

SERVICE OF TWENTY-SECOND

Record of the Regiment that is Coming Home from the War. TWO COLONELS KILLED IN BATTLE

Enureals Added to Organization's Long List of Gallant Deeds During Four Years Since It Left Fort Crook.

When the Twenty-second Infantry returns to the Department of the Missouri this week it will have accomplished a series of campaigns of which any regiment might be proud.

Colonel Wickoff was a native of Pennsylvania. In 1861 he enlisted as a private in company H of the First Pennsylvania volunteers.

When Colonel Wickoff and his command left for Cuba in 1898 the call was hurried and the families of the officers were left at the quarters in Fort Crook.

ABOUT CATARRH CURES.

The Reason Why Inhalers and Local Applications Are Useless. For many years catarrh was considered to be a local disease and was treated entirely by local remedies.

It is true the most annoying symptoms, like stoppage of the nose and throat trouble, are purely local, but they are simply symptoms and the real seat of disease is far removed.

Catarrh is a constitutional disease, a blood disorder, complicated usually with disease of the liver and to suppose that local applications of sprays, powders, inhalers could ever reach the real cause of the trouble is ridiculous.

The sensible and successful treatment is to remove the catarrhal poison from the system by regulating the liver and purifying the blood, and this can only be done by an internal remedy.

Dr. Edmondson in speaking of the new treatment for catarrh says: "I have accomplished the most satisfactory results in all forms of catarrh of the head, throat, bronchial tubes, as well as catarrh of the stomach and liver by using nothing else but Stuart's Catarrh Tablets."

All druggists sell Stuart's Catarrh Tablets at 50 cts. for full size packages. A little bottle with sample and cure of catarrh mailed free by addressing the F. A. Stuart Co., Marshall, Mich.
