VETERANS OF SPANISH WAR

Council Bluffs Hopes to Secure Notable Triple Gathering.

TWO PHILIPPINE SOCIETIES MAY UNITE

Fifty-First Iowa and First Nebraska May Be Asked to Get Together—One of the Greatest of Encampments Planned.

Camp Louis A. Wegner, Philippine Island Veterans, at its meeting last night laid plans to secure the national encampment of the organization in Council Bluffs this summer. The National Society of the Army of the Philippines will hold its encampment in this city August 13, 14 and 15, and as the two organizations are so closely allied, the veterans of the Fifty-first Iowa volunteers in this city are determined to make a strong effort to secure the attendance here at that date of the Philippine Island Veterans. This organization has a membership of over 3,000, and as there has been more or less talk of consolidating the two societies, it is believed that if both encampments were held here this could be accomplished.

President Judson of the local camp, Philippine Island Veterans, has been in communication with the head officers in St. Louis and has been assured that if the national encampment can be held in this city this summer a special train will be run to this city during the encampment of the National Society of the Army of the Philippines, bringing a large delegation from the former society.

Another proposition on which the members of the local camp of Philippine Island Veterans is working is to have a reunion of the Fifty-first Iowa volunteers in this city during the encampment of the National Society of the Army of the Philippines. If this could be accomplished it would be one of the most notable events of the year for Council Bluffs.

Colonel Loper Favors Plan.

Colonel John C. Loper, who was in command of the Fifty-first Iowa volunteers in the Philippines, is strongly in favor of such a reunion, and has expressed the belief that it would be largely attended if held in Council Bluffs at the time of the encampment of the National Society of the Army of the Philippines, when members of different regiments who saw service in the front together could get together and talk over old times in the Philippines. Colonel Loper favors this city as the place for such a reunion on account of the splendid reception its citizens gave the regiment on its return from service after being mustered out in San Francisco.

Colonel Loper suggests that if the reunion is held here, the members of the old regiment attending it go into regular camp and that the veteran officers and men live again for a week or as many days as the reunion might last, the field life in which they spent several months together in the Philippines.

Camp Dodge, where the encampment of the Fifty-first and Fifty-second regiments, Iowa National guard, was held last summer, would, it is claimed, afford an excellent site for the camp if the reunion was held here. It has also been suggested that the First Nebraska volunteers be invited to hold a reunion here at the same time and go into camp at the same place, so that the two regiments which saw service together in the Philippines might be brigaded together again.

It was through the efforts of Surgeon Macrae that the encampment of the National Society of the Army of the Philippines was secured for Council Bluffs this year, and he is anxious that arrangements be begun to entertain it properly. The citizens will be called upon to assist, but nothing will be done in the matter until after the city election.

Postpone Their Wedding.

Miss Edyth Elliott, a pupil in the High school, and Clarence Lenn, a clerk, in the employ of the Illinois Central, had arranged to get married, and the young woman announced her intention of leaving school. Her schoolmates gave her a farewell party at the home of Assistant County Attorney Kimball. Miss Elliott has, however, reconsidered her determination to leave school and is back at her studies. The marriage did not take place. Lenn is only 20 years of age, while Miss Elliott is not yet 17. They were refused a license here and Lenn went to Logan, Harrison county, in quest of one, but again failed. They then decided to put the wedding off until they were both older.

J. B. FARRELL IS RELEASED

Held for Murder in South Dakota, He Proves Criminal is Traveling Under His Name.

CEDAR FALLS, Ia., March 7.—(Special.)—J. B. Farrell, arrested here for the murder of a man in South Dakota last September, was released from custody yesterday by Marshal Kelley on orders from the officers of Spike county, saying that he could not be the man wanted on account of the difference in the ages of the two men.

When arrested he said he was at one time a resident here and called for Constable M. Hammond to identify him. Mr. Hammond recalls the man and has his name in several places on the records of the Cedar Falls fire department during 1882. Farrell is a machinist and assisted in placing the machinery in the old paper mill when it was established here. He recalls many incidents familiar to Constable Hammond and there is no doubt but that he is the original J. B. Farrell.

He recalls the incidents surrounding the murder of the Dakota man and says he was in the state at the time the crime was committed. The man named John Wilson, who is wanted for the crime, has evidently assumed Farrell's name and is traveling under it at the present time. It will make it exceedingly inconvenient for Farrell, who will be liable to arrest at many points of the state, as all the officers have been advised to arrest J. B. Farrell on sight. He left here last evening for Lake Mills, Ia., armed with the release telegram which was sent to Marshal Kelley. This may assist him in securing release from other officers or proving his identity.

DETERMINE SITE OF NEW DEPOT

Northwestern Station at Sioux City Will Be Erected Where Old Structure Stands.

SIOUX CITY, March 7.—(Special Telegram.)—Marvin Hughitt, president of the Chicago & Northwestern Railway company, this afternoon telegraphed that the big, new depot of the Northwestern would be built on the site of the present depot of the company, which is soon to be torn down.

There has been much doubt whether the depot would be placed up town on the present site, or whether it would be erected near the viaduct in the eastern part of the city. Much real estate speculation has been indulged in by private parties who thought the building was to go up near the viaduct.

CAPTAIN HULL RENOMINATED

Iowa Congressman Wins Warm Fight Against Judge Prouty.

BRENTON FOR MAYOR OF DES MOINES

Most Interesting Republican Primary Ever Held in Capital and Polk County Brings Out Thousands of Voters.

(From a Staff Correspondent.)

DES MOINES, March 7.—(Special Telegram.)—The most interesting republican primary election ever held here was the chief attraction in Des Moines and Polk county today. The election was to choose a candidate for congress in the Seventh district, four candidates for judges in the judicial district, a full county ticket, township tickets in the several townships in the county and a full city ticket for the spring election.

The matter of greatest interest was in the congressional fight, where the present congressman, Captain J. A. T. Hull, was opposed by Judge S. F. Prouty. The winner in this county will be conceded the election by the other counties of the district.

The next thing of great interest was the judicial election, where there were four candidates to be selected, all of whom will be elected in this county and sit on the district bench in Des Moines. One of the candidates alone sought renomination and was practically conceded the nomination, which narrowed the fight down to three places. The candidates were: William H. McHenry, James A. Howe, John J. Halloran, A. H. McVey, Hugh Brennan, Crom Bowen, C. P. Holmes, W. H. Bailey, L. Kinkead and Nelson Royal. Holmes has been on the bench three terms and McVey is serving by appointment.

The city campaign centered about the selection of a candidate for mayor. James M. Brenton and W. H. Patrick were the contestants.

About 6,000 votes were cast in the primaries in Des Moines and a large vote in the county.

Captain Hull was renominated for congress and will have a comfortable majority of the total vote over Judge Prouty. The late returns tonight give him 137 delegates from the city and a few precincts near town, or twenty-six more than enough to nominate. He estimates his total vote in the convention at 145.

James Brenton was nominated for mayor, having nearly twice as large a vote as Patrick, his opponent.

Returns were not received on the other offices, but the convention will have to decide on the judges and most of the county officers.

Acquitted of Assault.

LEMARS, Ia., March 7.—(Special.)—August Schwandt was acquitted of the charge of assaulting the little daughter of Henry Oetkin, in the district court, after a trial lasting two days. Schwandt's statement that the child fell and injured itself was borne out by the medical testimony. The prisoner wept for joy when the verdict was announced.

UNION PACIFIC'S NEW LINE

Reports of an Extension Into Saratoga Valley and to Grand Encampment.

SARATOGA, Wyo., March 7.—All sorts of rumors have been afloat during the past two or three years, and especially during the past six months, relative to the building of a railroad into the Saratoga Valley and on to the Grand Encampment mining district, but the assurance now comes from certain headquarters that the building of the line south from Walcott will be begun by the first of May and that the line will be rushed to completion within from sixty to seventy days after the first ground is broken.

The fact that the Union Pacific people are negotiating with Buckley and Ryan, owners of the Walcott townsite, for terminals gives color to the latest report that the company will build the line. The assurance that the road is to come is made much stronger by the fact that J. C. Teller, the tie contractor, has received orders from the Union Pacific to leave 300,000 ties at Saratoga when he makes his spring drive down Brush creek and the Platte river in the spring.

PASSES SCHOOL TAX BILL

Senate Approves Measure for University and State College Building Fund.

EACH INSTITUTION GETS ONE-TENTH MILL

Consideration is Given to Railroad Assessment and Supreme Court Bills—Resolution Expressing Sympathy for Boers Voted Down.

(From a Staff Correspondent.)

DES MOINES, March 7.—(Special.)—The senate today passed the bills to give to the state university and to the state college, each a special tax for five years of 1-10 mill for the benefit of the building fund. The discussion of the matter was taken up where it had been left off on the previous day and Senator Trewin made a plea for an amendment to the bill to give the tax to the university. The amendment was lost and then the bill was passed 30 to 15. As soon as this was done the bill to give the state college at Ames the same tax was passed 39 to 7.

Much of the long controversy over the tax question was due to a desire to gain time for the consideration of the railway assessment measure, which was on the calendar for a special order. As soon as the tax matter was out of the way, Senator Hazleton renewed his motion to postpone consideration of the railway assessment bill which had been reported by the committee on ways and means, and to make it a special order for next Tuesday morning at 10:30. The motion carried by a vote, as follows:

Ayes—Alexander, Allyn, Bachman, Ball, Blanchard, Brighton, Brooks, Classen, Craig, Crawford, Crossley, Griswold, Harper, Harriman, Hayward, Hazleton, Hogue, Mardis, Moffit, Molsberry, Smith of Des Moines, Smith of Mitchell, Spaulding, Tallman, Townsend, Whipple, Young of Lee, and Young of Washington, 29.

Nays—Bishop, Courtright, Dowell Fitchpatrick, Garst, Hartshorn, Healey, Hopkins, Hubbard, Junkin, Lambert, Lewis Lister, Lyons, Maytag, Porter, Trewin, Winne, 18.

Supreme Court Bill.

The senate then made a special order to immediately follow the railway assessment bill with the bill to recognize the Iowa supreme court. This is a committee bill prepared on lines substantially the same as those of a bill which was emasculated in the house. It provides for practically continuous terms of the court and for an increase in salary up to $6,000 a year. The committee received a delegation from Council Bluffs and agreed to follow the plans suggested, which were those of the State Bar association. The house has shown a disposition to oppose the reorganization scheme, but the senate will insist on it.

House Lacking in Sympathy.

The house refused to go on record as in sympathy with the Boers of South Africa in their struggle against the British arms, and voted down—51 to 38—the resolution introduced by Donahue to express that sympathy. There was a short debate on the resolution and an effort to have the bill sent to a committee which failed.

A movement to have created a single board of regents for all the state educational institutions was inaugurated in the presentation of the following resolution by Mr. Hawk of Jasper county, which went over under the rules:

Whereas, The state of Iowa is annually expending large sums of money for the extension and support of the state educational institutions without having adopted any settled policy of support or any definite plan as to their relations to or co-ordination with each other; therefore be it

Resolved, That it is the sense of this house that in order to secure efficiency, uniformity, harmonious co-operation and economy the state educational institutions should all be placed under one management and that some definite policy should be adopted as to the manner of their support.

Printers' Bill Killed.

A bill by Hufschmidt requiring that the legal rate for county printing be paid for publication of proceedings of the boards of supervisors, was beaten 42 to 32. It was a bill intended to obviate the necessity for rate cutting.

A bill to permit savings banks to receive deposits up to twenty times the amount of capital stock and surplus was passed. The present limit is ten times.

Lake Bed Controversy.

The concurrent resolution requesting the Iowa delegates in congress to support a bill by Congressman Lacy to vest within the state of Iowa the title to the lake beds which have been drained, was taken up by the house. The resolution was asked for by some members of congress to back them up in the movement to have congress settle an old controversy pending in the court. After some discussion the resolution was laid upon the table.

A bill to provide that road funds shall not be used for other purposes was passed.

The concurrent resolution to provide for woman suffrage was made a special order for next Thursday at 10:30 a. m. It comes up as an adverse committee report in a minority report.

The delegation from St. Louis in the interest of the Louisiana Purchase exposition was received by the house during the afternoon and some time was given to listening to ex-Governor Francis of Missouri and others.

Returns to Stand Trial.

The Kossuth county grand jury has held F. S. Thompson, late manager of the Farmers' Exchange association of Whittemore, charged with embezzlement, and he has given bonds of $1,000 to await trial. The grand jury did not go through all of Thompson's records, but on the showing made he seemed to be $3,500 short, with more to follow. A. J. Lilly has been at work on his books, but has not completed checking up. The impression is that a shortage of from $8,000 to $13,000 exists. Mr. Thompson returned from the north before the indictment was found, presumably on advice from his friends, and puts on a cool face. He says everything will be cleared up at the trial and that it will be shown that he is not guilty.
