Davis bells giass.

CRESTON, In., March 14 .- (Special.)-Frank Grosjean is a Frenchman by birth and lives in Muscatine, Ia. He also owns a farm in section 13, Lincoln township,

On March 7 a man supposed to be Mr. Grosjean appeared before Jim Locke and gave power of attorney to one S. K. Powers to sell and convey the land. Mr. Powers sold the same to Fred Dykeman of Jones township, the consideration being \$4,800, and as attorney in fact gave Dykeman a warranty deed to the same.

March 11 Mr. Dykeman mortgaged the land to A. E. Locke, receiving \$200. He also went to the Iowa State Savings bank and made an effort to borrow \$1,500 more, but when the cashier examined the deed and saw it was signed by a power of attorney he became suspicious and refused to make the loan.

Later J. L. Merritt, who has been the resident agent for Mr. Grosjean and through whom all former business has been transacted, appeared upon the scene and dropped a bomb in the camp by declaring the owner could not write English, and, furthermore, that he had not been in this section of the

country. It is stated that Mr. Dykeman had to pay a certain amount of money down and it was for that purpose he sought to borrow

the required amount, as he had none himself. But as the matter now stands the property is deeded to Mr. Dykeman, who has a

## \$200 mortgage on it, and the papers are all on record. Mr. Grosjean has been notified.
