Agitation for Abating Smoke Nuisance is Revived Once More.

COUNCIL MAY PASS NEW ORBINANCE

Despite Failure of Past Experiments Some Councilmen Contend that Smoke Can Be Consumed at Packing Bouses.

It is reported that the present city council proposes to enact a smoke-consuming or-dinance with a view to doing away with the city when there is little or no wind. This has been tried before, but the packing houses and city when the city when there is little or no wind. This houses and city when the city when there is little or no wind. Experiments have frequently been made with smoke consumers at the packing houses, but for some reason none has been placed in service. In the wintertime the smoke nuisance is not noticed nearly as much as in the summer, for the reason that there is generally a brisk wind blowing. It is asserted by some members of the council that the low grade of ateam coal used by the packers and the method of firing the boilers is responsible for a great deal of the smoke which frequently settles over the city and causes housekeepers a great deal of annoyance on washdays.

A year or more ago Superintendent, Corwin of the Stock Yards Railroad company put a rule in effect in regard to the method of firing the company's locomotives, and as long as this method was continued there was very little smoke from the stacks of the engines operated by the company. It is contended by councilmen that if a loco-motive can be fired with bituminous coal, so that there will be but little smoke, the boilers at the packing houses can be handled in the same way, providing the system advocated and put into use by Mr. Corwin

It is expected that an ordinance govern-ing the smoke nuisance will be introduced at the next meeting of the council.

GRIP, CONSUMPT

Duffy's Pure Malt Whiskey Cures Grip, Consumption, Malaria, Bronchitis. Asthma and All Diseases of the Throat and Lungs.

Grip is an infectious disease, which attacks weak and strong alike, especially if the blood is sluggish, and generally in or the blood is sluggish, and generally involving the mucous membrans of the sirpassages from the nostrils down to and including the lungs. Serious complications are liable to devolop in the course of the disease, as grip settles in the weakest part of the system, sometimes the kidneys, the brain, the atomach or the heart, resulting often in heart failure, but the most direaded of all is when it settles in the lungs. Consumption is sure to follow and certain death if prompt action is not taken and Duffy's Pure Mait Whiskey administered.

The fatalities resulting from this disease within the past few years have sufficiently aroused doctors to the importance of giving the disease the closest investigation.

Duffy's Pure Mait Whiskey is the only absolute cure for grip, influenza, asthma, bronchitis, catarrh, consumption and all diseases of the throat and lungs; it prevents complications and bad after-effects that grip so often leaves in the system. Duffy's Pure Mait Whiskey not only kills the germs, but it stimulates the blood, aids digestion and tones the action of the beart.

The voluntary testimony received from thousands of our grateful patients is proof positive that Duffy's Pure Mait Whiskey is the greatest known remedy for the grip and all diseases of the throat and lungs and all wasting diseases from whatever causes. Doctors, ministers, public speakers and a number of the leading temperance women praise Duffy's Pure Mait Whiskey for the great good it has accomplished in saving lives.

Dr. Willard H. Morse, the eminent practitioner and world-renowned therapeutist, after careful study of grip in all its stages, says: "Duffy's Pure Mait Whiskey is the only absolute cure for the grip; it builds up the system and enables it to throw off the grip germs and prevents bad after-effects, because it is chemically pure and contains great medicinal properties."
