OMAHA TEAM FOR THIS YEAR

Manager Rourke Gives Out His Line for Coming Season.

YOUNG BLOOD IS MIXED WITH OLD

Fast Outfield of Last Season Reinforced by Good Infield and Whole Well Topped with Strong Battery Material.

Manager William A. Rourke of the Omaha base ball club yesterday announced the personnel of his playing staff for this season. He will begin the year with twenty men on his team list, as follows:

Catchers—Johnny Gonding, Arthur Hayes, Jack Thomas, Guy Reed.

Pitchers—Frank Owens, George Brown, Dudley Risley, Podge Alloway, Dusty Coons, Eddie Gordon, Charles Graham.

Infielders—Dave Calhoun, first base; Ace Stewart, second base; Ed Hickey, third base; Joe Dolan, short stop; Peter Burg, utility infielder.

Outfielders—Robert Carter, left field; Frank Genins, center field; Tom Fleming, right field; Will Stone, utility outfielder.

"That is the best base ball team that ever represented Omaha," said Manager Rourke. "I shall start the season abreast of any of them and ahead of several. I have all my best men of last year back again, and some very valuable new ones. True, a few are young players, but even those have their pronounced merits. A ball player is the result of development, anyway, and I shall see what can be done with these youngsters toward bringing them out. That's the only way to get them.

Papa Bill on the Team.

"Take this list right down from the beginning, and I'll give you the history of each man as I know it. Among the catchers everybody knows Johnny Gonding, and what a valuable man he was last year. He is in better shape physically now. Then Hayes is a young fellow from Superior, Neb., who gives promise. Thomas I have taken entirely upon the recommendation of Frank Genins, who says he is a good one. Thomas played with a team at Belleville, Ill., last year. His home is at St. Louis. Reed is another youngster. He comes from Genoa, Neb., and is chiefly known in base ball from having played with the Nebraska Indians for several years.

"With my pitchers I am especially strong. I have a staff there that cannot be surpassed. First there are Coons, Alloway Gordon and Graham of last year's team. Their work is known. Gordon and Graham should improve much this season, being novices last year. Coons is now at his home in Newcastle, Ind., Alloway in Petersburg, Ky., Gordon is in Lincoln and Graham in Greenwood, Neb.

"The new pitchers are all stars. Frank Owens has thrown for Detroit the last two years, and is a foxy, experienced man. His home is in Ypsilanti, Mich.

Two New Whirlwinds.

"George Brown is to be the real meteor of the team, if he fulfills promises shown last year. He is the coal miner who made his first appearance last year with the Terra Haute team, and made such a big tear in the baseball world. They were all after him this season. He lives in Rosedale, Ind., and came right out of the mines there to play ball. Ace Stewart took after Brown for me, and told me that he would land him for Omaha if he had to Pat Crowe him. I feel mighty lucky to have secured him.

"Then Dudley Risley, the last of the pitchers, is no slouch. He was the star twirler of the Spokane, Wash., team last year, which is the one that took the championship in that northwestern league. He wrote me a week ago saying that he had been offered $100 a month more than I am giving him by an eastern team, but I have got him. He is out on the coast now. One of Risely's strongest points is that he is a crackerjack infielder for any emergency or utility.

Likes His Infield.

"Coming to my infield, we all know old Dave Calhoun, the best batter in the business. He is in town now. Ace Stewart needs no comment. He is wintering at his home in Terra Haute. Ed Hickey is a third baseman that cannot be beat, and a fair hitter besides. He is not the Hickey who played with Denver last year, but is the man who has just finished his fourth season with the Indianapolis club. Hickey is a very strong man. He is now at Indianapolis.

"Joe Dolan will be one of my good batters, and as a shortstop has a great reputation. He has been playing with Philadelphia the last three years. Dolan is an Omaha man, and is now in this city.

"I must tell you about my utility infielder, little Pete Burg. He is the phenomenon of my team and a coming player. He is only five feet two inches tall, the very shortest in the business, and his stockiness makes him look all the more squatty as he skates around the diamond. Pete is a Chicago boy and played with the Spalding team there last year. His base running is a great feature, as he can do 100 yards in ten seconds and a half in his base ball clothes.

Outfield Surely Fast.

"My outfield is one big catch net. Bob Carter, the fastest runner in the Western league, will play left. He is a ten-second man flat any time and his base running is correspondingly great. He is the man I had early last year who made so good with the people and then had to quit because he was taken with smallpox. Bob is now at his home in Jackson City, Tenn.

"Genins at center, meanwhile, and Fleming at right, everyone knows. Both are great batters and wonderful fielders. Tom is now in Hartford, Conn., and Genins in St. Louis. Stone, my utility outfielder, is also known here. I had him a short time last year and he was a hit. The first time he came to bat he rapped out a beautiful two-bagger and it made him solid with the crowd. He is living at Coleridge, Neb.

"That aggregation means a salary list of $3,000 a month to start on. All the boys will be on hand here for practice on April 1. I am, of course, paying their transportation and they will all ride in Pullman cars.

"Sunday night I go to Denver to attend the Western league meeting. A. G. Spalding, Pat Powers, Jim Hart and perhaps Jimmy Ferrell will be there. I guess that is good backing for you. We are certainly established on rock bottom. Everything points to the Western as the league and Omaha as the team in it."

BASE BALL NOT A NUISANCE

Judge Miller Holds that Property Owners Cannot Prevent Establishing Base Ball Park.

LOUISVILLE, March 8.—In the circuit court today Judge Shackleford Miller sustained the demurrer of George Tebeau, who holds the Louisville franchise in the American association, to the decision of property owners in the vicinity of Seventh and Kentucky streets, asking for an injunction to prevent Tebeau from establishing a ball park in that neighborhood. Judge Miller holds that the base ball in itself is not a nuisance and that the property owners' only recourse is a suit for damages or a criminal prosecution if they consider they have suffered any harm. Tebeau will now be able to proceed with his plans.

Huntington's Great Score.

"Dad" Huntington of the Gate City bowling team threw a wonderful match against Clarkson of the Clarksons at Clark's alleys last night. The two men were bowling off a tie for a prize of a tenpin ball. They bowled five games of ten frames. Huntington started out like a whirlwind with 215 the first game, and followed this with a bigger one. He did not fall below 200 till the last game, and his total was 1,067. Clarkson was not in the running from the start. Score:

	1st.	2d.	3d.	4th.	5th.	Tot.
Huntington	215	229	227	213	183	1,067
Clarkson	189	134	153	213	176	835

NO DELAY IN MOVING TROOPS

Sufficient Number of Transports Will Be Ready to Bring Home Soldiers from Philippines.

WASHINGTON, March 8.—It is said at the War department that there will be little or no delay in the execution of the orders recently issued by the secretary of war for the return to the United States of all the regiments which went to the Philippines in 1899, aggregating about 13,500 men. According to the paper prepared at the department, there will be a sufficient number of transports leaving Manila between now and that date to move 8,740 troops and by May 15 to move the entire number of 13,500.

Including fresh troops in the United States now under orders for service in the Philippines, General Chaffee will have a standing army of 32,000 men, notwithstanding the withdrawal of the 13,500, already under orders to come home.

Ante Room Echoes

The chief topic of conversation in Masonic circles this week is the coming priory of the Knights of Malta, to be held by the members of Mount Calvary commandery, Knights Templar, on March 21. At this session of the priory an effort will be made to eclipse all other meetings of a similar character ever held by the lodge. A priory of the rite is something unusual, the last being held a year ago, and probably outside of Omaha and Lincoln is would be impossible to confer the degree of Knight of Malta in full form, as the paraphernalia is difficult to secure. The local commandery, under the direction of Eminent Commander B. F. Thomas, has sent for new robes and the work will be done in a manner never before attempted. There will be twenty-eight candidates to receive the degree, which will be conferred under the direction of Right Eminent George E. Warner.

The Grand Commandery of the Knights Templar of the state of Nebraska will convene at Omaha April 10. The local commandery is making preparations to entertain the visiting delegates and a banquet will probably be the chief feature of the entertainment. The drill team hopes to be able to show the visitors what the commandery expects to do at San Francisco and one degree of the order may be exemplified.

The Masonic lodges of the city are doing more work this spring than at any time in their history. There are candidates for the different degrees in every lodge and some of the lodges really have more work than can be handled easily. Bellevue chapter, Royal Arch Masons, will advance six candidates Wednesday evening and there will be two classes at work at the same time.

The first steps for the organization of a drill team by the members of Mount Calvary commandery took place last Friday, when twenty-four knights met at the hall and under the leadership of Harry Harrison took the first lesson in the steps required of the knights who would win honor under the eyes of fair dames and maidens upon the field. It has been definitely settled that Mount Calvary commandery will be in the contest for the prizes which will be offered at the triennial conclave, to be held in San Francisco in 1904. The drill team will meet every week, on Friday night until further notice, and the number will probably be increased until there are thirty-six members.

The report of Eben K. Long, recorder of Mount Calvary commandery, shows a net increase of thirty members in that lodge for the current year.

The hustling committee of Tangier temple, Nobles of the Mystic Shrine, reports that it is receiving letters from all parts of the state and western Iowa regarding the effort of the temple to make up a special excursion train to attend the imperial council meeting at San Francisco in June. Many members of the order in the city who were not expected to have time to attend the meeting at that season have signified their intention of attending, so that the prospect for a special train seems bright.

The badge committee of the same order has suspended operations until it can be determined how many persons will go upon the excursion, and the ways and means committee is preparing to announce a plan which will provide the funds for the entertainment of the visiting members of the order as they pass through Omaha. This committee has held one meeting, but cannot get down to work until the field has been carefully canvassed.

It is the intention of the Nobles of Tangier temple to break the records for initiations at the ceremonial session to be held April 18. At this time twenty-one applications have been received and it is expected that at least sixty persons will avail themselves of the departure of the caravan to pass over the burning sands of the Sahara. The session will be attended by a large number of visitors and it is believed that it will be a red-letter day in the history of the temple.

Rose Croix chapter, Scottish Rite, will hold its annual ceremony of the extinguishing of the lights on Maundy Thursday, March 27. The committee in charge of this event is preparing an elegant program, in which many of the prominent orators of the order in the state will take part. Carl E. Herring will preside as toastmaster.

Following is the March calendar for St. John's lodge, Ancient, Free and Accepted Masons:

March 13—Entered apprentice degree to be conferred upon six candidates.

March 20—Master Masons' degree conferred. Luncheon will be served at 6:30, after which Henry P. Stoddard will read a paper on "Ancient" or Athole Masons.

March 27—Fellow Craft degree will be conferred.

On next Monday night Nebraska lodge, Knights of Pythias, will give a smoker, to which all Knights of Pythias of Omaha, South Omaha and Council Bluffs are invited. The committee of arrangements say that this social will be novel and unique, in that it will differ from any smoker ever given by the lodge. Sojourning knights should not overlook this if they want a pleasant evening.

Brother Mell Hoerner has kindly consented to read proof for the Bulletin in the future and to push it along so that there will be no slip on publication day. This will relieve the managing editor of the onerous part of the work and give him more time to attend to other matters.

Moquadam temple of the Dramatic Order of Knights of Khorassin intend to give a grand ceremonial on June 15, and extensive arrangements are being made for the ceremony. It is proposed to lead a class of about 100 neophytes across the hot desert, over the burning sands to the cool and refreshing waters of Zem Zem, the wells of joy and comfort to every votary. Every votary of the temple desiring to take part in this ceremonial, which is to be on a magnificent scale, must be at the meeting of the temple, to be held on March 16, in Myrtle hall. Forget not this call to the faithful lest your devotion be questioned.

Dr. R. M. Stone royally entertained about thirty members of the Royal League council No. 65 at his residence last Monday night. Cards and other amusements were indulged in until a late hour.

Clan Gordon No. 63, Order of Scottish Clans, held its regular meeting Tuesday evening and there was a good attendance. After business was over the members were entertained in song and story by Clansmen R. G. Watson, P. T. Anderson, P. L. Forgan, Thomas Falconer and Glascott.

Arrangements have been made by the Omaha lodges of the Fraternal Union of America for the reception of Supreme Secretary Colonel John L. Handley. He will address an audience under the auspices of Nebraska lodge at 8 p. m. Monday, Mondamin lodge at 9 p. m. Monday, Omaha lodge Wednesday evening, Banner lodge on Thursday and Enterprise and Magic City lodges in South Omaha on Friday and Saturday nights respectively.

Good Old Grandma's Advice

The children are sick—send for grandma! Who is there like her for wisdom and gentleness, and sympathy, since the first baby came? What would we have done without her?

"Cascarets are splendid, my old mother praises them very highly, and says she would never be without them."—Howard W. Wellman, 139 Tremont Street, Fairmount, Ohio.

"I suffered seven years with tape-worm but didn't know I had one. Two months ago I was taken with inflamation of the bowels, sour stomach, sick headache. I tried Cascarets and had not taken them a week before I was relieved of a tape-worm 18 feet long. I am very much better."—Mrs. John Stone, Put-in-Bay Island, Ohio.

"After taking Cascarets for a few nights before retiring, I was able to pass a tape-worm 24 feet in length. Cascarets have our praise, and I will willingly furnish a testimonial to anyone who desires it."—Mrs. Harry Wood, Kenneth, Ind.

"I was troubled for a long time with liver complaint and was in such misery that I had to give up work. I took but 4 doses of Cascarets before I was able to go to work again."—Mrs. Jos. Kreslling, 1921 Congress St., St. Louis.

The wisdom of years of experience with her own health, and grandpa's and the children's, and children's children has taught grandma what is good for her and the several generations of family she has looked after. Grandma of today knows and advises that Cascarets Candy Cathartic are the only perfect family medicine for all bowel troubles, children's diseases, diseases of the stomach and liver, sick headaches, biliousness and bad blood.
