Rear Admiral Beresford Warns England on Deficient Organization. DEFEAT ON SEA MAY FOLLOW LAND LOSSES. Declares Many Warships Are Valueless for Fighting Purposes and Advises Abolishing All Such.

LONDON, March 14.—In an address today before the London chamber of commerce on the lack of administrative efficiency in the British organization for defense, Rear Admiral Lord Charles Beresford remarked that initial naval reverses similar to the military reverses experienced in South Africa would entail disasters which would be irreparable and which would be eternal in their effect.

The government, Lord Charles added, ought to purchase coal at home and in the colonies. All warships useless for fighting purposes or valueless on account of lack of speed, ought to be abolished. The reserves ought to be reorganized and as early as possible, the whole war fleet should be mobilized to test its abilities and to discover its weak points.

Lord Lieutenant of Ireland Expresses Disappointment at Reversal of King's Plans.

DUBLIN, March 14.—In an address delivered at a public meeting here Earl Cadogan, Lord Lieutenant of Ireland, made a rather enigmatical reference to King Edward's visit to Ireland. After declaring that nobody was more disappointed in this matter than the king himself, with whom the idea of this visit had originated and after expressing his own conviction that his majesty would have been most enthusiastically welcomed here, Earl Cadogan said he shared the full responsibility with the other ministers for the decision that the present was not an appropriate time for the visit, and that this advice was given after the fullest consideration.

Mead, the commander, and the officers of the war ship, were the guests on Wednesday of the officials of the Guayasquil & Quito Railroad company at Chimbo, the present headquarters of the company. Today a large number of Americans and some few others will go down to the mouth of the river and visit Philadelphia. JUSTIFIES RIGHT TO STRIKE

Italian Statesman Declares Proletariat Exercises a Legal Function.

TROUBLE IS PART OF SOCIAL DISORDER

Minister of Interior Urges National Tolerance for Lower Classes Striving to Secure Better Conditions.

ROME, March 14.—Replying to criticisms during the debate in the chamber of deputies today on the policy of the government, Signor Giolitti, the minister of the interior, made a speech in which he insisted that many of the recent strikes were part of a great social movement of all classes of the proletariat to secure better conditions of life.

This was a justifiable desire said the speaker, and since the demands were not political the movement could only become dangerous if the government tried to suppress it by force. The duty of the government was to be impartial and to respect the right of strike propagandism so long as there was no incitement to violence.

Until compulsory arbitration became legalized, continued Signor Giolitti, the senate should interfere on both sides of a controversy to settle a difficulty. The government should certainly intervene in a strike in the public service, or bakers, or if such a strike led to anarchy.

A great result would be achieved, concluded Signor Giolitti, when the proletariat ceased to regard the government as its enemy.

Many members of the chamber of deputies congratulated the minister of the interior upon his telling speech.

Lord Wolseley himself says his trip is entirely private. Colonel Frank Rhodes and Arthur Rhodes, brothers of Cecil Rhodes, and Lady Methuen will be passengers on the steamer which will take Lord Wolseley to Capetown.

"Mrs. Pinkham Saved me from an Operation."

Operations Avoided.

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, it of course frightens her. The very thought of the operating table and the knife strikes terror to her heart. And our hospitals are full of women who are there for ovarian and womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Mrs. Pinkham's medicine after the doctors had said the operation must be performed.

Lydia E. Pinkham's Vegetable Compound has been very successful in curing ovarian troubles. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

Ovarian troubles are easily developed from womb troubles, and womb troubles are so very common that ovaritis is steadily on the increase among women. It is, nevertheless, a most serious trouble, and to recommend wrong treatment for it is a crime for which there cannot be too deep a penalty.

It is, therefore, with full consciousness of the seriousness of the disease and the steady failure of other medicine to cure it, that we present for ovarian and womb trouble Lydia E. Pinkham's Vegetable Compound as the most certain to help of any medicine in the world to-day. Any person who could read the letters in Mrs. Pinkham's files at her office in Lynn, Mass., would be convinced of the efficiency of Mrs. Pinkham's Compound.

The strongest and most grateful testimonials possible to make come from women who have escaped the operating table by the use of this medicine. Let any woman suffering from these troubles, or anything which may develop into them, write and get Mrs. Pinkham's advice. If you are beyond the reach of the medicine, you will be frankly told so, but, if not, you will be fully and carefully and kindly advised.

The most serious of all the diseases of women, as well as the minor ills, are promptly overcome by

Lydia E. Pinkham's Vegetable Compound.

\$5000 REWARD. Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are commencing publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000 which will be paid to any person who can show that the above testimonials are not genuine, or were published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

Earnest Words of Gratitude.

"DEAR MRS. PINKHAM—Your Vegetable Compound has completely cured me of the worst form of womb trouble, and made me a strong, healthy, robust woman. Before using Lydia E. Pinkham's Vegetable Compound, I suffered with severe pains in back and side, headache and nervousness. Menstruation would sometimes occur every two weeks; and once I had a severe hemorrhage which lasted a month. I was confined to my bed and the attending physicians told me I would have to undergo an operation as soon as I was strong enough. I read in one of your little books several testimonials from ladies who were cured by your Compound after having been told by their doctors that an operation was necessary, and I made up my mind then and there to commence taking your Compound. I did so and it has completely restored me to good health. I have gained twenty-two pounds since taking it and my flesh is as solid as a rock. My friends remark about the change in me. I am a living advertisement of what Lydia E. Pinkham's Vegetable Compound can do, and have influenced many of my friends to try it, which has proved very gratifying in its results. I thank you for restoring me to health."—ANNIE HARTLEY, 209 S. Sangamon St., Chicago, Ill.

ANOTHER OPERATION AVOIDED.

"DEAR MRS. PINKHAM—I feel very grateful to you for the benefit I derived from your kind advice and remedies. I was troubled with a complication of female troubles, had ovaritis, painful and irregular menstruation, leucorrhoea, nervousness, and weakness. I had no appetite and could not sleep nights. The least exertion would cause shortness of breath and dull pains in my hips and side. The doctors all advised me to have an operation and have one of my ovaries removed, but this could not bear to think of. I was induced to try Lydia E. Pinkham's Vegetable Compound, and after taking the first bottle I was much improved. It renewed my appetite, health, and strength. I continued taking it, also your Blood Purifier and Sanative Wash, until entirely cured of all my troubles. The pains have never returned, and my health is splendid. Your remedies have been a boon to me, and I am sure many a woman owes her life to them."—MARIE WEBB, 356 Columbus Ave., Boston, Mass.

"DEAR MRS. PINKHAM—I feel it my duty to publish the wonderful help Lydia E. Pinkham's Vegetable Compound has been to me. I was like a crazy person—could not eat or sleep; there was no rest for me day or night. Physicians examined me and said an operation was necessary. Before undergoing it, however, I determined to try Lydia E. Pinkham's Compound. I am so glad I did, for it cured me. I am a well woman now and can do any kind of work. I want this published throughout the land, so that all my suffering sisters may read, and if in any way afflicted with female troubles, they may be induced by my sincere statement to try Lydia E. Pinkham's Compound and be cured."—MRS. MARGARET BARNFORD, Centennial Ave., Crescent Beach, Revere, Mass.

"DEAR MRS. PINKHAM—I wish to send you my testimonial stating the great effect Lydia E. Pinkham's Vegetable Compound has had on my health. I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary. Your medicine having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My system was toned up and I suffered no more with my ovaries. Your medicine is the greatest boon on earth to suffering women."—MRS.
