

RANKS OF IDLE INCREASE

Sixteen Thousand Men Are Now on Strike in Boston.

OTHERS MAY FOLLOW LEADERS TODAY

Labour Committee in Its Effort to Effect Settlement Calls Upon Senator Hanna for Help.

BOSTON, March 11.—The second day of the strike of organized labor about railroads and steamship lines on roads diverted at depots by the R. S. Hine Transportation company, found large additions to the ranks of the strikers. Nearly 6,000 union men were ordered out today, bringing the grand total of idle men up to about 16,000, with the prospect of greater increase tomorrow.

One of the greatest developments of the day was the ordering out of longshoremen at the docks of the Philadelphia & Metropolitan Steamship companies, in consequence of which vessels of those lines were compelled to depart with only partial cargoes, while the wharves are partially filled with freight which the men refused to handle. Other docks are in similar condition.

Building Trades Tied Up.

The Teamsters' union, comprising 1,300 brick, sand and lime teamsters, went out this morning, which virtually ties up the building trades by depriving them of material with which to work. A strong effort has been made to induce the Boston Central Labor union, which is composed of ninety affiliated trades of all descriptions, to officially endorse the strike by ordering out all its members, and that body has the matter under consideration. The effect of such action would be to paralyze business of all kinds. The Central Labor union has thus far taken no part in the fight.

The State Board of Arbitration today had before it President Cox and the strike committee of the allied freight transportation council, but no way of settlement could be agreed upon. This committee also waited upon Mayor Collins, where the serious condition of affairs was discussed, and he promised his best efforts to effect an understanding between the parties at issue.

Want Hanna as Arbitrator.

Deepening the situation sufficiently grave to warrant his taking such action Mr. Collins sent a telegram to Hon. M. A. Hanna at Washington, asking that the Civic Federation, of which Mr. Hanna is chairman, should interest itself in the matter and endeavor to secure a settlement by arbitration. Much inconvenience was caused today by the strike of the Armstrong Transfer company's men. Passengers who had paid on the trains had their money refunded and were obliged to get their luggage across the city as best they could.

Newly all the drivers of the New York & Boston Dispatch and Adams and American Express companies struck.

The few private teams in service proved entirely inefficient to relieve the congestion of goods. The Brine Transportation company has had all of its teams in operation and has advertised for more. Wherever their teams have gone they have been wholly undisturbed. In fact the streets have been unusually quiet, considering the number of men idle.

Six Thousand Recruits.

Labor unions having a membership of over 5,000 men voted tonight to strike, and will tomorrow morning join the army of unemployed. The organizations include the coal teamsters' union, lumber teamsters' union, expressmen, longshoremen, freight handlers and freight clerks employed by the Boston & Maine railroad and switchmen employed in the yards of the New York, New Haven & Hartford railroad. This will increase the strike to between 20,000 to 25,000 men, and will practically tie up all the business in the city. It was learned tonight that Governor Crane has been in conference with the labor leaders and the other officials in an endeavor to effect a settlement.

Foundrymen Quit Work.

CLEVELAND, March 11.—After a long session tonight between 400 and 500 employees of local foundries decided to strike tomorrow morning for a minimum day wage of \$3. The strike has the sanction of the

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, for my knowledge, for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night."

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured."

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh."

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal."

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach. However slight or severe."

CONDITION OF THE WEATHER. Maximum temperature, 51. Minimum temperature, 34. Precipitation, 0.00. Wind, light and variable.

SEALERS RETURN TO WORK

Get Assurance of Concessions Demanded and Board Their Ships for Service.

STRIKERS ASSAULT ENGINEERS

Brewery Workers Especially Bitter Against Them for Remaining at Work.

CINCINNATI, March 11.—After the failure of the conference last night to adjust the differences between the proprietors of Cincinnati, Covington and Newport breweries and the United Brewery Workmen there were several engineers assaulted and two of them were reported seriously injured today. There were several acts of violence again today which caused the patrol wagons to haul away injured men. As the stationary engineers' list of remaining under the jurisdiction of the engineers' union and refuse to abide by the orders of the United Brewery Workmen, the engineers at the breweries are the ones attacked most, but the new drivers and all others who are working for the breweries at this time are subject to assaults from the crowds that assemble about the breweries.

Don't Accept Counterfeits.

For piles, skin diseases, sores, cuts, bruises, burns and other wounds nothing equals DeWitt's Witch Hazel Salve. Don't accept counterfeits. None genuine except DeWitt's. "I have suffered since 1865 with protruding, bleeding piles and until recently could find no permanent relief," says J. F. Gerral of St. Paul, Ark. "Finally I tried DeWitt's Witch Hazel Salve, which soon completely cured me."

RAILROAD STRIKE CONTINUES

Little Change in Great Northern Situation, but Speedy Adjustment is Anticipated.

ST. PAUL, March 11.—Officials of the Northern Pacific reported little change in the strike situation on the Rocky mountain division today. All mail, passenger, express and time freight trains are moving, but all other traffic is at a standstill on the division, which extends from Helena, Mont., to Hope, Idaho. The report that General Superintendent Kimberly would go from St. Paul is denied.

Assistant General Superintendent A. A. Low, whose headquarters are at Tacoma, has started for the seat of the trouble and will arrive there today, when it is hoped an adjustment will be reached.

About half the trainmen on the division are at work, as they refuse to strike unless the various brotherhoods give their sanction.

A cold at this time, if neglected, is liable to cause pneumonia, which is so often fatal; and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia.

Announcements of the Theaters.

The engagement of the Cracker Jack Burlesquers at the Trocadero has so far been an artistic and financial success. The program offered is as good as any that has been witnessed at the Trocadero for some time, the different olio turns possessing novelty.

The Cracker Jacks remain the entire week, with daily matinees. The Village Wagon Burlesquers are underlined for next week, commencing Sunday matinee.

FAIR TODAY AND TOMORROW

Winds First from the North, Then from Various Other Quarters.

WASHINGTON, March 11.—Forecast: For Nebraska, Kansas, South Dakota, Oklahoma and Indian Territory—Fair Wednesday and Thursday; north winds, becoming variable.

For Iowa—Fair and colder Wednesday; Thursday, fair; northwest winds, becoming variable.

For Missouri—Fair in north, rain in central and south portions Wednesday, colder in east and south portions; Thursday, fair; winds becoming northerly.

For Wyoming, North Dakota and Montana—Fair Wednesday and Thursday, variable winds.

Local Record.

OFFICE OF THE WEATHER BUREAU, OMAHA, March 11.—Official record of temperature and precipitation compared with the corresponding day of the last three years:

PRANKS OF THE WINDSTORM

Freakish Little Gale Does Odd Things to Light Buildings.

VELOCITY IS HIGH ONLY A MOMENT

Sudden Puff is Only a Straight Blow, Not a Twister, but it Accomplishes Considerable Damage.

The windstorm in the north end of the city yesterday morning appears to have been a smart, straight blow, and did not last long, but in its short career it accomplished some odd and expensive pranks. The high wind lasted from two to five minutes and at no time was the velocity of the wind more than thirty miles an hour and only for two minutes did the wind attain that degree of speed. The balance of the time the velocity of the wind was twenty-five miles an hour. The storm was purely local, the reports received at the weather bureau showing that out in the state the velocity was twenty miles an hour.

Considerable excitement was created in the path of the storm. Electric lights went out and street cars were stopped in the teeth of the storm and in many instances for a while it was thought the cars would be blown from the tracks. So far as reported no one was injured.

Weeks Dwelling House.

The one-story frame building at Thirty-third street and Grand avenue, occupied by Mrs. Manda Gerrie, a widow, and her daughter, is a total loss. Mrs. Gerrie is employed downtown and she and her daughter were away from the house at the time of the storm. The furniture was scattered over a range of ten acres, chairs, tables and bedding being piled in the yard in a mass. In one corner of the yard was a sofa, badly damaged, and leaning against it was a large, eight-day clock, which had not been damaged and was still running. A bureau, which had been blown 120 feet from the house, was badly smashed, with the exception of the large mirror, which was not even cracked.

Granville Playhouse and a half mile north of the end of the car tracks on North Twenty-fourth street, lost a barn, in which were three horses and a cow. The barn was completely wrecked and the animals killed.

In the neighborhood of Central park the wind played strange freaks. On many houses strips of shingles about two feet wide and running the entire length of the roofs were torn off, but the buildings not otherwise damaged.

At Thirty-fourth and Ames avenue, near the Immanuel hospital, a strip of sidewalk fifty feet in length was picked up and laid lengthwise on the street car tracks.

Upturns a Church.

The Monmouth Park Methodist Episcopal church was wrenched from its foundation and badly damaged. The steeple was torn off and left hanging down over the front end of the building. The church was repainted and three weeks ago new heating apparatus was put in. The heating apparatus was wrecked. The building, which is of frame and had a seating capacity of about 400, was almost turned over, and the floor looks like an inverted car track. The building was damaged very little.

A barn at 3333 Larimore street was totally destroyed. A small outhouse from no one knows where rolled down the hill and stopped near Thirty-fourth street on Ames avenue.

Foetles Take on Wings.

The family of Mrs. Leonard, 4421 North Twenty-eighth avenue, who had been aroused from their beds by the storm and who had rushed to the windows, got to their stations just in time to miss a flying bottle of horseradish which was blown through the window.

Nearly every chimney in the neighborhood of Monmouth park, Thirty-third and Thirty-fourth streets, was blown down. A barn at 3311 Fowler street was blown down and at the residence of S. R. Quigley, 3181 Fowler street, thirty feet of sidewalk was carried several feet into the air. DeWitt Meredith street, lost a shed, which was within twenty feet of his house, and the latter was not damaged.

One-third of the fence around the Young Men's Christian Association park was blown down and the grandstand was left unroofed. John Cahill, Ed Logsen, Charles Lear and Ed Uptide, residing in the neighborhood of the Young Men's Christian Association park, each had most of the windows blown out of his house. "I heard the windows crash and Cahill, but by the time I got out of bed and went to the front of the house the wind had ceased and everything was as calm as it is now with the exception of the falling rain."

Between Thirty-seventh and Thirty-eighth and Hamilton street almost every telephone pole was blown down and a large force of men are at work resetting the posts and fixing up the wires. For a time this morning telephone connections were entirely cut off in this section of the city.

At Thirty-eighth and Hamilton a vacant barn was blown down and completely destroyed.

Damage to the Coliseum.

At the Coliseum the only damage done was to the skylights. The lights are adjustable and at every storm these are damaged. A big sign near the building was blown down to hollow and torn to pieces. Across the street from the Coliseum on the east for fully a block not a house escaped having windows blown out and in several instances chimneys were blown from the roof.

Across the street from the Monmouth Park Methodist Episcopal church, which was destroyed, the wind swooped down on a chimney and picked out three bricks and left the balance of the chimney intact.

In the rear of 3352 Fowler street were two inverted tubs, one on top of the other. The uppermost tub was picked up and carried into the adjoining yard and the bottom tub was not disturbed.

A hail of law was blown through the window of S. R. Quigley's residence and barely missed the head of the house, who was attempting to see what had caused the rattling of his windows.

A Severe Cold for Three Months. The following letter from A. J. Nussbaum of Batavia, Ind., tells its story: "I suffered for three months with a severe cold. A druggist prepared me some medicine and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes.

MORE MISSIONARIES DISTURBED

This Time They Involve Local Clergy of Bolivia and Excite the Populace.

Books Win the Day.

LIMA, Peru, March 11.—A dispatch from Lapa, Bolivia, says that trouble between the American missionaries and the local clergy there is exciting the populace.

SAN FRANCISCO, March 11.—Six favorites went down to defeat at Oakland today and the books had much the better of the argument. Among the winners were the Singer and Edinborough, two 12 to 1 shots, over of Candies, the 2 to 1 favorite in the fifth race, got away badly and received a poor ride. The finished list: Edinborough won the event by a length from Parfall. The Singer had no trouble beating Ned Denno, the 3 to 1 favorite in the seven furlongs race. Conley and Edinborough each rode two winners. Results:

First race, three fourths of a mile, selling, Antelope won, Hays second, Gold Baron third. Time: 1:19. Second race, one-half mile, for 2-year-olds, selling, Gold won, Delgado second, Claribette third. Time: 0:53. Third race, seven furlongs, selling: The Singer won, Ned Dennis second, Killen third. Time: 1:34. Fourth race, one mile and fifty yards, Sunello won, Lode Star second, Tryanun third. Time: 1:53. Fifth race, four fourths of a mile, selling: Edinborough won, Parfall second, Brian third. Time: 1:28. Sixth race, one mile, selling: Loyal won, Courtier second, Duke of York third. Time: 1:18.

Death, the Favorite, Wins.

NEW ORLEANS, March 11.—Death was the only winning favorite today. A track gang was put to work last night and obliterated the steepchase course in the infield. The race was sold at auction today to R. E. Watkins for \$1,000. Results:

First race, selling, six furlongs: Haidee won, Sim W. second, Gals Day third. Time: 1:19. Fourth race, selling, one mile and an eighth: Little Tommy Tucker won, Big Ben second, H. J. third. Time: 1:37. Fifth race, one mile: Reflect won, Money back second, Frank Jones third. Time: 1:42.

Passes Only Favorite to Land.

CHARLESTON, S. C., March 11.—Passale was the only winning favorite today at the exposition track. W. J. Baker and Granville Playhouse and a half mile north of the end of the car tracks on North Twenty-fourth street, lost a barn, in which were three horses and a cow. The barn was completely wrecked and the animals killed.

In the neighborhood of Central park the wind played strange freaks. On many houses strips of shingles about two feet wide and running the entire length of the roofs were torn off, but the buildings not otherwise damaged.

At Thirty-fourth and Ames avenue, near the Immanuel hospital, a strip of sidewalk fifty feet in length was picked up and laid lengthwise on the street car tracks.

Clarksons Defeat Germans.

The Clarksons took two out of three games from the Germans last night on Lentz & Williams alleys. Score:

Demurrer in Spalding Case.

NEW YORK, March 11.—The demurrer to the temporary injunction restraining A. G. Spalding from acting as president of the National League of Base Ball Clubs came on for argument today before Justice Trux in the supreme court.

Colonel John I. Rogers, John M. Ward, F. W. Northrup and Wm. J. Kiddle, representing the Philadelphia, Brooklyn, Pittsburg and Chicago clubs, made a defense. Delancy Nicol, for the plaintiffs, the New York, Cincinnati and St. Louis clubs, submitted briefs on behalf of his clients. Decision was reserved.

Joe Quinn in Des Moines.

DES MOINES, March 11.—(Special.)—Joe Quinn, who will be selected as manager for the Des Moines base ball team, arrived in the city today. He has already been engaged in securing players for the club and announces that he has a number of good men who will be signed as soon as the preliminaries are arranged.

Pender Loses Bowling Match.

PENDER, Neb., March 11.—(Special.)—The Star bowling team of Sioux City defeated the Pender team five games, by a margin of eighty-five points.

CITY COUNCIL PROCEEDINGS

Ordinance Providing for Parking of Residence Streets Passes.

MAYOR APPROVES THE CONDUIT MEASURE

Board of Public Works Requests Appropriation for Street Cleaning and Authority to Purchase New Sweeping Machines.

The city council held a short session last night and passed one ordinance, providing for the planting of trees and the sodding of ground along the sidewalks of the city at the expense of the property owners. The power to designate what streets are to be planted was taken from the park commissioners and placed in the hands of the Board of Public Works and city engineer. A fine of \$50 is to be the penalty assessed against persons found guilty of damaging the trees and grass.

To further protect the trees of the city Councilman Lobeck introduced an ordinance making it a misdemeanor for electric light and telephone companies to cut or trim trees along the public streets or in the yards of citizens without the permission of the owner of the land. The penalty attached to the infraction of this ordinance is a fine of \$25, one-half of which is to go to the property owner making the complaint.

Approval of Conduit Ordinance.

The mayor returned with his approval of the conduit ordinance. Two resolutions prepared by the Board of Public Works were referred to the finance committee. The first provided for the appropriation of \$2,000 for the use of the board in cleaning the streets and the second provided for the purchase of four street-cleaning machines. Accompanying the resolutions was a letter from Engineer Rosewater calling particular attention to the necessity for cleaning the streets at the end of the winter months.

Johnson & McLean presented a protest against the location of the dog pound on Sixth street near Jackson, saying that it would injure the value of real estate in that vicinity.

The C. W. Hull company was empowered to erect a temporary building to be used as a storehouse at Twenty-second and Izard streets, without reference to the fire limits of the city.

Matters of Street Lighting.

The gas inspector and city electrician were instructed to prepare a report showing the location of each lamp in the city and to make recommendations as to the change of the locations of lamps so as to improve the service.

The committee on street lighting reported adversely upon the recommendation of the advisory board for a contract with the Globe Lighting company for gasolene lamps, saying that a lack of funds would make the contract illegal and that there was no provision in the contract for a royalty to be paid the city, as contained in contracts with other lighting companies.
