But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fieshy and plump it can-only result from the food we ent and digest. RULES OF AMERICAN LEAGUE ADOPTED and that food should be albuminous or fiesh forming food, like eggs, beefsteak and ce reals; in other words, the kind of food that makes flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefcompletely digest the flesh-forming beef-steak and eggs and similar wholesome food. There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or incon-venience 'rom their stomachs. If such persons would hay their preju-dices aside and make a regular practice of taking, after each meal, one or two of taking, after each meal, one or two of taking.

The fight was Gardner's all the way and the crowd was greatly disappointed at the showing made by McFadden. SCHEDULE OF THE AMERICAN Games and Dates for the Season Arranged by Magnates. CHICAGO CAPTURES HONORS Breaks Two World's Records in Indoor Athletic Association Meet. This Action Results from a Long Conference Between Chairman Watkins and President Ban Johnson.

CHICAGO, March 1.-The magnates of the American association met this afternoon and adopted the following schedule of games for the coming season. Nothing was done during the afternoon but work over the schedule.

Aside from the adoption of the schedule, the most important matter considered was the play rules. After thorough discussion the association adopted without change the rules under which the American league played last year. This action was taken after a long conference in the morning between Chairman Watkins and President Johnson of the American league. A bauquet in the evening closed the meeting.

ECZEMA'S ITOH IS TORTURE.

Eczema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and in-flammation; little pustular eruptions form and discharge a thin, sticky fluid, which drives and scales off ; sometimes the skin is hard, dry and fissured. Eczema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor scems to ooze out and set the skin on fire. Salves, washes nor other exter-nal applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.
