STRIKES FOR BETTER JURIES

Bar Association Offers Reward for Information of Corrupt Influence.

WILL ALSO MEMORIALIZE THE COURT

Request of Lawyers is that Judge Will Not Excuse Prominent Men from Jury Service for Business Reasons.

The Omaha Bar association, at its quarterly meeting held at the Commercial club rooms last night, decided to offer a reward of $100 for any information leading to the conviction of any person who has heretofore attempted or who may hereafter attempt to corruptly influence a juror.

This action was taken after the committee appointed by the association some time ago to investigate rumors of jury tampering had submitted its report, as follows:

Your committee appointed to investigate charges in respect to attempts to corrupt jurors beg leave to make the following report:

We have received and considered all evidence brought before us, and while much of it is second-hand, we find that there is sufficient evidence to afford reasonable ground to believe that a number of attempts have recently been made to corruptly influence jurors in the disposition of cases on trial in the district court.

We believe that this association would be warranted in taking some active measures to prevent a repetition of such attempts, and we therefore recommend that a suitable reward be offered for information which will lead to the conviction of any person who has heretofore attempted or who may hereafter attempt to corruptly influence a juror.

Good Men for Jury Service.

Another action of the meeting designed to better jury service was the adoption of a resolution to memorialize the judge of the criminal bench of the district court on the subject of excusing prominent men from jury duty. It is the announced intention of the county commissioners to place the names of a number of the most prominent business and professional men of the city on the new jury list that is now being made up, and the bar association will ask the court not to excuse this class of men unless for good and sufficient reasons, of which business expediency is not considered one.

James H. McIntosh read a paper on "Judge Story," which was liberally applauded. James H. Van Dusen, Charles G. Montgomery, D. J. Riley and P. A. Wells were elected members of the association.

PAPILLION CLAIMS ITS FOWLS

J. W. Alden Has Joe Polack Arrested on Charge of Possessing Stolen Property.

Joe Polack, a commission merchant at 2019 North Twenty-fourth street, was arrested Saturday afternoon by Detectives Donahue and Heitfelt on complaint of J. W. Alden of Papillion, who charges Polack with having in his possession chickens which were stolen in Papillion Thursday night. Polack was released on bond. Thursday night a raid was made on a majority of the chicken coops of Papillion and efforts to locate the fowls or thieves at Papillion were futile. Alden came to Omaha Saturday and identified some of the chickens Polack had for sale as former residents of Papillion. The police were notified and the arrest followed. Polack says he can identify the man who sold him the chickens. Several of the fowls are now at the police station.

TAKES TOO MUCH MORPHINE

Carl Dummer, Chemist, is Anxious for Sleep, and Gets Everlasting Slumber.

Carl Dummer, chemist, who lived over 707 North Sixteenth street, succeeded in getting everlasting sleep at 11 o'clock last night by using chemical accessories to get a little rest. In order to produce sleep the chemist took twelve grains of morphine and feeling the drowsiness coming on at too rapid a pace had his wife telephone to the police station for Surgeon Borglum. When the latter arrived Dummer was still conscious and did not appear uneasy, saying that he had taken an emetic and would soon be all right, at the same time relapsing into a semi-conscious state. Dummer died early this morning.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal Catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

WILL TRUST UNITED STATES

Maritime Canal Company Willing to Leave Matter of Concession to Yankees.

WASHINGTON, March 8.—Thomas B. Atkins, secretary of the Maritime Canal company, was examined at considerable length before the senate committee on isthmian canals today regarding the concessions which had been made to that company. He said that the company had paid the Nicaraguan government $25,000 for lands along the right of way, it having 50,000 acres in one tract. It still asserted the right to this land and looks to the United States for protection of its rights and interests.

He said the company could not do anything without the assistance of the United States. The Nicaraguan concessions had been cancelled by the Nicaraguan government and the company had protested the cancellation. There never had been any cancellation of the concessions and franchises which the Maritime company had obtained from Costa Rica and these concessions were exclusive. The canal could not be constructed or operated without these concessions in Costa Rica.

He was asked what would be the effect if the United States should acquire a concession from Costa Rica along the same route, and replied that it would be a violation of the company's concession, but added that the company while asserting its right to the concession would not do so obstructively so as to prevent the United States from constructing the canal. The spirit of the company was to leave the matter to the United States government, believing that the government would deal equitably with the company which had so long had these valuable concessions and expended a great amount of money in work. He mentioned $4,000,000 or $5,000,000 as the value of the claims of the company.

NO BASIS FOR NEW REPORTS

General Chaffee and Commissioner Wright Deny Insurrection in Morong.

WASHINGTON, March 8.—Desiring to ascertain the facts as to conditions in the province of Morong, Luzon, Secretary Root recently cabled inquiries to Commissioner Wright and General Chaffee, which have brought forth the following replies:

MANILA, March 8.—Adjutant General, Washington: With reference to your telegram for secretary of war, facts from Morong are: About week ago Presidente Caints was kidnaped. Perpetrators were new organization gathered Morong province, about sixty strong. Vigorously searched for; driven to hiding; probably captured in a day or two; have inflicted no material damage; no special significance need or should attach to this event.
CHAFFEE.

MANILA, March 8.—Secretary of War, Washington: There is no foundation for statement of insurrection in Morong or that inhabitants are fleeing. Small fragments Ladrone bands dispersed and driven out of mountains by Bell's operations and from Cavite through recent operation constabulary in mountains there having about fifteen guns, gathered in mountains of Morong and probably aided by a few outlaws of that section, raided village, kidnaping presidente; small detachment constabulary under native sergeant attacked but made no impression, being short of ammunition. Assistant Chief Atkinson on ground in few hours with adequate force of constabulary assisted in every way by native governor of province and inhabitants made pursuit; have already killed two, injured one, captured six and are running them down. Presidente has been released without harm. So far from there being any hostility on the part of the mass of the people to American authority they give us full information of what is passing and aid as much as possible. These ladrones do not interfere with whites and confine operations to levying fines and kidnaping natives; nothing new in this, as in existence under Spanish government, less so now than then. They are being rapidly broken up and exterminated by constabulary. No political significance in their operations.

ALLOW HOUSE BILL TO STAND

Senators Practically Decide Not to Amend War Revenue Repeal Measure.

WASHINGTON, March 8.—A subcommittee of the senate committe of finance was in session today considering the war revenue repeal bill. It has been decided to report the bill practically as it came from the house with some changes in phraseology, but with no amendment making any change in the reduction of the entire tax. When the bill was under consideration in the full committee there was some talk about reaching an understanding between the two parties that no amendments should be made to the bill in committee or in the senate. There was a general acquiescence in the proposition, although Mr. Platte of Connecticut said there might be a disposition to offer a Cuban reciprocity amendment.

Senator Burrows and others said that if this was done the whole subject of tariff revision might be opened up and no one could tell where it would end. While no agreement has been made, there seems to be a general impression that no amendments will be made to the war revenue repeal measure, although some may be offered in the senate.

AFFAIRS AT SOUTH OMAHA

For Mayor.....FRANK KOUTSKY
For City Treasurer....EDWARD L. HOWE
For City Clerk.....J. F. M'CAFFREY
For City Attorney.....A. H. MURDOCK
For Councilmen—
First Ward.....W. P. ADKINS

Third Ward.....MICHAEL SMITH
Fourth Ward.....JOHN M'INTIRE
Fifth Ward.....I. J. COPENHARVE
Sixth Ward.....W. B. VANSANT
For Board of Education (to Serve Three Years).....JAY J. LAVERTY
.....ALBERT PETERSON
.....D. MORRILL

These nominations were made by the republican convention held at Woodman hall yesterday afternoon.

The convention hall was crowded when Chairman Tagg of the city central committee called the meeting to order. All of the thirty delegates, with one exception, were in their seats. After the reading of the official call Chairman Tagg named Jay Laverty as temporary chairman.

In accepting the position Mr. Laverty said that it devolved upon the party to make no mistake and he advocated placing men on the ticket whose integrity could not be assailed. Further he said that the factions, if any existed, should be harmonized. "Let us nominate a ticket," said the chairman, "which will be a good one and one the people will support."

E. L. Gustafson was chosen temporary secretary. Upon motion of Mr. Murdock, the temporary organization was made permanent. The list of delegates as read by the secretary from the credentials presented were accepted and it was agreed that no proxies be allowed.

In an address of considerable length, A. H. Murdock nominated Frank Koutsky for mayor. He said that in the future the course of the party should be along the lines of honesty and economy. While the republican party here in the past has made an excellent showing, there is now a demand for something better. As no one else offered any suggestions, Koutsky was nominated by acclamation.

In response to calls Mr. Koutsky came forward and addressed the convention. He thanked the delegates and said that if elected he would do all in his power to give the city of South Omaha an honest, fair and square administration.

George Curtis nominated Edward L. Howe for city treasurer and this was made unanimous. Mr. Howe stated that if elected he would do his best to conduct the affairs of the office in an honest, straightforward manner.

Two nominations for city clerk were made. Jed De Lee nominated Bert Davis and Mr. Murdock suggested the name of Joseph F. McCaffrey. There was a roll call of wards, with the result that McCaffrey received eighteen votes to eleven for Davis. McCaffrey's nomination was then made unanimous.

For city attorney three candidates were nominated, Henry C. Murphy, A. H. Murdock and A. L. Sutton. When the roll was called the vote stood Murdock sixteen, Sutton eight and Murphy six. Murdock was declared the choice of the convention. He responded at some length and told what he would do if elected.

With the unanimous consent of the delegates W. P. Adkins was chosen as councilman from the First ward. When it came to the Second ward two candidates, Joseph Dworak and Rasmus P. Larson, were named. Upon voting the convention decided in favor of Larson by a vote of twenty-one to eight.

Fred Martin and Michael Smith contested for the nomination in the Third ward. And right here occurred an amusing feature. The delegates called for the candidates and both stepped upon the platform and made short addresses. Then a vote was taken and it was a tie. Upon the next call of the roll Martin secured ten votes and Smith nineteen and he was declared the nominee.

John McIntire was the unanimous choice of the convention for councilman from the Fourth ward. In the Fifth ward there was no contest and I. J. Copenharve secured the nomination without opposition. It was the same in the Sixth ward, W. B. Vansant being chosen by the unanimous vote of the delegates.

As each of the candidates for members of the city council were nominated they were called to the platform and made a few remarks. The men elected from the Fifth and Sixth wards are to serve for a term of one year, while the others will serve for two years.

Next in order came nominations for three memberes of the Board of Education. J. T. Knight, a representative of the Taxpayers' league, was given permission to speak and he urged that the league candidates, Joseph Garlow, Jay Laverty and D. Morrill, be nominated.

The convention saw fit to nominate Charles Offerman, Albert Peterson, Joseph Garlow, D. Morrill and Charles Wehner. It was agreed that the three receiving the highest vote were to be declared the nominees. The vote stood: Laverty twenty-eight, Morrill, twenty-six, Peterson, nineteen, Offerman, six, Garlow, eight, Wehner, none. Peterson, Laverty and Morrill were declared the nominees.

This action concluded the nominations and the city council committee was empowered to fill any vacancies. The selection of a city central committee was then taken up. It was decided to select three republicans from each of the six wards and here is the committee as agreed upon:

First ward—A. L. Sutton, W. A. Bennett, E. L. Gustafson.

Second ward—Jacob Meizner, John Keegan, Gus Olson.

Third ward—G. W. Johnson, Guy Seator, W. C. Schmidt.

Fourth ward—Charles Offerman, Barney Greer, Jed DeLee.

Fifth ward—T. J. Cooley, George Housman, Ole Mailen.

Sixth ward—S. R. Cox, T. J. O'Neil, Frank Dennis.

The convention then adjourned.

Concerts Proposed.

A movement is on foot among the choir leaders of the various churches and the musicians of the city to arrange for a series of concerts to be given shortly after Lent for the benefit of the Young Men's Christian association building fund. It is understood that some choice selections will be rendered and that there will be a choir of not less than 100 voices. Members of the Young Men's Christian association are taking considerable interest in the proposition and will doubtless push the sale of tickets.

NEW POLICEMAN IS INQUISITIVE

Investigating Turn of Mind Involves Him in Predicament with Fire Box.

Officer Edwards, who has not been on the police force sufficiently long to get on to all the details of the business, but who has an inquiring turn of mind, learned something about fire boxes Saturday afternoon that he will be likely to remember. Edwards desired to know the workings of the inside of the fire box and, having a key, unlocked the door. That was the easy part, but when the officer attempted to remove the key from the door he found that his patrol box relief key would not work the fire box.

The officer had a walk of several blocks to the engine house before he could get a fireman to go and remove his key. The officer has learned that while all policemen have a key to the fire box, only the chiefs of the fire department have release keys, and when a key is inserted it takes a chief's key to remove it.

Beloit complied with the request, and the second man searched his pockets and secured the money. A description of the men was given to the police.

Rate for Church Convention.

The Western Passenger association has taken the initiative in the matter of rates for the Christian church convention to be held in Omaha next October. General Passenger Agent Buchanan of the Fremont, Elkhorn & Missouri Valley railroad has returned from the bi-montnly meeting of the association and said that a round-trip rate of one fare plus $2 was determined upon for all territory covered by this association.

"The other two associations," said Mr. Buchanan, "will doubtless follow our lead, so this rate will obtain throughout the country. Railroads into Omaha expect to handle fully 10,000 visitors on that occasion.

"The only other important business transacted by the association was the establishment of a rate of one fare and a third for the Nebraska State Stock Growers' association meeting at Crawford, Neb., May 12 and 13, good in Nebraska."

Resists an Officer.

A man who gave his name as R. Harold was locked up at 12 o'clock last night on a charge of resisting an officer. Harold was drunk and caused trouble at a dance given in Washington hall. Officer Urvan arrested him, but on the way to the signal box Harold assaulted him and ran. Officer Urvan was joined in the pursuit of Harold by officer Edghill. When they caught him he again resisted arrest and during the struggle Harold was pretty severely handled.
