed anchor at noon under sealed orders for sea, but when it reached a point off Swainsboro Island the captain changed its course and returned to the anchorage grounds of Tompkinsville, on account of the storm. Cincinnati and Olympia were under obligation to return to New York. Reports of a like nature come from Lehighville and Belvidere, where the silk mills are flooded and many families were taken from their homes in boats.

BRITISH STEAMSHIP AGROUND

Runs Ashore Off Cape Henry During a Dense Fog When Coal is Low.

BALTIMORE, Feb. 28.—A dispatch to the Maritime Exchange from Cape Henry today says the British steamer Yeoman, from Galveston for Liverpool, via Newport News, is ashore at the point of Cape Henry.

PHILADELPHIA, Feb. 28.—Yeoman picked up the Spanish steamer Bress at sea, helpless, with a broken propeller, and towed her into the Delaware breakwater on Tuesday of the week. After performing this service, the Bress steamer found himself short of coal and decided to go to Norfolk to refill his bunkers before proceeding to Liverpool. It was while enroute to the former port

JEALOUSY LEADS TO MURDER

Suspicious Husband Kills Wife, Rival and Commits Suicide.

DIRECTED IN CRIME BY HIS OWN SON

Boy Keeps Silent Watch Over His Mother and Other Victim and Gives Father the Clue.

WOODSTOCK, Ill., Feb. 28.—Murderous jealousy filled the heart of Benjamin F. Ellsworth today and after slaying his wife and Amos W. Anderson with a revolver he turned the weapon on himself and ended his life. His son, Earl A. Ellsworth, was a witness of the tragedy and is a prisoner in the county jail. The triple tragedy was brought about apparently by a pre-arranged plan formed between the father, now dead, and the son, now a prisoner.

The son set himself to watch the suspected actions of his own mother and at a certain moment ran stealthily to a window, whence he signalled to his father across the street. The father came and the killing followed. While no doubt exists as to the motive which prompted the killing, the exact details of the affair are known only to the young man.

Boy Tells His Story.

Young Ellsworth said he had concealed himself in the garret early in the morning, reaching there by a short stairway. He had previously bored a small hole in the ceiling, through which he could see into Mr. Anderson's room. He saw his mother enter the room soon after his father had gone to his shop, and then descending the stairway in his stocking feet, he went to a room facing the shop and waved his hand at his father.

The elder Ellsworth at once left the shop armed with a revolver and a heavy machine's pistol. He wore a pair of thick felt boots and his entrance to the house and ascent of the stairs was noiseless. As he reached the landing he was seized by his mother and a moment later began his murderous assault.

Shot Five Times.

Mr. Anderson was fully dressed and had his hat on when the attack began. Anderson was shot five times and lived thirty minutes. Mrs. Ellsworth and Ellsworth were shot through the head and died instantly.

Ellsworth was 45 years of age and a prosperous mechanic who conducted a general repair shop near his residence. His wife was 42 years of age and prepossessing in appearance. Mr. Anderson was 77 years of age, of fine physique for one of his years, and for nearly four years had made his home with the Ellsworths. He was a retired farmer, owning property estimated to be worth over \$30,000. The prisoner's grandfather, five years ago killed his hired man and blew out his own brains.

Deeds of Relinquishment to Lands Are Signed by All Board Members but Two.

(From a Staff Correspondent.) LINCOLN, Feb. 28.—(Special Telegram.)—The deeds of relinquishment to the Boyd county homestead lands were signed this afternoon by all members of the Board of Educational Lands and Funds, excepting Secretary of State Marsh and Land Commissioner Palmer. The latter declined to sign the deeds, claiming that the act as recommended by the board is contrary to law. Mr. Marsh was out of the city. The board last week voted in favor of the relinquishment. Sanford Parker of Spencer was in Lincoln this afternoon urging action in the matter.

VIOLENT STORM SWEEPS OHIO

Telegraph and Telephone Wires Prostrated and Service Seriously Affected.

CLEVELAND, Feb. 28.—One of the most violent gales experienced in years prevailed throughout northern Ohio early today. At the local weather bureau office the wind, which blew from the southwest, registered a velocity sixty-four miles an hour. Telephone and telegraph poles, and wires were prostrated in many places, with the result that the service is seriously affected. It will probably require several days to fully repair the damage.

CLEVELAND, Feb. 28.—Scores of plate glass windows and skylights in the downtown district were demolished, while signs, chimneys and trees were torn down in numerous instances. A portion of the roof of the Miles Park Methodist Episcopal church was carried away and the building of the British Methodist Episcopal church was completely demolished. No one was in the building when it fell. At one time the wind blew at the rate of eighty miles an hour.

DAMAGE FROM CLOUDBURST

Eastern Pennsylvania Visited by Heavy Rainstorm and Schuylkill is Out of Bank.

READING, Pa., Feb. 28.—This section was visited by a cloudburst today which did great damage. A sixteen-foot flood is now raging in the Schuylkill river. Water backed into some of the industries of the lower section and they were obliged to close down. Hundreds of cellars filled with water and at a number of houses along the river the inmates had to be taken out on the boats. Near Reading several dams burst and hundreds of acres were under water. In the country districts great damage is reported.

Kansas Gets Snow

TOPEKA, Kan., Feb. 28.—Light snow fell in numerous Kansas counties today and more is looked for tonight. In Franklin county the ground is well covered. The rain and snow have relieved the water famine at some points. It is the unanimous opinion that the wheat crop in Kansas was never in better condition than at present.

Storm at St. Joseph.

ST. JOSEPH, Mo., Feb. 28.—A storm set in here late today and snow has been falling several hours. A fierce wind is blowing and the temperature is falling. No great damage to fruit is expected, for the reason that the brief spell of warm weather was sufficient to start the trees to budding. The winter wheat is in excellent shape.

No Danger of Flood.

CINCINNATI, Feb. 28.—Although the river has risen rapidly here, there is no immediate danger of a flood. At 6 o'clock tonight the gauge here reached thirty-seven feet, a rise of 3.3 feet since 6 o'clock this morning. United States Forecaster Bessler said today that the river probably will not pass the forty-foot stage.

Severe in Northwest.

MINNEAPOLIS, Feb. 28.—Dispatches from Minnesota and the Dakotas tell of one of the hardest snowstorms of the winter. At Pierre, S. D., the snow is drifting badly and traffic is impeded. North Dakota has a blizzard, the rain having turned to snow and being driven by a high wind.

South Buffalo Submerged.

BUFFALO, Feb. 28.—The Buffalo and Cassiopolis creeks were over their banks tonight and the streets of South Buffalo are inundated under two to ten feet of water. It is the worst flood in ten years.

Iowa's Low Barometer.

DAVENPORT, Ia., Feb. 28.—The barometer registered 28.7 today, only two degrees lower than in the center of the Galveston cyclone, and the lowest on record in this part of the country.

Miners Overcome by Gas.

TELLURIDE, Colo., Feb. 28.—Michael Lund and Charles Anderson, miners, were overcome by poisonous gases in the Cincinnati mine of the Tom Boy group and were dead when found by rescue miners. Anderson was the first victim and Lund lost his life in trying to rescue Anderson.

THE GRIP AGAIN

THIS DANGEROUS EPIDEMIC HAS MADE ANOTHER APPEARANCE.

Hundreds of New Victims Added to Its List—A Suggestion as to How to Guard Against It and Its After-Effects.

Every year upon the approach of spring the grip makes its appearance. Once every few years it spreads and assumes alarming proportions. From all appearances this is one of the years in which it will seize upon a great number of victims, for every day new cases are reported.

As in scarlet and typhoid fever, the after-effects of grip are often worse than the disease itself. The sufferer is left with a debilitated system, short of breath upon the slightest exertion, affected by a steady change of the weather and in a physical condition to invite the attack of the many diseases induced by the inclement weather of early spring.

A timely suggestion as to how to enable the system to resist the threats of grip and its after-effects is given by Mrs. Mary E. Chase, an operator in a shoe factory, living at No. 2775 Washington street, Hoxbury dist., Boston, Mass. She says:

"I had an attack of the grip in 1888, which left me in such a weak condition that I became afflicted with a complication of other troubles. I suffered from nervous dyspepsia and a disease peculiar to my sex. There was a bad feeling in my head, yet it was not headache. I took cod liver oil and had periodical spells of nausea. I would faint frequently and was completely run down in every way. I tried several doctors and took various remedies, but without favorable results.

"Finally a friend, who had taken them herself, advised me to try Dr. Williams' Pink Pills for Pale People. I did so, and was feeling better when I had taken one box of the pills. I continued in the use of the pills until I had taken six boxes and they made me well and strong.

"I have recommended Dr. Williams' Pink Pills to quite a number of people as a cure for constipation and to help them get good blood. I know, by personal experience that they will give wonderful results."

It is of the utmost importance to your health if you have suffered from the grip that you should cleanse the system of the lingering germs and put it in condition to resist and ward off disease.

Dr. Williams' Pink Pills for Pale People are valuable in cases like the above because of the double action on the perovs and on the blood, a feature in which they are unlike any other medicine. For this reason they cannot be successfully imitated, so do not let any dealer palm off an inferior article on you. The genuine pills are never sold in loose bulk, but always in packages and the well known trademark on the wrapper is your sure guide that the contents are genuine.

There are few diseases due to impure blood which are so insidious as the grip. Dr. Williams' Pink Pills will not benefit some of the cures effected are almost miraculous. If you are suffering and ordinary treatment fails to relieve you, send your name and address, together with a brief description of your case, to Dr. Williams' Medicine Company, Schenectady, N. Y. If the remedy has not cured cases like yours it will not be recommended to you. The pills will be sent by mail if desired, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50.

Made Her Beautiful

Every Lady in the Land Can Now Have a Beautiful Skin.

It has remained for a Cincinnati woman to discover the secret of a perfect skin. She has at last found the key to feminine beauty in the form of a new and improved skin cream. A poor appearance may now be banished.

FANNIE B. RALSTON, (showing her wonderful, improved skin.)

for it is within the means of every lady, young or middle aged, to have the clearest, most refined and complexion so dear to a woman's heart.

"I began using Kibell's skin cream, and my skin was in a horrible condition, literally covered with red spots, pimples, blackheads, moth patches and freckles. I suffered a thousand deaths and when I used the cream taken place, my skin is now perfectly lovely, and there is not a blemish of white, red, or brown on absolutely pure.

"I write to Mrs. M. Hibault, 413 Elm Street, Cincinnati, Ohio, and she will mail me, free of charge, a plain sealed wrapper containing a free package of her wonderful beautifier. You will always bless the day you wrote. Do not fail to write today."
