Audience Rises in Body. Instantly every man and woman in the hall was standing, the prince and the members of his suite rising also. The first notes of the song were utterly lost in the wild cry of delight that rang out as the old war song was heard. This died away an instant and then, with a force that seemed to shake the very roof itself, the entire audience followed the orchestra with the words of the song.

Ball Chief Event of Day.

The chief event of the stay of the prince in Chicago was the grand ball held tonight in the Auditorium. It was perhaps the most brilliant social event ever witnessed in this city, surpassing even the great ball given in honor of Admiral Dewey two years ago. The decorations of the great hall went beyond anything held in the Auditorium be-

American colors were freely mingled and formed the basis of the principal designs The black engle of Prussis and the Stars and Stripes were in evidence on all sides. Nautical effects prevailed to a great extent. The unit for repetition was a boat's prow and masthead, flanked on either side by panels bearing eagles and flags and by the banners of America and Germany. On ach side of the ball room were five of the coat prows, the base of each one being draped with the combined colors of the United States and Germany, through which camed hundreds of small electric lights In front of each box on the sides of the ball m were draped hundreds of flags, those of Germany alternating with those of the Unifed States. When the special train of Prince Henry teamed into Union station at 7:07 a. m. it was greeted with the whistles of factories and locomotives and the cheers of thousands gathered to catch a glimpse of German royalty. As the train stopped in the center of the station it was boarded by Dr. Rieloff, the German consul, and Mayor Wells. The prince was greeted by Dr. Rieloff, who introduced Mayor Wells. After the exchange of a few words between them Mayor Wells escorted Prince Henry from the train, through double lines formed by the members of the reception committee and specially picked officers of the police force, to the grand waiting room of the station on the second floor.

Everywhere were to be seen the German and American colors intertwined in the decorations that had been put up with a lavish hand.

Rear Admiral Robley Evans, who was of the party, attracted almost as much attention as did the prince himself. When the entire party has assembled the brilliantly lighted grand hall of the station Mayor Wells with a few words

"DEAR MRS. PINKHAM: - My professional work has for the past twenty years brought me into hundreds of homes of sickness, and I have had plenty of opportunity to witness the sufferings of wives and mothers who from want, ignorance or carelessness, are slowly but surely being dragged to death, principally with female weakness and irregularities of the sex. I believe you will be pleased to know that Lydia E. Pinkham's Vegetable Compound has cured more women than any other agency that has come under my notice. Hundreds of women owe their life and health to you to-day, and, therefore, I can conscientiously advise sick women to try it."-MARGUERITE ST. OMER BRIGGS.

> TOO GREAT EXPENSE Not the Reason.

It is not because Pyramid Pile Cure is expensive that many people decline give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testi-meny to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation. This is rightfully viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact that the

cause is not removed. The proprietors of Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published estimonial to be not genuine and unso lolted; this latter feature is most gratify ing, tnasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense. mid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of
