Later he and Mayor Collins were in conference for some time A little later the mayor issued a statement that he had no power to act.

Exhaust Their Resources.

Until the transportation companies consent to act on suggestions of the arbitration board there is nothing more that we can do. The governor and myself have done all in our power to aid. The answer from Senator Hanna does not leave a further opening for working for an immediate settlement. There does not appear to be any necessity for closing the salcons. There is no rioting and only when there is can the power to close them be exercised. The railroad company against which the

The railroad company against which the strike is chiefly declared, the New York, New Haven & Hartford, shows no inclination to ask for interference by the National Civic federation and reiterates what it has said from the first, that its duties as a common carrier are defined by law and that it is compelled to handle all freight delivered to it, whether by union or nonunion teams, and that it has no option in the matter. This position, if adhered to, tors at \$1.75 or less per keg. may result in the refusal of the federation to interfere in the quarrel, as it desires a SPLIT AMONG THE STRIKERS request from both sides before taking up the matter.

ORDER PREVAILS IN NORFOLK the breweries work will have to be suspended by Friday if the strike continues. Await Decision with Interest.

The meetings of the Central Iabon union and the Building Trades Council tomorrow night are awaited with interest. It is known the Central Labor union is not pleased with the manner in which the strike is conducted, especially with the fact that they were not consulted before the strike was ordered. There is a very strong feeling against ordering a sympathetle strike on this account, but it is the general belief that although such action will be bitterly fought the meeting will indorse the strike to the extent of ordering out the ninety bodies affiliated in its memberahlp. It is also believed that the Building Trades council will take similar action as a matter of principle. The effect of the strike is being felt severely in nearby manufacturing towns. At Lynn shoe factories employing in the aggregate 3,000 hands have been forced to shut down because of the failure to receive consignnents of leather, and some other establishments are funning on half time.

At Somerville a pork packing concern already been reported among the strikers and much relief has been called for. which ordinarily employs 1,200 hands, is laying off about half the men and may be ompelled to suspend operations entirely. More Recruits Tomorrow.

OPPONENTS TO RECIPROCITY CONSIDER IT

May Be Adopted to Have Reciprocal Reduction Apply for Year from Next December.

WASHINGTON, March 12 .- Overtures have ben made for compromise of the conflict over the tariff concessions to Cuba and there are evidences that the two elements will come together probably on a proposition to have the 20 per cent reciprocal reduction apply for one year from next December and covering the sugar

It is understood that Chairman Payne and Representative Daizell made the overtures toward an agreement. One of the leaders of the opposition said that Messrs. Payne and Daizell had made the proposition to him and had asked for an answer. This was followed by a hasty conference, which developed difference of view. William Aiden Smith said no compromise would be accepted until after a meeting at which it could be considered deliberately. Mr. Tawney said the limitation of time was material, that no compromise would be accepted affecting agricultural products without similarly affecting manuand Representative Dalzell made the overfacturing products.

Conference is Held.

Soon after the overtures were made the element opposed to the ways and means committee plan called a meeting in the committee room of William Alden Smith. Some thirty members were present and the discussion lasted about two hours. The sentiment was rather unfavorable to accepting the plan of 20 per cent reduction for the year from next December and some of those present favored rejecting the plan But it was urged against this course that so long as overtures for adjustment had been made in good faith it was only proper to meet the committee representing the ways and means and Mr. Payne and his associates therefore were advised that they would be met by a committee from the other side.

During the meeting the statement was made that one of the beet sugar advocates had been assured by representatives of the ways and means committee that the plan of compromise would not cover this year's sugar crop and would apply only to the crop of next year, harvested prior to December, 1903.

Mrs. Wilcox is Now in Perfect Health Through no Other Agency than

PAINE'S Celery Compound

Earnest and Candid Statements Made by a California Lady.

The absolute need of an honest and genuine invigorator and health giver in the spring season is deeply impressed on the mind of every thinking and intelligent man and woman. The happy cure of Mrs. J. E. Wilcox of Winters, Cal., through the use of Paine's Celery Compound, created widespread astonishment and toy amongst her. friends and neighbors, who were exceedingly anxious regarding her condition.

The best medical treatment falled even to give Mrs. Wilcox a few days of relief from her sufferings of mind and body. At last, Paine's Celery Compound saved her from a terrible end and planted her feet firmly on the rock of health.

Read Mrs. Wilcox's letter of testimony, dear reader, and if you remain obdurate and unbelieving after such an earnest and convincing confession of cure, nothing but a direct act of Providence can snatch you from the dangers and perils of your posttion. Mrs. Wilcox save:

"I feel it my duty to tell you what Paine's Celery Compound did for me. Some years dent today numinated Charles M. Gorham sgo my head troubled me so that it seemed of California to be melter and refiner of I should be crazy. It was caused by overthe United States mint at San Francisco. study. I asked the advice of two doctors who gave me medicine to no effect, and I want to see anyone, everything seemed co my bowels were out of order, my kidneys troubled me, and I felt badly, but before I had taken half of one bottle of Paine's Celery Compound I felt like a new person. Five pistol shots in rapid succession near Four bottles cured me and I would recommend it to all who feel the way I did. I
