BOND COMPANIES IN OMAHA

Nearly Five Millions in Indemnity Has Been Written Here.

BIG SUNS PLACED BY CORPORATIONS

City and County Officials Patronize Concerns to Some Extent, but Saloons Men Hold to Old System.

Indemnity bond companies are rapidly capturing the business of guaranteeing the honesty of persons in positions of trust in the country, and in no part of the United States is their success more apparent than in the west. Omaha furnishes a fertile field for the operation of these companies, and the total amount of indemnity in force in this city amounts high into the millions. It is impossible to give even a close approximation of the total amount in force, as much of the business of the companies is conducted confidentially by the agents. Much of it is done directly with the same offices, the agents knowing nothing about the persons bonded nor the amounts issued. Again many persons whose fidelity is warranted by these companies are holding positions where bonds of this character would not be expected. There are also many bonds existing by completion of contracts and from other causes, so that it is impossible for any one person to know at any given time exactly how much is in force.

The Omaha company paying for the largest amount of bonds is the Express Co. in these companies, probably, is the Sovereign Camp of the Woodmen of the World. The bonds in force in this society at this time is something in excess of \$500,000. These bonds run from \$250,000 on the sovereign clerk, \$100,000 on the sovereign commander, down to \$1,000 on clerks in the office and deputies in the field. The sovereign camp bonds its employees in one or more companies, dealing directly with the same offices through the mediation of agents.

United States Postoffice Department

Another heavy patron of the companies, but in this instance each company pays for its own bond. Companies bonding government employees must be approved by the government, and the fidelity of many of the clerks and carriers is insured by a "blanket" bond, the amount of which is more being inserted in one bond, with the amount for which the company is liable being specified after each name. There are seventy-nine regular carriers on the force and about seventy clerks, with the substitute carriers, will bring the total amount of bonds in force in the Omaha postoffice to about \$1,000,000. These bonds vary in amount from \$1,000 to \$5,000, the total being approximately \$250,000.

VIC WALKER'S DAY IN COURT

His Tale of Assault and Persecution Unfolded at Great Length.

Victor B. Walker was fined \$4 and costs in court yesterday morning for carrying concealed weapons. The case will be appealed. The hearing occupied the entire morning, Walker handling his own case and City Prosecutor Thomas representing the state. Considerable sensational testimony was given by Walker in regard to the assault on him by the arresting officer and as a justification of his act in carrying a weapon. Walker is testifying that "I went into Tyrrell's restaurant to get my newspaper to get some milk. While in there I reading a newspaper over the shoulder of a man in the room. The first I knew of the presence of the officer was when I felt someone taking something from my hip pocket. I turned around and saw Officers Shields and Brady. Shields had taken my revolver from my pocket and as I turned he struck me, at the same time saying, 'I've got you.' I fell to the floor and was struck several times more with the revolver and with a club. I begged the men not to kill me and just then the proprietor of the place rushed in and told the men not to murder me in his place. Shields then dragged me to the door and he and Brady took me to the station. On the way there Brady said to Shields, 'You did a good job.' Shields answered that he had orders to 'bump me off.'

Express and Railroad Protection

The express companies and railroads are now among the principal patrons of the bond companies in Omaha. Here the insurer is confronted with an almost impossible task when he desires to learn the extent of the business of the bond companies. The matter is treated as confidential by many of the companies, while the records of other companies showing these facts are not in this city. It is estimated that the total amount in force in all of the companies upon employees resident in Omaha is \$1,000,000, which is rather under than over the correct amount.

DEAL RESTS WITH COLOMBIA

Transfer of Panama Canal Company Rights Needs Government's Confirmation.

RETIRING MINISTER SAYS MATTER IS PLAIN

Says Colombia Gave Right of Initiating Negotiations to Company, but Never Assented to Close of Deal.

WASHINGTON, March 1.—Dr. Silva, the retiring minister from Colombia, at Washington, today authorized the following statement: The Pan-American Canal company, through Mr. Lutz, its secretary general, and others, was informed some time ago that it could close a deal involving the transfer of the Panama Canal to the United States. This matter was made very clear. The Colombian government gave the company the right to initiate negotiations looking to a transfer of its rights to a nation, but never to finally close such a deal. I cannot comprehend why a situation, which had been made so plain to the company, should have caused such a flurry of excitement among its shareholders when it was made so plain to the company. The notification to mean that the Colombian government had yet prepared with its terms of transfer to the government of the United States.

No Explanation Made.

PARIS, March 1.—The official Panama Canal company is still without any explanation of the dispatch from the government of Colombia announcing that the company would not be allowed to transfer its concession to another nation without the assent of Colombia to a modification of the stipulations of a considerable part of the company's agreement with Colombia, and a cable message will be sent to Colombia today asking for an elucidation of the matter. The hope is expressed that the difficulty will be arranged and in the meanwhile the company will maintain its office in all its property to the United States and will continue the negotiations on the subject. It is not considered probable here that Colombia will oppose the sale of the canal property to the United States, after giving its assent at the opening of the negotiations and continuation of its approval of the negotiations having been received in a letter from Senor Silva, the Colombian minister at Washington, to Admiral Walker January 11. In view of this letter it is considered that Colombia is offering affront to the United States by now opposing the deal.

GOOD WHEAT IN NEBRASKA

Crop Conditions Are Promising, as Reported by National Weather Bureau.

WASHINGTON, March 1.—The weather bureau has issued the following summary of crop conditions for the month of February: In the lower Missouri and upper Mississippi valleys to the northward of the Ohio river and in the middle Atlantic states the month, although cold, was generally favorable for the production of such crops as winter wheat, corn, etc. In the southern states the conditions were not favorable for farm work. Moderate rains have partially relieved drought in eastern Texas, but elsewhere in that state drought conditions continue. On the Pacific coast the temperature has been favorable at the middle and upper portions of the winter wheat belt and an improvement in the condition of winter wheat is indicated over the northern portion of Ohio, Indiana, Illinois and Missouri, the outlook being favorable for the southern portions of these states and in Kentucky, Tennessee and Arkansas.

FEAR FOR GERMAN SHIPS

Tanker Greed in Strait and American Vessels Are Being Attacked.

BRITAIN, March 1.—(New York World Cablegram—Special Telegram.)—A German vessel, the *Prinzess Alice*, was reported to have been attacked in the Strait of Gibraltar. The vessel was carrying a large quantity of coal and was being escorted by a British warship. The German vessel was damaged and the British warship was forced to retreat. The incident has caused a great deal of concern in London, and it is feared that other German vessels may be attacked in the future.

MISS FLORA SHAW ENGAGED

Woman Who Was Conscious of Jealousy and Hatred.

JEANETTE, March 1.—(New York World Cablegram—Special Telegram.)—Miss Flora Shaw, the woman who was conscious of jealousy and hatred, has been engaged to a man named Mr. Shaw. The engagement was announced today by the bride's father, Mr. Shaw. Miss Shaw is a young woman of about 25 years of age and is a native of England. She is said to be a very beautiful woman and is well educated. Her fiancé is a man of about 30 years of age and is a native of America. The engagement was a surprise to many of their friends.

TARIFF BILL AGREED UPON

Philippine Measure is Finally Adjusted to Suit Senate and House Committees.

WASHINGTON, March 1.—The conference of the two houses of congress on the Philippine bill reached an agreement today after one sitting, the representatives of the houses accepting all but one of the material amendments made by the senate. The amendment which was not accepted is that imposing the tonnage tax on the United States upon foreign vessels engaged in inter-island traffic in the Philippines. The house conference also refused to accept the provision limiting the operation of the tariff laws of the Philippines, leaving that provision to declare simply that "no person in the Philippines shall under the authority of the United States, be convicted by any tribunal, civil or military, unless on the testimony of two witnesses to the same overt act, or on confessions of the accused." The part stricken out exempting members of a family from punishment for failing to give information concerning the whereabouts of one another. The senate reduction of 25 per cent on the rate of duty is retained.

ROSEBERY PUZZLES ENGLAND

Liberal Leader Presents an Enigma in His Plans and Purposes.

LONDON, March 1.—A successful diagnosis of the intentions and prospects of the new liberal movement under the auspices of Lord Rosebery would be a difficult task, which has every politician in Great Britain by the ears. The Associated Press has assurances that more than appears on the surface is at work on behalf of that curious, yet all-important development which has ensued on Lord Rosebery's re-entrance into public life. The remarkable attitude of the London Times, already noted in these dispatches, continues to such an extent that this unloquacious organ deliberately takes up the cudgels in behalf of Lord Rosebery as against the duke of Devonshire, who, himself, is only half-hearted in his opposition to his former ally. Yet, so emboldened are the British public with the idea that the "Times" could never oppose a conservative government that these outspoken utterances pass almost without comment and such comment as is uttered is confined to "the man in the street," who seems to fearfully whisper, "do you think it is possible that the Times is going back on the government?"

Explains the Situation.

An explanation of this was offered to the Associated Press by one of Lord Rosebery's fellow peers, who is a personal friend of the former premier, though opposed to him in politics. He said: "I believe it is quite true that the Roseberys are not in the same position as the Tories and can only back up Lord Rosebery's movement with all their influence and the other resources under their control. Lord Rosebery's family connection with the Rothschilds (Lord Rosebery married Hannah de Rothschild, the eldest daughter and heiress of Baron Meyer de Rothschild) and their frequent outspoken disaffection with the financial and internal policy of the present cabinet strengthens the supposition, and the statement of the peer above quoted would stand against any number of formal denials and means far more than mere scum in the liberal party. This accentuated danger is palpably appreciated in inner cabinet circles, though it is overlooked or tactfully ignored by the leadership of the conservative party, and the Rothschilds. It is said that there are several other papers in London waiting for a favorable opportunity to come out in support of Lord Rosebery."

HONORED BEFORE THE KING

Young Countess of Essex is the Social Success in London.

LONDON, March 1.—(New York World Cablegram—Special Telegram.)—A young countess of Essex is having great success in London just now. She is being invited to all the smartest parties, generally to meet King Edward. At the Duke of Devonshire's dinner the other night she divided the honors with Mrs. George Keppel. The king dined last night at No. 4 Richmond terrace with Mr. and Mrs. William George Cavendish Bentinck. The latter is the daughter of Maturin Livingston of New York. These invited to meet the king at the dinner included Mr. and Mrs. Leo Rothchild, Lord Lurgin, Mr. and Mrs. George Keppel, Lord and Lady Paragon and Lord and Lady Bessborough, who is the best bridge player in London. Mrs. Cavendish Bentinck is quite well again and intends to do a great deal of entertaining this year.

Only American Goods Will Be Sold at the Booth of Mrs. Cheate.

LONDON, March 1.—(New York World Cablegram—Special Telegram.)—A great bazaar, which is being organized in London in aid of a hospital for sick children, is to be called the coronation bazaar, but it will be more fitting to call it the Anglo-American bazaar, since most of the well known American women in London are taking active part in the arrangement. The plan is to have each stall named after a different county, as in the case of the great bazaar organized two seasons ago by Mrs. Arthur Paget. The management of the American stall, where only American goods will be for sale, has been undertaken by Mrs. Cheate, wife of the United States ambassador. She has chosen Mrs. Adams to help her. It will not be in the same court as the other stalls, but by itself, on premises lent by the Women's college.
