WASHINGTON, March 5 .- Speaker Henderson and Mr. Cannon of Illinois called at he White House today and discussed with Polk. He offered the usual resolutions of the president the mibject of Cuban reciprocity and sentiment thereon in the house. Active canvassing continued among republican members today preliminary to the funeral of the late representative. third caucus on Cuban reciprocity to be held tomorrow night. The most positive

claims were made by those opposed to Representative Payne's 20 per cent reciprocity plan that there was a clear majority against it.

Mr. Payne and his associates did not con cede this, however, and expressed the be lief that a concersion to Cuba ultimately would be granted. It was said in this con nection that Speaker Henderson is now fa-vorable to the position taken by the majority on the ways and means committee in shaping the final outcome.

MANY DON'T KNOW. Lack of Hight Food is the Cause of Sickness.

It is hardly fair to blame the doctor for not curing his patient when the patient attempts to live on food that furnishes the wrong kind of nourishment. When

sickness comes on it is a pretty good sign that the food is not keeping the body up. There are thousands of cases where a change in food alone has brought the sick one into a prime condition of health,

As an illustration. A lady in Riverside, Calif. says: "After 10 years of service as a teacher, during which time I suffered three or four attacks of La Grippe, I finally found myself a physical wrock. Medical treatment would help my strength
